ADDENDUM NO: 2

BID NO: RFP MM-09-18 BATTERY ELECTRIC BUS (BEB) VEHICLES

OPENING DATE: DECEMBER 21, 2018 @ 2:00 PM (CST)

THE FOLLOWING QUESTION WAS ASKED:

Q: I understand I'm passed the deadline for questions, if possible could you let me know if you are anticipating plans and specifications (Electrical and/or Architectural if needed) for the (11) BEB and associated charges in the builds and (4) in-route station. Also, if that would fall under section "Business Plan for Implementation/Migration of Chosen Alternative". Do you know if they are expecting plans developed I think that design work would fall under this section.

Answer: MTS doesn't expect complete specifications for the buildings and buses but would need assistance in outlining what is necessary— particularly high level estimates of costs and availability.

RFP NO: MM-09-18
