Department Mission:

The mission of the Milwaukee County Medical Examiner's Office is to promote and maintain the highest professional standards in the field of death investigation; provide a timely, accurate, and legally defensible determination of the cause and manner of death; enhance public health and safety through reducing the incidence of preventable deaths, protect the interests of deceased individuals and their families; and serve the community..

Department Description:

The Milwaukee County Medical Examiner's Office (MCMEO) is the agency designated by law to investigate deaths from injury, homicide, suicide, deaths under unusual or suspicious circumstances, or when a person is not attended by a physician. Along with the medicolegal responsibility to determine cause and manner of death, the MCMEO serves a critical public health role by identifying injury trends or potential infectious diseases that may pose a risk to the public. The MCMEO also provides educational and training opportunities and offers a 2-day forensic science education program. |

MEDICAL EXAMINER (4900) BUDGET

Department: **Medical Examiner**

UNIT NO. **4900**

FUND: **General — 0001**

Major Changes in FY 2021

The weighted average charged for referral autopsies increased slightly to \$1,601 per autopsy: however, projections for referral autopsies are trending downward due to increased competition. The issuance of cremation permits continues to increase as more families are choosing cremation instead of burial. A competitive federal grant that will cover the Forensic Fellowship program (\$50,000) continues in 2022.

The largest increase in revenue is due to the award of a three-year grant from the US Department of Justice, Bureau of Justice Assistance, Comprehensive Opioid, Stimulant and Substance Abuse Program (COSSAP) to create an Overdose Public Health and Safety Team (OD-PHAST) through a partnership with the Medical College of Wisconsin. The 2022 award is for \$465,000 with a corresponding expense to the Medical College of Wisconsin who will administer the program. The award also provided funding for an additional Forensic Toxicology Laboratory Technician for a cost of approximately \$40,000.

The contract with Randal Schneider, PhD, LLC continues at an annual cost of \$75,000. Dr. Schneider provides oversight of the Forensic Laboratory as per accrediting standards of both the National Association of Medical Examiners, and by the American Board of Forensic Toxicology (ABFT).

Strategic Overview:

The Milwaukee County Medical Examiner’s Office is committed to providing professional services to other Wisconsin counties through the performance of forensic autopsies, assistance with training and education, and consultation on medicolegal issues. It is a goal of the office to be an active force in standardizing, improving, and professionalizing death investigation in the State of Wisconsin. The Medical Examiner’s Office is actively participating in various work groups to construct a Forensic Science Seminar, with the goal of expanding medicolegal services to a greater regional area.

Strategic Implementation:

The Milwaukee County Medical Examiner’s Office strives to meet and exceed the public’s expectations with respect to accurate, timely, comprehensive, and compassionate death investigations that ensure full and effective cooperation with law enforcement, the District Attorney, and other interested parties, while maintaining impartial participation in the criminal justice process.
