Department Mission: The mission of the Milwaukee County House of Correction (HOC) is to provide a safe and secure jail/correctional operation for inmates and workplace for staff while also ensuring all persons in our custody are treated with dignity, respect, and given the opportunity and encouragement to reach their full potential. The HOC is a supportive resource providing services, labor, and product to help reduce the cost of incarceration while minimizing expenses for other County Departments, the public, and non-for-profit entities.

Department Description: The functions of the HOC are defined in Chapters 302, 303, 304 and 973 of the Wisconsin Statutes. The HOC receives and maintains custody of all sentenced inmates in Milwaukee County and other jurisdictions as authorized by County ordinance, for periods not to exceed one year per conviction. HOC then releases inmates upon expiration of sentence, upon orders of the courts, or other recognized authorities. Statutes allow this institution to receive and maintain custody of pretrial inmates (meaning those awaiting adjudication) at the request of the Milwaukee County Sheriff.

For those in custody, the HOC provides:

- Programs of work release (generally called Huber privileges) to inmates allowed to work outside of the HOC
- Training programs which help inmates in matters such as personal growth, education, work readiness, job training/certification, Alcohol & Other Drug Abuse (AODA), and other types of therapy and treatment
- A program of home detention using electronic monitoring (EM) equipment
- The HOC is one of only twenty correctional facilities in the nation to house an American Job Center which provides employment services within our facility to help inmates prepare for job search

The HOC also:

- Oversees the medical contract that provides medical, dental, and other necessary services to inmates at both the HOC and the Milwaukee County Jail
- Oversees the food services contract that provides meals to inmates at the HOC and County Jail
- Manages the Day Reporting Center (DRC) contract which allows inmates and individuals under Deferred Prosecution Agreements to obtain a GED, enhanced education skills, personal growth, job training and services, as well as take part in AODA treatment/services

The HOC is organized into the following program areas: Administration, House of Correction (secure inmate housing units and dormitories), Inmate Medical and Mental Health, and Inmate Programming

The Administration Program Area is responsible for the day-to-day functions of the department including finance, accounting, and budgeting. This area consists of:

- Central Administration (Superintendent, Assistant Superintendents, Captains, and Internal Affairs)
- The Business Office (Finance, Budgeting, and Purchasing)
- Inmate Accounts (Support Services for Inmates)
- The Maintenance Department (about 560,000 square feet of building areas plus grounds)

The HOC Program Area oversees the inmate facilities. The State of Wisconsin Department of Corrections approved rated inmate capacity for the HOC is 1,766. Actual housing or bed capacity is 2,006 -- and consists of: 82 segregation beds/cells, 548 dormitory beds in the North building (ACC-North), 1,136 dormitory beds in the South building (ACC-South), and 240 beds in the Franklin Lotter (FML) building. The HOC program area includes:

- Inmate housing units
- Training department
- The dog handler (K9) unit
- The power plant

Inmate Medical and Mental Health consists of the medical units and psychiatric services. These services are provided through a contract with Wellpath, LLC. This agreement is managed by the HOC and serves both the County Jail and the HOC.

Inmate Programming provides basic education, training programs, and work experience for inmates in the HOC's print shop, laundry, and kitchen/bakery, as well as offsite work opportunities. This area offsets some expenses by providing products and services to other departments, the public, and not-for-profit agencies. The DRC expands HOC's role in inmate programming and facilitates effective participation in the DRC treatment options. The HOC continues to implement new inmate programs, evaluate and review current programming activities, expand the scope and objectives of current activities, as well as search for programming partners and resource options within the Milwaukee community. Currently, this Program Area includes:

- Huber/EM
- Programming (including the American Job Center)

- Kitchen/Bakery
- Graphics Shop (which supports the entire County and some community non-profit agencies)
- The Day Reporting Center (DRC)

Major Changes in FY 2020:

Correctional Health Care: Costs increase due to a recent medical contract Request for Proposal which resulted in higher bids for medical services for the HOC and jail. The RFP was completed with assistance from the Milwaukee County Procurement Office and the Sheriff's Office and the new contract was implemented with several enhancements from the prior contract resulting in higher levels of care, and ultimately, higher costs.

Transition of Huber Eligible Inmates to Electronic Monitoring: Milwaukee County aims to enhance public safety while improving life outcomes for individuals in our care. In 2020, the House of Correction proposes to transition from the Huber work release program to electronic monitoring for eligible inmates. Under the current Huber program, inmates with low-level offenses stay at the HOC overnight but leave for jobs and other matters during the daytime. Individuals can go unsupervised for up to 16 hours before returning to the HOC. Under this proposal, individuals transferred to the EM program would reside at their homes in the community and be monitored through a global positioning system (GPS)—and in some cases a continuous alcohol monitor—24 hours per day 7 days per week. The EM program establishes conditions including home confinement, travel to work, or other commitments. Individuals must check in at least weekly with a caseworker at Wisconsin Community Services, the nonprofit that currently manages the EM program.

The process of transferring and supervising all Huber work release inmates on an EM program instead of releasing inmates each day from a county jail or house of correction has been in place in La Crosse County since 2005 and Monroe County since 2018. This proposal will allow the HOC to close three of the current Huber dormitories, reallocate limited staff resources to general population programming needs and activities, and reduce overtime. This proposal has an estimated savings of \$1.7 million in 2020.

Milwaukee County officials have been developing an implementation plan with various stakeholders to ensure public safety and program success.

Other Cost Increases: come from wage increases (approximately \$435,000) for the HOC's Correctional Officers based on market conditions, as well as other County approved salary dollars for equity and merit.

Revenue Decreases: approximately \$1 million overall, primarily due to housing fewer Department of Correction (DOC) Division of Adult Institutions (DAI) inmates than desired. The DOC pays the HOC a daily rate to house each inmate and currently, only two instead of three dorms are being utilized for these inmates.

Strategic Overview: The Administrative Program Area of the House of Correction (HOC) oversees the day to day operation and management of the facility including finance, purchasing, and budgeting for the HOC. The Program area also includes the HOC's Maintenance Department and Inmate Accounting, which provides support services to inmates.

Strategic Implementation: Expenditures decrease primarily due to migration of funding for potential salary increases based on equity and merit to other program areas. FTEs increase due to transfers from other program areas.

House of Correction (4300) Budget

DEPT: HOUSE OF CORRECTION

UNIT NO. 4300
FUND: General - 0001

Strategic Overview: This Program Area is responsible for running the day-to-day operation of the actual House of Correction facility, including, but not limited to, dormitories and segregation cells and the K9 unit. The main focus in this area is to provide a safe and secure environment for inmates, staff, and visitors.

Strategic Implementation: Revenues decrease due to fewer inmates being transferred by the Wisconsin Department of Adult Institutions for housing at the HOC. Additionally, Huber revenues are replaced with electronic monitoring revenues. Expenses increase because the majority of the Huber staff is being transitioned to the dorms. This will reduce overtime costs due to security staff shortages despite numerous, ongoing hiring initiatives. The Huber dorms will be closed and the inmates will be migrated to the Electronic Monitoring program.

Strategic Overview: The HOC is responsible under state statute for the medical and mental health of the inmates at the HOC. The Sheriff is responsible for the inmates at the jail. The HOC oversees the medical contract for both the HOC and the County Jail. For the County to fulfill the requirements of the Christiansen Consent Decree, the court ordered the County in May of 2013 to enter into a contract with Armor Correctional Health Services to provide inmate medical and mental health services. Until the decree is lifted, the courts require a contract provider to supply a specified level of personnel to provide correctional health care services. Wellpath, LLC is the current correctional health care provider.

Strategic Implementation: Expenses increase due to a new contract with a new correctional health care provider that includes enhanced provisions for inmate health and safety.

| Percentage of Inmates Participating in at least one Programming Activity** | 70% | 68% | 80% | 80% |

*See major change section. In 2020, Huber inmates will be placed on EM. Potentially more could be employed since they will be back in community and not have transportation issue of getting from HOC to work.

Strategic Overview: This program area is responsible for providing inmates with opportunities and encouragement to take part in basic education, other training, and work experience in the HOC's graphics shop, laundry, kitchen/bakery, as well as some offsite work activities. The laundry plant continues to charge both the Behavioral Health Division and the Department of Health and Human Services for laundry services provided to their facilities. The laundry plant will continue not to charge the Office of the Sheriff for its share of inmate laundry per County Board file number 12-987. The HOC also oversees the food service contract for both facilities and does not charge the Sheriff's Office for their share.

Strategic Implementation: Costs decrease in this program area due to migration of Huber staff to the dorms, reducing mandatory overtime costs. Huber inmates and some eligible general population inmates will instead be placed on Electronic Monitoring (EM). EM revenues increase slightly above prior Huber revenues which will be eliminated. This decreases overtime cost significantly.

The HOC is one of only twenty correctional facilities in the nation to house and manage an American Job Center (AJC). The HOC and Employ Milwaukee (formerly MAWIB) partnered for a US Department of Labor grant. This effort provides incarcerated offenders with employability skills by providing said offenders AJC workforce services prior to release from incarceration. This effort also links offenders to a continuum of employment, training, education, and support services offered through community-based AJCs post-release. For those HOC inmates eligible for work release/Huber privilege, the newly created AJC model will also build connections to local employers to enable transitioning offenders to secure employment pre-release. Employ Milwaukee and the HOC will work together to develop a sustainability plan to help ensure services continue beyond the Department of Labor funding for HOC's AJC program; this initiative began in the fall of 2016, and it will continue to be a predominant initiative in 2020 with a greater emphasis on assigning these individuals to the EM program.

Performance Measure Highlights:

The HOC continues to assist inmates who have offsite work privileges (called Huber) to find employment. Based on market research, a benchmark employment rate of 45% of those eligible to work has been set. That is our goal by 2023. The HOC is on track to exceed this goal since current attainment is 55.85%. However, enhanced use of the EM program which will allow inmates access to mass transit will increase their ability to obtain and maintain employment and therefore, the goal is increased above the established benchmark.

Part of our mission is also to help inmates reach their full potential by participating in programming. Our goal is to have 80% of inmates take part in at least one programming course. We ended last year with about a 70% participation rate and hope to achieve 80% in 2019.
