Supervisor Martinez Commends Community Response to Job Posting, Aquatic Facilities Reopening in 12th District

MILWAUKEE – Supervisor Juan Miguel Martinez assisted the Parks Department in successfully encouraging residents to apply for splash pad attendant positions, ultimately securing a boost in the number of personnel available for those roles. Supervisor Martinez made the following statement:

“We have accomplished something truly remarkable by working together as a community,” said Supervisor Martinez. *“The increased number of splash pad attendants not only reflects the enthusiasm and dedication of our residents but also demonstrates the power of community organizing. By rallying our neighbors and promoting these job opportunities, we have not only secured additional employment for our residents, but we have also saved our splash pads and wading pools from closure. This success is a testament to the spirit and determination of the residents of the 12th District. My thanks goes out to all who applied, as well as the Parks Department for their diligent efforts in making these amenities a reality for the South Side.”*

The Clarke Square Park splash pad, Mitchell Park wading pool, and Walker's Square Park wading pool, and will all be open from June 17-August 13, with the Schulz Aquatic Center at Lincoln Park scheduled to open on June 10.

As part of his community engagement initiative, Supervisor Martinez and constituents from all over the city widely circulated a social media graphic promoting the job opportunities available as splash pad attendants within the County Parks System. The graphic was widely circulated among the residents of the 12th District, effectively spreading awareness about the open positions and encouraging community members to apply.
