Department Vision: Together, creating healthy communities

Department Mission: Empowering safe, healthy and meaningful lives

Department Description: The Behavioral Health Division (BHD) consists of Management and Support Services, Psychiatric Crisis ER/Observation, Adult and Child Acute Inpatient Services, Community Services Branch & Wraparound Milwaukee.

Executive Summary: For Milwaukee County, the 2020 budget cycle continues to face the realities of costs growing faster than revenues. To assist in bridging the budget gap, all departments were given a targeted reduction of their operating expenditures from the 2019 Adopted Budget. For the Behavioral Health Division, that reduction is \$2.7m. This reduction to the budget is accomplished through numerous adjustments to revenue and expenses across the department.

2020 funding for behavioral health services are enhanced and expanded in the following areas:

- \$6.0m increased spending in the Comprehensive Community Service (CCS) Adult and Children's program with a projected enrollment of 1,780 by the end of 2020.
- \$1.0m to fund ongoing community placements in residential settings for adult consumers with complex needs.
- \$1.2m to fund ongoing placements at Mendota and Winnebago Mental Health Institutes.
- A third Crisis Resource Center (CRC) location.
- \$0.2m to fund Oxford House, a safe, sober home environment for individuals in recovery from alcohol and other substances.
- Additional funding for mental health services in collaboration with area Federally Qualified Health Centers.
- Increased budget for inpatient and psychiatric emergency room staffing of \$0.6m
- Enhanced security at the Mental Health Complex at a cost of \$0.6m

Strategic Program Area 1: Management & Support Services

Service Provision: Administrative

Strategic Outcome: High Quality, Responsive Services

What We Do: Activity Data				
Activity	2017 Actual	2018 Actual	2019 Target	2020 Target
This program area does not have activity data.				

How We Do It: Program Budget Summary					
Category	2017 Actual	2018 Actual	2019 Budget	2020 Budget	2020/2019 Variance
Expenditures	\$309,246	(\$148,586)	(\$1,697,002)	(\$1,737,003)	(\$40,001)
Revenues	\$316,340	\$279,039	\$302,997	\$302,997	\$0
Tax Levy	(\$7,094)	(\$427,625)	(\$1,999,999)	(\$2,040,000)	(\$40,001)
FTE Positions	138.6	143.3	126.0	124.0	(2.0)

How Well We Do It: Performance Measures				
Performance Measure	2017 Actual	2018 Actual	2019 Target	2020 Target
Revenue dollars / fiscal staff	\$5,553,145	\$6,931,267	\$6,288,434	\$7,113,311
Patient revenue collected / Billed revenue	36.6%	41.7%	45.1%	54.3%

Strategic Overview: Management and Support Services provides fiscal management, compliance, and administration.

Strategic Implementation: The actual expenditures budgeted in this area are \$30.9m, which is allocated out to the direct service areas. There is a net reduction of 2.0 FTEs in Management and Support Services, with some positions added and some vacant positions abolished. There is a reduction of \$1.0m in overall personnel costs due to a shift in legacy fringe allocation between departments (\$.7m) and a decrease in employee merit increase funds (\$.3m). A \$2.0m general expenditure reduction is added to this strategic area to budget cost savings or potential reserve contributions, which may be actualized by the Department in 2020.

Expenditures for security increased \$.6m over 2019 Budget in order to continue contracting for security services. Utility cost increases of \$0.2m are partially offset by (\$.1m) reduction in capital expenditures for building maintenance expenses.

A Focus on Quality:

The Behavioral Health Division (BHD) will strategically foster partnerships and participate in an enhanced and integrated community-based behavioral health system of care in 2020. Our vision will include the promotion of early crisis intervention and prevention, as to enhance individuals' access to care, while providing crisis options and community-based locations with warmer front doors. Our system of care will support strength-based interventions, will be needs driven while ensuring linkages and coordination of a Quality, and a value-based network of provider services. Ultimately, more individuals with behavioral health needs throughout Milwaukee County will be served through financially sustainable models of care in support of the **"Right Care, Right Place, Right Time."**

BHD will continue to transform into a community system of care in 2020 with an emphasis on:

- Racial equity.
- Quality and safety.
- Client experience of care.
- Streamlined access to help.
- Workforce development and training.
- Building trusting relationships with stakeholders.
- Building network service capacity, identifying racial equity gaps, and broader community-based solutions.
- Long-term fiscal sustainability and cost efficiencies.

Behavioral Health Division (BHD) Quality Management Services will continue to be strengthened in 2020 to assure ongoing excellence in the quality and safety of care as to meet clients' needs. We will define quality as a collective measure of excellence in BHDs (and our network) systems, processes, staff and provider performance, decisions, and human interactions. The overarching organizational aim we are undertaking in this and the next quality plan biennium is to align our Quality Program Structure, Management, and Knowledge Base to a customer-driven, performance based, innovation rewarding, and self-learning paradigm. BHD, our staff, partners, and the Milwaukee County Mental Health Board (MCMHB) will continue to demonstrate a commitment to improving the health of clients and ultimately the health of our community.

To truly transform into a healthcare system of high reliability, excellent client experience, and quality and safety, the Behavioral Health Division (BHD) will engage in purposeful activities in support of a quality journey. Mental Health Board governance and BHD Leadership will remain committed to quality care and services, including increased efforts to delineate contract performance expectations and increased monitoring, fostering a culture of safety, and supporting a continuous learning environment with an on-going emphasis on performance improvement. Efforts to centralize BHD quality-related functions with an emphasis on an enhanced community-based system of care and client outcomes, incorporating measurement targets, data, technology and benchmarks are the hallmarks of these continued efforts. Plans to eliminate barriers and individual program and department silos in favor of an integrated system of care and coordinated quality activities are currently underway. The goals will include strengthening the quality approach to increase operational efficiency, support an environment of safety, reduce cost, and create a community-based healthcare system.

Strategic Program Area 2: Psychiatric Crisis ER/Observation

Service Provision: Mandated

Strategic Outcome: High Quality, Responsive Services

What We Do: Activity Data				
Activity	2017 Actual	2018 Actual	2019 Target	2020 Target
<i>Psychiatric Emergency Department</i>				
Admissions	8,001	7,375	8,000	8,250

How We Do It: Program Budget Summary					
Category	2017 Actual	2018 Actual	2019 Budget	2020 Budget	2020/2019 Variance
Expenditures	\$17,925,676	\$16,963,438	\$17,328,003	\$18,335,060	\$1,007,057
Revenues	\$9,478,667	\$8,921,538	\$9,235,541	\$8,959,547	(\$275,994)
Tax Levy	\$8,447,009	\$8,041,900	\$8,092,462	\$9,375,513	\$1,283,051
FTE Positions	75.3	60.3	59.0	60.0	1.0

How Well We Do It: Performance Measures				
Performance Measure	2017 Actual	2018 Actual	2019 Target	2020 Target
Percent of clients returning to PCS within 30 days	23.1%	24.0%	24.0%	24.0%
Percent of Time on Waitlist Status	75%	83.2%	60.0%	80.0%

Strategic Overview: Psychiatric Crisis ER/Observation includes:

- Psychiatric Crisis Service (PCS) Emergency Room: PCS is a 24-hour a day, seven days a week psychiatric emergency room. This component of BHD’s system of crisis services provides crisis intervention and face-to-face medical/psychiatric assessment for individuals who are, or who believe themselves to be, in psychiatric emergency and in need of psychiatric assessment, treatment, and/or referral.
- Observation Unit: Consumers may be placed on Observation Status as an alternative to inpatient hospitalization when they are experiencing a mental health crisis and need brief intensive assessment and treatment. The Observation Unit is designed to provide crisis intervention and stabilization services that are less than 48 hours in duration.

Strategic Implementation: Budgeted Patient Revenue for the Emergency Room and Observation Unit decreases \$0.3m in 2020 to reflect current experience.

Personnel expenses increase by \$1.0m due to the increased cost of Psychiatrists of \$0.4m and legacy pension and health care costs of \$0.6m. There is a net increase of 1.0 FTE due to the reallocation of Psych Tech and Certified Nursing Assistant positions across the hospital.

Strategic Program Area 3: Inpatient Services (Adult and Children)

Service Provision: Mandated

Strategic Outcome: Self-sufficiency

What We Do: Activity Data

Patients Responding Positively to Satisfaction Survey	71.3%	71.1%	75%	75%	0%

Strategic Overview: BHD's inpatient services are provided in four licensed psychiatric hospital units with three specialized programs for adults and one specialized unit for children and adolescents. Adult units include one 16 bed adult unit called the Acute Treatment Unit (ATU), one 16 bed Women's Treatment Unit (WTU), and one 16 bed Intensive Treatment Unit (ITU). A total of 48 adult beds will be available in 2020 with a projected 90% occupancy rate. All units provide inpatient care to individuals who require safe, secure, short-term, or occasionally extended psychiatric hospitalization. A multi-disciplinary team approach of psychiatry, psychology, nursing, social service, and rehabilitation therapy provides assessment and treatment. This approach is designed to stabilize any patient with acute psychiatric needs and assist the return of the patient to their own community. The ATU program is the primary area for a variety of students including psychiatric residents, medical students, and nursing students to gain experience in the care of individuals who require inpatient care. The WTU program provides specialized services for women recovering from complex and co-occurring severe mental health disorders. The ITU program provides a safe, supportive environment for those individuals with mental health conditions who are at high risk for aggressive behavior and in need of intensive behavioral and pharmacological interventions. The Child and Adolescent (CAIS) unit provides inpatient care to individuals age 18 and under. The CAIS unit also provides emergency detention services for Milwaukee County, as well as inpatient screening for Children's Court.

Strategic Implementation: Inpatient expenditures increase \$1.5m in the 2020 Budget. The budget for State Institutes increases by \$1.2m to reflect current trends in spending. Personnel cost increases include an increase of \$0.1m for overtime and an increase of \$0.2m for temporary physician services to provide additional coverage on the inpatient units. The budget for Certified Nursing Assistants (CNA) and Psych Techs is adjusted for 2020 to reflect the continued usage of CNAs on the Inpatient Units. The 10.50 reduction of FTEs is the result of moving staff within departments and abolishing vacant positions.

In 2020, patient revenue increases by \$3.4m primarily related to the increase in Medicaid HMO clients. Disproportionate Share Hospital (DSH) revenue is increases by \$0.5m for a total revenue increase of \$3.9m.

Strategic Program Area 4: Community Access to Recovery Services Division (CARSD)

Service Provision: Mandated

Strategic Outcome: Self-Sufficiency/Quality of Life

How We Do It: Program Budget Summary					
Category	2017 Actual	2018 Actual	2019 Budget	2020 Budget	2020/2019 Variance

Strategic Overview:

CARSD consists of two program areas:

1. Community Mental Health and Community Crisis Services
2. Community AODA Services

Strategic Implementation: Community Access to Recovery Services (CARS) is the community-based mental health and substance abuse system for adults in Milwaukee County. CARS provides a variety of services to help adults with mental illness achieve the greatest possible independence and quality of life by assessing individual needs and facilitating access to appropriate community services and supports. CARS is committed to fostering independence, choice, and hope for individuals by creating an array of services that are person-centered, recovery oriented, trauma informed, and culturally intelligent. The 2020 Budget sustains investment in community-based mental health care with an emphasis on recovery.

CARS: Community Mental Health and Community Crisis Services

CSP: Tax levy per capacity	\$5,553	\$5,912	\$5,036	\$5,376	\$340
TCM: Tax levy per capacity	\$2,827	\$2,228	\$2,330	\$2,204	(\$126)

Strategic Overview:

Community Mental Health and Crisis Services includes the following service options: Comprehensive Community Services (CCS), Targeted Case Management (TCM), Community Support Program (CSP), Community-Based Residential Facilities (CBRF), Access Clinic, Crisis Mobile Team (CMT), Community Assessment Response Team (CART), Community Consultation Team (CCT), Team Connect, Crisis Resource Centers (CRC), Crisis Stabilization Houses (CSH), and Community Linkage and Stabilization Program (CLASP).

Strategic Implementation: The 2020 Budget includes \$0.7m in increased Mental Health Block Grant funding to support ongoing behavioral health services in Milwaukee County. This funding will be used to support Parachute House (peer run respite) and ongoing behavioral health therapy services through the Mental Health Outpatient Program (MHOP). Parachute was formerly funded through reserve funds.

CARS continues to increase enrollments into Comprehensive Community Services (CCS), which is a Medicaid entitlement that provides a coordinated and comprehensive array of recovery, treatment, and psychosocial rehabilitation services. As a part of this continued expansion, CARS staff are working to enroll individuals into CCS services that are designed to enhance their community-based residential facility (CBRF) placement. Adult CCS enrollment is expected to increase to 1,430 by the end of 2020.

Targeted Case Management (TCM) expenses are decreased by \$0.3m due to ongoing utilization trends. Community Support Program (CSP) revenue is decreased by a net of \$0.3m primarily to account for an increased number of clients in the program without active Medicaid enrollment.

CARS serves individuals in need of community residential settings, such as Adult Family Homes and CBRFs. These placements are often individualized to meet the person's clinical and residential needs in the community. These individualized plans support people with complex needs with various supportive services with varying costs. To continue to support these placements and service plans, an additional \$1.0m is dedicated to fund ongoing community placements for individuals with complex needs.

The Crisis Resource Center (CRC) offers a safe, recovery-oriented environment that provides short-term crisis intervention to individuals. They provide a multitude of services, which includes crisis stabilization, peer support, and linkage to ongoing support and services. There is one CRC located on the Southside of Milwaukee and one on the Northside that provides walk-in crisis services along with short-term stabilization services. Plans are currently underway to have a third CRC location in Milwaukee, which will be supported partly through BHD funding. The third Crisis Resource Center is funded at a cost of \$0.7m. The budget also assumes \$1.2m savings for all Crisis Resource Center locations related to a proposed amendment to the contract between Medicaid HMOs and the Wisconsin Department of Health Services that would provide coverage for all HMO enrollees to receive services at CRC locations.

The development of the Northside and Southside Clinics has been a priority redesign and improvement project for BHD, our partners, stakeholders, and the community for the last two years. The 2020 Budget plans for the integration of BHD staff into three Federally Qualified Health Centers (FQHC) in Milwaukee. This project will implement and sustain an array of operational and clinical evidence-based practices, which more closely integrate BHD services with existing FQHC services and resources. Successful implementation will lead to more same day services for residents, improved safety for clients and families, a more efficient service delivery system, and increased billable revenues for crisis and outpatient services. These investments are possible through reallocation of the current Access Clinic and Adult Day Treatment Resources, as well as the addition of 3.0 FTEs. Funds are also provided to include Peer Specialists in the centers.

Wisconsin Medicaid Cost Report (WIMCR) and CCS cost report revenue is increased by \$1.4m. This impacts the following areas: crisis services, TCM, CSP, and CCS. Funding in 2020 will be based on the FY 2019 cost report.

\$75,000 is provided in support of employment development for Milwaukee County adults who experience mental illness. This is funded in 2020 through a contribution from BHD's General Reserve Fund.

Strategic Overview: Milwaukee County’s community AODA service program is an alcohol, drug treatment, and recovery service system. These services are open to Milwaukee County residents ages 18-59 with a history of alcohol or drug use. Priority is given to families with children and pregnant women (regardless of age). Milwaukee County BHD has a provider network for AODA residential services that provides a continuum of services, which include traditional residential, medically monitored residential and co-occurring bio-medically monitored residential, day treatment, recovery support coordination, outpatient services, and numerous recovery support services.

Strategic Implementation: The 2020 Budget includes \$2.0m in increased grant funding to support ongoing AODA needs in Milwaukee County. This includes \$1.1m in AODA Block Grant funding and \$0.9m in Opioid Crisis State Targeted Response (STR) funding. These additional funds will be used to support the sober housing continuum needed to support individuals in recovery to include, but not limited to, bridge housing, Oxford Houses, residential treatment, a new option for Medication Assisted Treatment (MAT) services, and prevention efforts.

\$0.2m is provided to fund a start-up for Oxford House, a democratically run, self-supporting drug free housing recovery model. Oxford Houses are rented family houses where groups of recovering individuals rent to live together in an environment supportive of recovery from addiction.

\$0.2m in savings is anticipated in Recovery Support Coordination by changing the payment method for this service delivery from per-diem reimbursement to unit-based reimbursement.

\$0.5m in savings is anticipated related to changing the payment method for community Access Point providers from purchase-of-service to fee-for-service.

Other adjustments are made based on anticipated demand.

Average level of "Needs Met" at disenrollment (Scale of 1-5)	2.6	2.4	>= 3.0	3.0	0

Strategic Overview: BHD'S Children's Community Services and Wraparound Milwaukee system of care serves youth and young adults (aged 5-23) along with their families. Through this system of care, eligible youth and young adults in Milwaukee County receive coordinated, community-based mental health services and connections to community resources. All programs emphasize a strength-based care coordination model rooted in underlying need that offers a range of services and supportive options to youth and their families. These community-based services are designed to be individualized to meet the needs of each family. To fulfill eligibility requirements for all programs, children or young adults must meet Serious Emotional Disturbance (SED) criteria. For the first three options listed below, those programs in which enrollment includes participation in the specialized Managed Care carve out Wraparound Milwaukee, other eligibility criteria consist of risk level for out of home care, including hospitalization, and involvement in two or more systems (Child Welfare, Juvenile Justice, Mental Health Social Services, and Education). For enrollment in Comprehensive Community Services (CCS), individuals must be founded functionally eligible per the state assessment, in addition to having a SED diagnosis. Due to our historical ability to manage resources well and form valuable partnerships, the remaining options were able to be developed and sustained to offer Milwaukee County families increased access and choice. Once a determination of eligibility and need is made in partnership with the youth and their family, the following options are available under the Wraparound umbrella:

- **Wraparound:** Referrals are received from the Division of Youth and Family Services (DYFS) and the Division of Milwaukee Child Protective Services (DMCPS) for youth either placed out of home and outside of their community or are at risk of being placed. It provides cost-effective, community-based alternatives to residential treatment placements, juvenile correctional placements, and psychiatric hospitalization.
- **REACH (Reaching, Engaging, and Assisting Children):** Referrals come directly from families, schools, service providers, and the Children's Mobile Crisis (CMC) Team. Youth generally are not involved with DYFS or DMCPS. Under the same practice model, youth and families receive the same type of supports and services as those in the Wraparound program with the exception of placement services.
- **OYEAH (Older Youth and Emerging Adult Heroes):** Supports older youth and young adults (age 16-23) who are experiencing emotional and behavioral challenges to successfully transition to adulthood. In addition to mental health services, there is a focus on life skills, housing, and employment/training.
- **CCS (Comprehensive Community Services for Children):** An option for families, which provides support and services to youth and young adults who may be experiencing mental health or substance abuse diagnoses. As a voluntary community-based program, CCS addresses needs throughout a person's lifespan, with a coordinated and comprehensive array of recovery, treatment, and psychosocial rehabilitation services.

- FISS (Family Intervention and Support Services): A contract from DMCPs in partnership with St. Charles, which utilizes a shorter-term care coordination model aimed at stabilization and prevention. It is designed to assist families in meeting their needs while preventing court and system involvement. Children who are enrolled have identified behavioral issues, but diagnostic information is not required.
- Children’s Mobile Crisis Team (CMC): Provides 24/7 crisis intervention services to any family in Milwaukee County with a child who is experiencing a mental health emergency in which the behavior of the child threatens his/or her removal from home, a community placement, and/or school placement. The team can also provide short-term case management and can link the child and family to crisis stabilization and community resources.

Strategic Implementation: BHD’S Children’s Community Services and Wraparound Milwaukee system of care contains a diverse number of programs, services, and supports available to Milwaukee County families and young adults and all aimed at providing comprehensive, individualized, and cost-effective care to children with complex mental health and emotional needs. The 2020 expectation for Wraparound Milwaukee is a daily enrollment of 1,246 children, young adults, and their families. Enrollment numbers in Wraparound are expected to remain consistent or slightly increase due to a planned integration of screening and assessment between DYFS and Wraparound Milwaukee. The expectation is to continue to see an increase in enrollments for both REACH and CCS, as new potential referral sources are identified and an integration with the Disability Services Division – Children’s area continues. Additionally, enrollment into CORE (Coordinated Opportunities for Recovery and Empowerment), a specialized program within CCS, continues to see a steady enrollment of youth and young adults who are clinically at high risk for psychosis or who have already experienced their first episode of psychosis. The number of youth and young adults seen by Children’s Mobile Crisis may exceed projections, however numbers reflect current staffing. With the implementation of Crisis Redesign, there is an expectation the continuum of care within crisis response will increase in both capacity and breadth. Wraparound will continue to depend on the use of Crisis Stabilization services as a component of this expansion.

Expenses increase by \$2.6m and revenues increase by \$2.3m based on projected enrollment increases for both Wraparound and Youth CCS.

Wraparound Services by Program Area
