

**MILWAUKEE TRANSPORT SERVICES, INC.**

June 22, 2020

**ADDENDUM NO:** 1

**RFP NO:** MM-07-20 Security Integration Services

**OPENING DATE:** JULY 9, 2020 @ 2:00 PM, CST

**Please see the attached information:**

**Question 1:** Can MCTS clarify how it is anticipated for respondents to include the required contract value on the “COMMITMENT TO CONTRACT WITH DBE” form? Is it acceptable to include DBE pricing for labor in our proposal price sheet, without a lump sum value, while committing to the overall 17% DBE goal?

MTS will work with CDBP office, who sets the DBE goals, to have a goal set for each individual project that is a result of this award. Then the awardee will be required to meet that goal for each project. Please complete the included DBE forms, identifying DBE partner(s) on the DBE forms in the RFP.

**Question 2:** Can MCTS confirm that the 17% DBE goal is for the entire contract, and not for each individual project/service?

MTS will work with CDBP office, who sets the DBE goals, to have a goal set for each individual project that is a result of this award. Then the awardee will be required to meet that goal for each project. Please complete the included DBE forms, identifying DBE partner(s) on the DBE forms in the RFP.

**Question 3:** Can MCTS provide the excel format for the requested pricing format?

For an excel copy of the price form contact [sbaker@mcts.org](mailto:sbaker@mcts.org) The proposal response shall include a hard copy of the excel price sheet as well as an excel copy of the spreadsheet on a USB drive (not a pdf copy). A pdf of the revised excel price sheet, is part of this addendum. Pricing for each year shall be identified, not that the excel pricing is a workbook with 5 tabs.

**Question 4:** While the RFP mentions project management, coordination, and documentation are required, the requested proposal price sheets do not include labor types for Project Managers or Engineers to accomplish this work. Can MCTS clarify how they expect respondents to include the requested services in our proposal?

Project Manager has been added to the price sheet. Engineers are already on the price sheet. If you have a different name or type of employee, please state it in the column labeled “Vendor Labor Type”

**Question 5:** How does MCTS expect respondents to include pricing information for off hours/weekend service work? Can respondents add additional labor types to the Price Proposal for these categories?

A column for "Off Hr or Weekend Rate" has been added to the price sheet for all vendors to complete.

**Question 6:** Referencing the proposal price sheets, in this respondents experience it is more beneficial to consider a "% off MSRP" model for project materials, rather than "Vendor Margin on projects". This model will allow MCTS to accurately compare respondents who receive different pricing from manufacturers. Would MCTS consider modifying "Vendor Margin on Projects" to "% Discount off MSRP for Materials" by manufacturer?

A column for "% off MSRP on Materials" has been added to the price sheet for all vendors to complete.

**Question 7:** Does MCTS expect the 50% Milwaukee Residency requirement to be over the course of the contract term or on an individual project/service basis?

This would be applied as projects require. Not all projects may need this requirement. It is a requirement of Construction projects.

**Question 8:** Does the 50% Milwaukee Residency include subcontractor labor or only the prime contractor labor?

Includes both when this requirement applies to the project, this is a requirement of construction projects.

**Question 9:** Will MCTS provide alarm codes/usernames/passwords for existing systems to the awarded contractor to facilitate service?

Usernames and Passwords with administrator rights specific to each Programmer from your firm will be created in the system to safeguard the system. Vendors will be responsible to inform MTS when persons have left their employment prior to the end of each contract year.

The question period has ended, no further questions will be taken.
