PRE-TRIAL SERVICES (2900) BUDGET

DEPT: Pre-Trial Services

UNIT NO. 2900
FUND: General – 0001

Important departmental changes from the prior year's budget:

- Tax levy for 2020 increases by \$260,962 due to the Pre-Trial Services programs being subject to a competitive RFP process for the first time in three years. There is also an increase to add an additional Coordinator position (Veteran's Treatment Court Coordinator) in July 2020.
- The Veteran's Treatment Initiative Coordinator is a grant funded position through June 2020. In order to maintain the court program, the Coordinator position needs to be continued as a County position.
- The TAD Program receives grant funding. In 2019 TAD funding totaled \$507,975, which included a local match of \$126,994. The 2020 TAD grant has not been released by the State.
- The Pretrial Court Reminder Program is a new program for Pretrial Services and the \$54,046 is funded under the MacArthur Safety and Justice Challenge grant.
- The Bureau of Justice Assistance – Justice Reinvestment Grant will end in December 2019, which will result in a decrease in revenue in 2020.

Strategic Implementation:

This Division is responsible for Pretrial services and universal screening which are funded in order to reduce unnecessary and costly jail bed utilization, reduce pretrial misconduct, and enhance the efficient operation of the Court System. The goals of the Department are to develop and implement dashboard reporting to demonstrate pretrial services program outcomes and impact of Universal Screening on the jail population and expand pretrial services and drug treatment court capacity by actively seeking state and federal grants, and cooperation with neighboring jurisdictions for program expansion.

Operating costs for 2020 increase due to the pre-trial programs being subject to a competitive Request for Proposal (RFP) process in 2019. The selected vendors were notified of the intent to award contracts pending County Board approval. Annual contracts will be awarded for the three-year period of 1/1/20-12/31/22 contingent upon annual approval by the County Board. The services provided have not received any additional compensation to date for additional tasks requested to keep in alignment with the mission of the Department and providing quality services for the Courts. A new program, Pretrial Court Reminders, was added to the service array in the RFP. This program was added to improve the court appearance rate while addressing procedural justice and following best practices. The RFP evaluation team and the Pretrial Services Advisory Board were unanimous in their recommendation that contracts be awarded to the selected vendors.

The Treatment Alternatives and Diversion (TAD) program receives grant funding. In 2019 TAD funding totaled \$507,975, which included a local match of \$126,994. The Pretrial Court Reminder program is grant funded under the MacArthur Safety and Justice Challenge Phase III Implementation and Community Engagement Grant (File No 19-73).
