**Strategic Overview:**

The Office of Government Affairs seeks to represent Milwaukee County's interests by requesting increased state and federal funding for County services.

**Strategic Implementation:**

The funding provided supports two full-time positions to represent the County's interests before other units and levels of government. In the 2026 budget, funds are focused on supporting personnel costs and contractual services that support activities at the state and federal levels. The Office of Government Affairs, through its activities and in partnership with other county departments, has secured over \$150 million in funding for Milwaukee County over the last five years.

Specifically, the Milwaukee County Office of Government Affairs (OGA) has been the most successful local government in the state relative to the number of projects awarded funding through the Congressionally Directed Spending process. In collaboration with other departments, OGA secured the most significant funding increase for Milwaukee County in decades by implementing an additional local option sales tax and increased shared revenue payments, both of which will continue to grow with increased economic activity.

Additionally, OGA enabled Milwaukee County to retain a significant revenue-generating cultural asset while securing a higher percentage of local sales tax revenues and eliminating legacy pension costs from the levy, allowing for greater investment in capital projects. The Office of Government Affairs funding will be utilized to continue efforts to secure additional state and federal funding for Milwaukee County. The office's highest priority shall be to advocate for increased and sustained funding for the Milwaukee County Transit System.
