ADDENDUM NO: 1

QUOTE NO: Q13-02-19 SWITCHED EHTERNET ON DEMAND

OPENING DATE: OCTOBER 11, 2019 @ 10:00 AM, CST

PLEASE NOTE THE FOLLOWING QUESTIONS:

1. Would a Burstable/pricing solution be acceptable to MCTS? *It would be accepted but pricing would need to be clear.*
2. Would a Network on Demand/pricing solution be acceptable to MCTS? *This would also be accepted but pricing would need to be clear.*
3. Can you expand on your statement: "Billing for partial months at a service level must be billed per second of use as a percentage of monthly rate" *If we use 2 MB for the month we should be billed at 2 MB rate for the month. If we jump to 1 GB for 28 hours and 16 seconds we should be billed at the equivalent of 28 hours and 16 seconds of the 1 GB rate and the total number of seconds in the month less 28 hours and 16 seconds at the 2 MB rate.*
