Department Mission:

The Milwaukee County Zoo will inspire public understanding, support, and participation in global conservation of animal species and their environment by creating a unifying bond between visitors and the living earth and will provide an environment for personal renewal and enjoyment for guests.

Department Description:

The Milwaukee County Zoo includes four divisions that provide services in support of Wisconsin's largest zoo: Administration, Finance & Operations, Marketing and Communications, Maintenance, Grounds & Environmental Services, and Animal Management & Health.

Major Changes in FY 2022

The 2022 Budget continues to set the Zoo in the best position to increase attendance and revenues in admissions, Society memberships, Group Sales, revenue share contracts/leases, special exhibits, and special events. The budget incorporates the County's strategic focus areas of Creating Intentional Inclusion, Bridging the Gap, and Investing in Equity by the following:

- **Bridging the Gap in health disparities:** The top annual exit survey response for the question “why you visit the Zoo” is: “To be with family and friends”. This Zoo offers a safe, family atmosphere and will continue to provide excellent customer service to its guests.
- **Investing in Equity:** The budget includes revenue-generating events and education programs, including a partnership with the Zoological Society to serve children and families experiencing high-economic need. The short summary below provides general information. Additional details can be found under the appropriate division sections.
- **Creating Intentional Inclusion:** The Zoo is focusing on a more diverse staff and expanding the Zookeeper internship program from two to five interns and each division will participate in an internship program that will work with community partners to provide opportunities for job training and interest in zoo jobs. A strategic pricing strategy is being implemented in April of 2022 that incorporates affordability and more accessibility and adjusting the marketing strategy to focus more on broader and diverse audience. The Zoo is also working with the Zoological Society of Milwaukee (ZSM) to develop an Accessibility Program. The Zoo and ZSM have many programs designed to reach communities of color and underrepresented populations such as Free Days and the Animal Ambassador Education Program. We are exploring ways to improve and deepen our commitment to racial equity as we work together to develop a more comprehensive program that will provide access to all the programs offered by the Zoo and Society. A Program Coordinator position is created with a focus on Diversity, Equity, Inclusion and Accessibility to work with the Zoological Society and community partners to broaden community involvement.

The Zoo budget is heavily based on generating revenue to support its operation and wildlife conservation. For 2022, a new pricing strategy being implemented on April 1, 2022 with further details on the program in the Administration, Finance and Operations Section.

The special exhibit will be Dragons and Mystical Beasts. See the Administration /Finance/ Operations Division section for details.

The Wild Lights evening special event has been increased from 10 to 25 nights. See under the Administration, Finance and Operations division for details.

A new revenue-share program is included to provide guests with a 4D Theater experience. Additional details can be found under the Administration, Finance and Operations division.

The 2021 Budget included expenditure and revenues for in-house operation of the Zoo’s Zip Line and Ropes Course. For 2022, climbing walls are being added to generate additional revenues. See details under the Administration, Finance and Operations Division.

To provide additional value to a Zoo visit, the popular free Bird Show at the Family Farm Theater will again be offered in 2022. See the Animal Division for more details.

Focus continues on updating exhibits to address U.S. Department of Agriculture, Animal and Plant Health Inspection Services and Association of Zoos and Aquariums standards and to enhance the guest experience. The 2020 Budget included funds for Phase 3 of Adventure Africa Master Plan to renovate the Rhino Exhibit, planning continues into 2022 and it is anticipated that the Zoo’s 2023 Capital Budget Request will include construction funds. This phase of the project will not be submitted until the Zoological Society of Milwaukee commits to 50% of the costs of the project.

The budget includes funding of \$1,077,568 in the Capital Budget to repave parking lot #4.

Design funds are requested in the Capital Budget to reconfigure the main entrance/admissions (\$806,569) and create a “wow” Penguin experience (\$822,828) as guests enter the Zoo. The current layout regularly causes traffic congestion on Bluemound Road and backups on the surrounding freeways. To minimize long wait times, traffic issues and a negative start to Zoo visits, a more efficient entry process is required. Under the current design, it is operationally impossible for Zoo staff to spend the time necessary to sell Zoo memberships, special experiences or even take the

ZOO (9500) BUDGET**UNIT NO. 9500****Department: Zoo****FUND: General — 0001**

time to answer guest questions. The Humboldt Penguin Exhibit was designed in the 1980s and no longer provides the current husbandry standards for this species. Renovations would include an upgraded filtration system, indoor holding, and nesting areas, as well as an expanded public viewing area, and bring the exhibit up to current exhibit design standards.]

Strategic Program Area 1: Administration, Finance & Operations

Service Provision: Discretionary

Strategic Overview:

Administration, Finance and Operations Division provides effective leadership for all Zoo functions and responsibilities including strategic goals for the Zoo. Direct oversight includes business analytics, cash management, financial and capital project planning, accounts payable and receivable, personnel and payroll, reception, radio dispatch,

information technology, safety and security services, contract review, program evaluations, performance measures/strategic goals, oversight of Guest Experience and Safety committees, manages school field trips, other general office services, management of major revenue sources, such as admissions, parking, miniature train, zoo expeditions, carousel, special exhibit, 4D Theater and the zip line, ropes course and climbing walls. Staff from this program area also oversee revenue-generating contracts and leases with outside vendors and oversee the partnership with the Zoological Society of Milwaukee.]

Strategic Implementation:

The Milwaukee County Zoo partners with the Zoological Society of Milwaukee Education Department to provide six programs serving children and their families attending schools with high economic need. In 2019, 40,250 students and 133 adults were served from Milwaukee Public Schools, six local parochial schools, West Allis and West Milwaukee and Milwaukee Sign Language. The budget continues this partnership.

In 2022 the Zoo is implementing a strategic pricing plan for general admission tickets beginning April 1, 2022. 2022 will be a trial year to work through the new pricing plan. The Zoo projects by year 2023 the Zoo will see a revenue increase.

The pricing strategy will also include a marketing and social media plan. The goal is to inform guests of the price changes, promote “Plan-Ahead Pricing” rates and “Any Time” tickets. Remaining accessible is an important piece of the Strategic Pricing Plan. Family Free Days (one Saturday in the months of October to March), Special Events (Mother’s Day free for moms, Father Day’s free for dads, Military Day, etc.) and Promotional Price Days (\$4 on the 4th of July) would not be affected.

Milwaukee County Residents will continue to receive reduced admission prices on Wednesdays. The rates are \$10.50 for Adult/Senior and \$8.00 for Children. Reducing the weekday rates as compared to the weekend rates is intended to give guests more flexibility by choosing the rate they rather pay. Additionally, this may accommodate those that cannot afford the weekend rates. In relation, the Zoo will offer the same rate that is offered on Wednesdays, on one Sunday each month from May through July.

Currently, there are no admission revenue increases in the budget from the strategic pricing plan for 2022. The zoo will make revenue changes in the 2023 Budget. The tables below show the current rates and the proposed pricing strategy. The minimum price will be set at \$10.00 with the maximum price at \$18.75. This is a change and a difference of \$3 to both the lowest and highest rates.

Current Admission Rates				
Category	County Admission Rates		Non-County Admission Rates	
	Off Season	Peak Season	Off Season	Peak Season
Adult	\$12.50	\$15.00	\$14.25	\$16.75
Child	\$9.50	\$12.00	\$11.25	\$13.75
Senior	\$11.50	\$14.00	\$13.25	\$15.75

Milwaukee County Proposed Admission Rates			
Category	Peak Season	Shoulder Season	Off Season
Adult	\$10.50 - \$18.00	\$10.50 - \$17.00	\$10.50 - \$12.50
Child	\$8.00 - \$15.00	\$8.00 - \$14.00	\$8.00 - \$9.50
Seniors	\$10.50 - \$17.00	\$10.50 - \$16.00	\$10.00 - \$11.50

Non-County Proposed Admission Rates			
Category	Peak Season	Shoulder Season	Off Season
Adult	\$13.75 - \$19.75	\$13.75 - \$18.75	\$12.75 - \$14.25
Child	\$10.75 - \$16.75	\$10.75 - \$15.75	\$9.75 - \$11.25
Seniors	\$12.75 - \$18.75	\$12.75 - \$17.75	\$11.75 - \$13.25

The budget adds climbing walls to the Zoo’s Zip Line and Ropes Course. The addition of climbing walls is estimated to generate \$38,550 in additional revenues. The labor cost for this operation are absorbed within the seasonal budget for the Zip Line and Ropes Course and the \$130,000 for the addition of climbing walls is funded by the Zoo’s Train Trust Fund.

A 4D Theater revenue-share contract is planned for 2022. The vendor will install the theater and the operations will be handled by Zoo staff. The movies are 10 to 15 minutes long and will focus on wildlife conservation, popular movie and holiday themes. Seasonal labor is increased by \$20,000 and revenues are projected at \$359,840 and expenditures at \$278,213 for a net profit of \$82,000.

The 2022 special exhibit will be *Dragons and Mythical Beasts*. Admission to the exhibit is \$3 per person and runs from April 28 through October 29. Expenditure’s total \$402,441 and revenues \$535,602 for a net profit of \$82,161, which is a profit increase of \$76,000 over the 2021 exhibit. Outdoor summer exhibits generate more revenue than using the indoor special exhibit space. The budget also includes \$50,000 for an outdoor 2023 special exhibit of Ice Age – Animals of North America.

The expansion of the Wild Lights event from 10 to 25 nights requires an increase in seasonal labor for the following classifications: \$10,258 of Zoo Worker 2, \$15,117 of Zoo Worker 4, and \$5,680 for Zoo Worker 5 for a total cost of \$31,055.

The 2019 Budget made various workforce staffing changes that included the creation of two positions of Visitor Services Specialist that were funded by the elimination of seasonal labor dollars. This change was made to allow for more oversight for the admissions and rides operations. With increased revenue amenities and staffing needs, two additional Visitor Services Specialist positions are created in 2022 offset by a reduction in seasonal labor costs for a zero net tax levy impact. This not only improves operations and guest experience, but also provides a career pathway for seasonal employees to gain full-time employment.

In coordination with the Maintenance, Grounds and Environmental Services Division, one position of Machinery Operator Engineer Welder is abolished, and one Locomotive Engineer is created in the Administration, Finance and Operations Division to more accurately reflect the duties needed to operate the train for a cost savings to this division of \$8,873. The welder responsibilities are handled with a new Welder Mechanic position in the Maintenance, Grounds and Environmental Services Division.

One position of Program Coordinator with a focus on Diversity, Equity, Inclusion and Accessibility (DEIA) and community partnerships is included in the budget at 24 hours a week at a cost of \$32,138. The coordinator role is a community partner and Zoo liaison, focusing and coordinating their efforts on diversity, equity, inclusion, accessibility, and additional programs within the Zoo and neighboring communities to help bridge the gap in health disparities and accessibility options. The Program Coordinator drives the full cycle of project management including conception, design, implementation, launch and tracking key Diversity, Equity, Inclusion, and Accessibility (DEIA) initiatives. This position also coordinates the Zoo’s Diversity and Inclusion Internship Program and participate in job fairs and chair the Zoo’s DEIA Committee and program as required by the AZA accreditation standards. The Association of Zoos and Aquariums (AZA) requires a DEIA program as part of the accreditation process. The next accreditation review is in 2024.

ZOO (9500) BUDGET**UNIT NO. 9500****Department: Zoo****FUND: General — 0001**

The vacancy and turnover reduction for the Zoo is budgeted at \$360,696. Of that amount, a reduction of \$148,506 is budgeted in this division but will be spread out to all Zoo divisions in 2022.

The Zoo Director or designee maintains authority to discount or waive fees and provide one or more free admission days during the months of January, February, March, October, November, and December.

The Zoo is authorized to enter the following Professional Service Contracts in 2022. They are included in the budget in lieu of separate review and approval during the budget year. These contracts are with an identified vendor.

Contract Amount	Description	Provider
\$45,000	Revenue Share Contract for Sea Lion Show	Ocean Connections
\$55,000	Revenue Share Contract for Strollers and Wheelchairs	Scooterbug Inc.
\$35,000	Revenue Share Contract for Mold-a-Ramas	William A. Jones Co.

Strategic Overview:

The Marketing and Communications Division facilitates Zoo programs and materials that promote and market the Zoo. Through advertising, public and media relations, social media marketing, promotional activities, sponsorship, public special events, private event rentals, the full and seasonal staff in this area seek to increase public use, enjoyment and awareness of the Zoo, which ultimately generates revenue and attendance.

Strategic Implementation:

The budget continues the shift of the marketing strategy, including advertising, social media and public relations, to a broader and more diverse audience to help foster a more inclusive community.

The Milwaukee County Zoo must continue to position itself as a top entertainment choice for families. To meet this need, revenue-generating programs and events have grown substantially in recent years.

Marketing and Communications division oversees the production and coordinates the Wild Lights event. For 2022, the total Wild Lights budget reflects the extension of the event from 10 to 25 nights in December. For 2022, expenditures are budgeted at \$836,595 and revenues are projected at a 65% fill rate generating \$1,449,385 in revenues for an estimated profit of \$612,790. The Zoo's new Accessibility Program will secure sponsors who will underwrite admission costs to provide several free tickets to reach underrepresented populations to make the event accessible to all.

Strategic Program Area 3: Maintenance & Facilities

Service Provision: Discretionary

Strategic Overview:

This program area provides maintenance, improvement, and overall grooming of the grounds. The state of the grounds is critical to visitor satisfaction and return visits. Also included in this program area are mechanical and preventative maintenance programs for equipment, ventilating, air-conditioning, heating systems, minor electrical and plumbing repairs, housekeeping, and general cleaning of the entire Zoo. Along with the 197 acres of zoo grounds, there are 48 buildings requiring HVAC care and an additional 81 buildings to maintain. This division also partners with Teens Grow Greens to connect the Zoo with the Community.

Strategic Implementation:

This division partners with the non-profit Teens Grow Green and the Zoological Society to assist in providing an apprenticeship opportunity for Teens Grow Green graduates, including management learning. This program

accomplishes the following: connects the Zoo with the community's high school aged youth and involvement in the Milwaukee community; provides horticulture career pathway development; and provides encouragement and discourse around horticulture as a career path for youth.

One of the goals of this division is to have a successful preventative maintenance program to establish consistent practices designed to improve the performance and safety of the buildings and equipment on Zoo grounds. This program extends the useful lifecycle of assets decreasing the need for capital replacements, enhances the efficiency of equipment keeping them running more efficiently and lowering power expenses, and enhances the performance of assets by increasing uptime. Due to fiscal constraints, the Commodities and Services and capital outlay accounts decrease \$148,224.

The Maintenance, Grounds and Environmental Services Division is restructured to better align to the needs of the division and provide the most cost-effective way to deliver services. The restructuring of MGESD abolishes one vacant position of Contractor and Compliance Manager and Heating and Ventilating Mechanic 2 and creates one position of Carpenter and Welder Mechanic. The cost of the restructuring is \$15,018 but is offset by a position change in the Administration, Finance and Operations Division along with cost savings from having an in-house Welder Mechanic. Further support in 2022 will be served with the abolishment of the 1.0 FTE Maintenance Coordinator and the creation of 1.0 FTE Mechanical Service Manager.

To support the Wild Lights event extension to 25 nights, \$13,154 in Zoo Worker 4 and \$3,390 in Zoo Worker 5 funds are added to the budget.

Fleet Management charges increase \$125,253 due to the Comptroller's Office adjusting the equipment depreciation schedule.

The budget includes an increase of \$40,574 due to the Skilled Trades wage adjustments that were made in 2021.]

Strategic Program Area 4: Animal Management & Health

Service Provision: Discretionary

How We Do It: Program Budget Summary

Strategic Overview:

This program area is responsible for the care and management of the Zoo's extensive animal collection. To allow for conservation, propagation, and display, this includes monitoring and maintaining the animals and providing safe and enriching environments, well-balanced and nutritious diets, and high-quality preventive and clinical veterinary care for the 360 species of 2,400 mammals, birds, fish, amphibians, reptiles, and invertebrates represented. Animal habitats are designed, and programs are presented to provide educational and entertaining experiences for the visitors. This division is also responsible for evaluating and approving requests from local, regional, national, and international scientists seeking to conduct behavioral, cognitive, or physiological research with the animal collection.

Strategic Implementation:

Several administrative management responsibilities have historically been centralized in the Animal Management and Health Division, including team vacation scheduling, timekeeping, payroll, pest control, and emergency program training. The 2022 Budget restructures this by disseminating those unique responsibilities to other existing positions and redirecting the remaining support into Animal Care. This change results in abolishing upon vacancy the Animal Division Coordinator position and creating a position of Zookeeper resulting in a cost savings of \$16,621.

The 2021 Budget created a partnership with Vincent High School Agriculture Program to provide students the unique opportunity that includes summer employment in the Family Farm and exposure to zoo careers. For 2022, the program is expanded from two interns to five for a cost of \$16,763.

The 2022 Budget brings back the popular free Bird Show for guests to enjoy providing value to the Zoo guests for a cost of \$115,000.

The Zoo has a goal of contributing the equivalent of three percent of its budget to conservation and research efforts through field conservation, education, staff programs and training, green practices, and contributions. For 2022, that goal is \$555,868.

The increase in personal costs is mainly due to the 2021 and 2022 wage increases and the reassigned unallocated vacancy and turnover of \$148,506 to the Administration, Finance and Operations Division.

For 2022 Milwaukee County Zoo will abolish a 1.0 FTE Zoo Worker 4 position and create a 1.0 FTE Clerical position to provide efficiency in animal care.

Railroad Expendable Trust Account (Org. 0320)

The Railroad Fund exists for the purpose of recording the receipt of all revenue derived from the operation of the Zoo's miniature passenger railroad. Expenditures include personnel costs for engineers and operators, repair and maintenance of locomotives, and other commodities and supplies.

Expenditure	Revenue	Tax Levy
\$1,218,107	\$1,218,107	\$0

The Train Trust Fund includes \$130,000 in expenditures for the addition of climbing walls in 2022 to enhance the zip line and ropes course and generate additional revenues in the operating budget of \$38,550.

The Train Fund also includes expenditure and revenues to host the 2022 Elephant Management Conference.

SPECIMEN EXPENDABLE TRUST ACCOUNT (Org. 0319)

The Specimen Fund exists for the purpose of recording receipts from the sale of animals. Disbursements are made for the purchase of animals and related expenditures such as, freight and express charges on the shipment of animals.

Expenditure	Revenue	Tax Levy
\$57,000	\$57,000	\$0

CONSERVATION/RESEARCH PROGRAM TRUST ACCOUNT (Org. 0330)

A Conservation/Research Program Trust was created in 2017 to record donations and contributions that support conservation, research and green practices. The account allows for expenditure authority to support these functions in addition to supporting other expenses for the benefit or improvement of the Zoo and to support the Zoo's mission.

Expenditure	Revenue	Tax Levy
\$119,000	\$119,000	\$0
