Department Mission: The objective of the non-departmental revenue agencies is to properly account for revenue sources that are not under the jurisdiction of any single department. The Office of Performance, Strategy, and Budget (DAS-PSB) has primary responsibility for budgeting and accounting for these revenues. The Non-Departmental revenue budgets are based on historical trends, current economic data, contract terms, and policy changes at the State and Federal level as appropriate.

Recommended Amounts are based on the following:

Unclaimed Money: Pursuant to Section 59.66 of the Wisconsin Statutes, the County Treasurer is to publish a notice that the Treasurer's Office possesses unclaimed money. If no legal claim is made within the time specified in such notice, all funds and interest earned are to be turned over to the General Fund of the County treasury. Every other year, the Treasurer widely advertises unclaimed funds before they are forfeited. As a result, this revenue fluctuates from one year to the next and is difficult to predict. There are no funds budgeted in 2018 for Unclaimed Money as the County only publishes unclaimed funds every other year.

Land Sales: Accounts for the sale of County land in accordance with state statute. Monies received through this revenue stream will be allocated in accordance with established policies on one-time revenues and Chapter 6 of the Milwaukee County Code of Ordinances as amended through File # 17-204.

Potawatomi Revenues: Represents payments, based on Class III Net Win during the period July 1, 2017 to June 30, 2018 by the Potawatomi Bingo Casino per contract. The amount is net of allocations to operating departments (see below). The 2017 net win payment was \$4,169,411. Based on actual receipts, the Class III Net Win for 2018 is budgeted at the 2017 level of \$4,184,628.

State Shared Taxes: Represents payment from the State under the County and Municipal Aid payment program. The base payment is given to each County on a per capita basis. The Utility Payment compensates local governments for costs incurred in providing services to tax exempt public utilities. Wisconsin State Statute 48.561(3) requires the Wisconsin Department of Administration to reallocate \$20,101,300 from Milwaukee County's shared revenue allocation to the Wisconsin Child Welfare Program. State Shared Revenues to the County are projected to hold steady in 2018. As outlined in 2015 Wisconsin Act 60 ("Act 60"), Milwaukee County is required to commit \$4,000,000 annually to the construction of the Milwaukee Bucks Sports Arena. See Org. Unit 1800-1995 for further explanation.

State Exempt Computer Aid: Represents State payments to compensate for the exemption of computers from property tax rolls, per 1997 Wisconsin Act 237. The formula for determining the county share of State Exempt Computer Aid was discontinued in the 2017-19 Wisconsin State Budget and replaced with a flat increase of 1.47% in 2018 and a percentage equal to the inflation rate thereafter. Revenue from State Exempt Computer Aid is budgeted at \$4,994,531 for 2018.

Milwaukee Bucks Sports Arena: 2015 Wisconsin Act 60 was enacted August 12, 2015, relating to constructing a sports and entertainment arena and related facilities. The legislation's intent was to ensure the Milwaukee Bucks of the NBA remain located in Milwaukee County. In development of Act 60, the County Executive in 2015 committed Milwaukee County taxpayers to contribute \$4 million per year for twenty years for a total payment of \$80 million. No separate approvals were sought or required from the County Board of Supervisors and/or through a binding referendum of voters. The State began collection of the \$4 million annual payment, starting in 2016 and ending in 2035, by reducing the State Shared Revenues otherwise paid to Milwaukee County. (See Org. Unit 1993-State Shared Taxes above.) To acknowledge this long-term funding commitment, and to not fill the revenue loss through the use of county reserves or cuts to public safety or other critical services, additional tax levy was required to fund the obligation to build the Milwaukee Sports Arena. This non-departmental account was created to make it clear that the residents of Milwaukee County are making a significant contribution to the construction of the new Sports Arena and the future of Milwaukee. It is the policy of Milwaukee County that this non-departmental account be included in each annual budget until the County's financial commitment is satisfied.

Due to the investment in the Bucks Arena, after sitting vacant and blighted for more than a decade, all of the land in the Park East corridor is either under development or has an option to purchase. As a result of public/private partnerships, a shared vision, and strong investment leadership, the land today is not only the centerpiece for downtown Milwaukee's renaissance, but also represents thousands of new construction and permanent jobs.

While the Milwaukee Bucks arena deal was certainly a catalyst, so far there are more than half a billion dollars in new development planned or developed in the Park East -- separate from the arena. This means shovels are already in the ground and people are already working in good-paying union jobs.

On the Park East development alone, more than 10,000 jobs are expected to be created over the course of the development project, but we're seeing this economic activity spread outward, which was always the county executive's vision -- it's so much more than just a benefit for downtown or for the Bucks. Fourteen jobs are created for every \$1 million spent on this type of construction project, and every dollar spent generates \$1.92 in economic impact. In the case of the \$1 billion-plus planned development projects, this could translate into over 14,000 jobs -- more than half of which will be in construction -- and almost \$2 billion in overall economic impact.

This development has also allowed the County to invest in our workforce, particularly the folks who most need support to climb the ladder of opportunity. Through the County's UpLift MKE program we are providing job training and placement to workers in the zip codes with the highest rates of unemployment and underemployment. The Milwaukee Bucks were the first community partners to sign on to the UpLift MKE program and we're already seeing results, with more than 200 workers placed in jobs that average around \$15 per hour. Milwaukee County taxpayers can feel confident that their investment is paying dividends.

County Sales Tax Revenue: 2018 sales tax collections are projected to increase slightly from the 2017 Adopted Budget. The net sales tax budgeted in Org 1996 is the gross sales tax collections of \$74,468,703, less an allocation of \$6,843,500 for capital improvements for a total of \$69,380,817. An allocation of \$33,771,642 is provided for 2018 debt service, resulting in a net of \$35,609,175 for general fund purposes.
