

## **Milwaukee County Board of Supervisors** *Supervisor Ryan Clancy, 4th District*

FOR IMMEDIATE RELEASE: July 23, 2020  
Contact: Brian Rothgery, 608-219-2064

### **Supervisor Ryan Clancy's Facemask Ordinance Adopted**

MILWAUKEE – The Milwaukee County Board of Supervisors adopted (16-1) a [resolution](#) from Supervisor Ryan Clancy today that requires face coverings to be worn on all Milwaukee County Transit System (MCTS) buses. The policy is effective August 1.

*“Requiring masks on Milwaukee County buses will save lives. We no longer need to guess at the huge human and economic toll of the Coronavirus pandemic - it is catastrophic, but it is also preventable. We know that masks are effective at containing the spread of COVID-19. Unfortunately, policies merely recommending mask usage are not enough to contain the spread,” said Clancy.*

Clancy's resolution amends County Executive David Crowley's Administrative Order 20-14v1 to require all bus passengers and operators, excepting persons with medical conditions and children under three years of age, to wear some form of face covering while on MCTS buses.

Bus operators are expected to enforce the policy at the same time and manner as fare collection is made.

The ordinance also directs MCTS to provide a limited number of disposable single-use masks to the public for those without access to a mask.

Clancy's resolution also endorses additional revisions to Administrative Order 20-14v2 made by the County Executive, which now requires facemasks for persons aged three or older, with limited exceptions, in any indoor Milwaukee County facility or service area.

The County Executive's revisions make facemasks required at Milwaukee Mitchell International Airport, and the Milwaukee County Zoo.

The Board of Supervisors also adopted a separate [resolution](#) today expressing support for the facemask ordinances adopted by Shorewood and Milwaukee, calling upon the 17 other Milwaukee County municipalities to adopt similar resolutions, and encouraging the Governor of Wisconsin and Secretary-Designee of the Wisconsin Department of Health Services to enact a Statewide facemask policy.

###

**Milwaukee County COVID-19 Public Health Emergency**  
**Universal Face Mask Policy and Procedures Administrative Order 20-14v1**  
Version 1 Issued and Effective as of 12:01 a.m. on Thursday, June 4, 2020  
Version 2 Issued Tuesday, July 28 and Effective as of 12:01 a.m. on Saturday,  
August 1, 2020

---

The Centers for Disease Control and Prevention (CDC) recommends that face masks be worn to slow the spread of COVID-19, particularly in areas of significant community-spread transmission, such as Milwaukee County.<sup>1</sup> This Universal Face Mask Policy and Procedures Administrative Order outlines expectations for all Milwaukee County employees, contractors, vendors, volunteers, service users, visitors, the general public, and all others entering or working in Milwaukee County facilities, grounds, or other places where services are delivered.

Pursuant to File 20-528 and to better align with the City of Milwaukee's Face Covering Requirements (File 200426), Version 2 of Milwaukee County's Universal Face Mask Policy and Procedures Administrative Order replaces 20-9v1. This Administrative Order goes into effect at 12:01 a.m. on Saturday, August 1, 2020. Changes in version two are denoted in red. If you have questions about this, or any other Administrative Order or policy, please email: [COVID-19@milwaukeecountywi.gov](mailto:COVID-19@milwaukeecountywi.gov)

## **I. General**

COVID-19 is transmitted mainly by people interacting in close proximity with each other. A universal face mask policy serves to protect all employees, contractors, vendors, service users and the general public by providing a "source control" for all individuals that may have pre-symptomatic and asymptomatic COVID-19 infection should those individuals come into close contact with others. It is important to remember that **wearing a face mask does not eliminate the need to physically distance from each other**. This face mask policy is an important component of Milwaukee County's overall COVID-19 risk mitigation and response efforts.

## **II. County Employees, Contractors, and Vendors (together "Workers"), and Volunteers**

### **A. Face Mask Requirements** (see exemptions in Section IV)

1. Any worker or volunteer must wear a face mask at all times at County facilities, grounds, or other places where services are delivered (e.g., home visits), both indoor and outdoor.
2. At all times when a worker or volunteer is interacting with the public during their shift, the worker or volunteer must wear a face mask.
3. At all times a worker or volunteer is moving through a Milwaukee County facility, they must wear a face mask.
4. If a cloth face mask is worn by the worker or volunteer, they are expected to clean the mask after their shift, prior to wearing it again.
5. If a department's operations or services require a separate face mask policy specific to recommended industry standards (e.g., healthcare, emergency response), the worker should follow industry face masks requirements. This policy is primarily designed for

---

<sup>1</sup> <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/diy-cloth-face-coverings.html>

- people who typically do not wear masks in their job functions, or times when a mask is not typically worn by a worker.
6. Workers and volunteers that require medical grade face masks or respiratory protection are required to wear cloth or disposable paper masks to comply with the universal face mask policy until reporting to their work area where medical-grade face masks or respiratory protection are distributed.
  7. If a worker or volunteer forgets their cloth mask when reporting to work, they should use a paper face mask from the distribution at the point of entry.

## **B. Types of Face Masks**

The type of face mask worn by workers and volunteers is determined by medical vs. non-medical settings and services provided. Any medical-grade surgical face masks or N95 respirators are reserved for healthcare workers, first responders, and others who work in high-risk environments.

Most workers and volunteers will wear non-medical face masks, such as:

1. Cloth face masks, such as handmade/sewn cloth masks, scarves, buffs, or bandanas; or
2. Disposable face masks, such as non-medical grade paper or procedure masks.

Employees shall not wear masks with inappropriate images or writing.

## **C. Supply and Distribution of Face Masks for Workers and Volunteers**

Milwaukee County will provide its employees who cannot telework full time with up to five (5) washable cloth masks. Departments needing cloth masks for in-person workers should order cloth masks for their employees by entering a requisition in Marketplace Central. Employees may supply their own face masks but will not receive reimbursement for these purchases. Associated department expenses will be reimbursed through CARES funding.

Contractors and vendors will not be provided face masks by the County, unless otherwise decided by the managing department. Volunteers should wear their own face mask or may be given a disposable face mask upon entry to County facilities or grounds.

## **III. Service Users, Visitors, and General Public (together, “members of the public”)**

### **A. Face Mask Requirements**

Members of the public entering Milwaukee County facilities or grounds, both indoor and outdoor, or receiving County services in a different setting (e.g., home visit) shall wear a face mask (see exemptions in Section IV) as indicated:

#### **1. Indoor Milwaukee County Facilities or Indoor Service Areas**

Any person 3 years old or older shall be **required** to wear a face mask upon entry into any indoor Milwaukee County facility or indoor service area (e.g., a service user's home; see exemptions in Section IV). Face masks are now required on County MCTS buses and at General Mitchell International Airport.

## **2. Outdoor Milwaukee County Facilities and Grounds**

Any person 3 years old or older at an outdoor County facility or on County grounds shall be **required** to wear a face mask whenever the person is, or is likely to be, within 6 feet of any other person who is not a member of the person's household (see exemptions in Section IV).

### **B. Types of Face Masks**

Any member of the public should wear a face mask, such as washable/reusable cloth or disposable paper face masks, as described:

1. Cloth face masks, such as handmade/sewn cloth masks, scarves, buffs, or bandanas; or
2. Disposable face masks, such as non-medical grade paper or procedure masks.

A medical-grade face mask is not required or recommended, unless the department providing the service specifically requires and supplies a medical-grade mask to the member of the public.

### **C. Supply and Distribution of Face Masks to Members of the Public**

By the effective date of this administrative order, August 1, 2020, the County will be providing face masks to members of the public at all indoor County facilities and service areas. MCTS shall provide a limited number of disposable, single-use masks to riders who do not have their own mask. Face masks will be available at the customer service desks at the airport while federal supplies last. The County will be supplying masks at the Zoo to people who did not bring their own mask, but will typically not supply masks at outdoor Parks spaces (e.g., beer gardens, parks, marinas, beaches). A member of the public may use their own face mask.

**Departments or elected offices that manage entry points to County facilities or grounds shall be responsible for the requisition of disposable face masks and the process for distribution.** Departments operating within facilities should keep a small supply of disposable face masks on hand for instances in which a member of the public shows up without a mask. Non-medical grade disposable face masks can be requisitioned through Marketplace Central. The ROSC will support efforts to implement distribution processes, procedures, and trainings at the request of departments.

### **D. Local Service-Level Policies for Additional Risk Mitigation**

Departments and elected offices may have additional local policies related to face masks or other risk mitigation measures (e.g., health questionnaire, temperature screening) that go

beyond the policies of this administrative order if additional risk mitigation is needed due to the nature of the service or the population being served. Departments and elected offices should notify the ROSC of any additional risk mitigation measures being applied locally and the reason for the additional risk mitigation.

#### **IV. Exemptions from Wearing a Face Mask**

##### **A. People Who are Exempted from Wearing a Mask**

1. Children ages two (2) years old and younger.<sup>2</sup> Children ages 3 through 12 should only wear a face mask if a parent or guardian monitors to make sure it is worn safely. All children under 12 years old must remain within six (6) feet of parent/guardian, or household unit, and those who are small enough should be in a stroller or cart.
2. Anyone with a disability that makes it difficult to put on, wear, or remove a face mask.
3. Anyone consistently interacting with a person who is deaf or hard of hearing and primarily relies on lip reading.
4. Anyone who has been advised by a medical professional not to wear a face mask because of personal health issues.<sup>3</sup>
5. Anyone who has difficulty breathing<sup>4</sup> or is incapacitated.
6. **Anyone whose religious beliefs prevent them from wearing a face mask.**

##### **B. Times When a Person May Temporarily Remove Their Face Mask**

1. Some services require that workers or members of the public not have a face mask on during certain times (e.g., witness in a court hearing, genetics test). Departments and elected offices may have local exemption policies for face mask removal for points in time; additional risk mitigation measures should be put in place per the minimum requirements in Administrative Order Phased Re-Opening Guidance for Milwaukee County Services and Facilities (20-13).<sup>5</sup>
2. When consuming food or beverages when other risk mitigation measures are in place per the minimum requirements in Administrative Order Phased Re-Opening Guidance for Milwaukee County Services and Facilities (20-13).<sup>6</sup>
3. If a worker or volunteer is alone inside their enclosed office or work vehicle. This does not apply to cubicles unless the partition **extends above 6 feet high**, or the worker or volunteer is the only person in the entire cubicle workspace.
4. If a worker or volunteer is working alone outdoors, not in close proximity to other people (e.g., mowing grass, **working at a single-person mechanical station in a garage**).

##### **C. Visual Marker for Exemptions**

1. **Employees:** Any exemption from this Order will require a request for accommodation and certification from a health care provider. **If an employee requests an exemption, they must notify their supervisor and designated HR Business Partner as part of the request. An HR Business Partner will provide an employee with a qualifying exemption**

---

<sup>2</sup> <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/how-to-wear-cloth-face-coverings.html>

<sup>3</sup> Employees, contractors, and vendors must provide a note from their doctor to use this exemption.

<sup>4</sup> Employees, contractors, and vendors must provide a note from their doctor to use this exemption.

<sup>5</sup> See “Administrative Orders” Section: <https://county.milwaukee.gov/EN/COVID-19>

<sup>6</sup> See “Administrative Orders” Section: <https://county.milwaukee.gov/EN/COVID-19>

in the form of a yellow badge holder that they may wear as a visual marker to identify the exemption when moving through County facilities.

2. **Members of the Public:** Members of the public who state that they have a qualifying exemption to wearing a face mask should be provided an exemption sticker to wear while in County facilities, excluding buses and the airport. Stickers shall only be distributed at County facilities and grounds with controlled entry points. Members of the public do not need to provide any documentation of a qualifying exemption. Departments managing controlled entry points should order exemption stickers in Marketplace Central by searching “Face Mask Exempt Sticker” or “COVID-19 SIGN 013”.

## **V. Enforcement Policy & Procedure**

**A. Employees:** Milwaukee County employees are expected to follow the face mask requirements. Employees who fail to follow any of the work rules outlined in this policy may be subject to disciplinary action, up to and including termination.

### **B. Members of the Public**

Enforcement of the policies in this Order will be based on the County facility per the below:

#### **1. Milwaukee County Courthouse Complex & Vel Phillips Juvenile Justice Center:**

- i. Any member of the public who refuses to wear a face mask without a qualifying exemption shall be refused entrance. If the person refusing to wear a mask is at the Courthouse because of a mandated court hearing, subpoena, and/or a court case-related activity, facility security shall give that person a call list and tell them to call the appropriate number for instructions **before leaving the facility**. The court official will determine the next steps for the individual refusing to wear a mask.
- ii. If a member of the public states that they have a qualifying exemption they will be allowed into the facility. Individuals with a qualifying exemption should be given a visual marker for their time in the facility upon entry.
- iii. Some departments or elected offices may have different and/or additional risk mitigation strategies (see Section III.D) or exemptions (see Section IV.B.1) in place for safe, effective delivery of their services and members of the public may therefore be subject to different and/or additional face mask requirements inside of the facility.
- iv. Members of the public who fail to comply with face mask policies will be asked by law enforcement to leave the facility.
- v. **Only trained law enforcement should carry out enforcement with members of the public.**

#### **2. Buses Operated by MCTS**

- i. **Bus operators shall enforce the policy at the same time and in the same manner as fare collection; riders will be asked to wear a mask once upon entry to the bus and if they refuse, or remove their mask during the ride, drivers**

shall **not** take any additional action to enforce the policy.

**3. For all other County facilities, grounds, and service delivery locations:**

- i. Although members of the public who fail to comply with County face mask policies at County locations outside of the Courthouse Complex and Vel Philips Juvenile Justice Center will not be subject to County criminal or civil penalties, they may still be subject to face covering requirements and penalties under municipal laws and orders, such as the City of Milwaukee's **Face Covering Requirements (File 200426)**.
- ii. Some departments or elected offices may have different and/or additional risk mitigation strategies (see Section III.D) or exemptions (see Section IV.B.1) in place for safe, effective delivery of their services and members of the public may therefore be subject to additional face mask requirements before being able to access services; members of the public who fail to comply with this Order or local policies may be refused service.

**VI. Training and Communication**

Milwaukee County will make public announcement of the Universal Face Mask Policy to prepare the general public prior to entrance into County facilities or grounds. Departments and elected offices are responsible for notifying their vendors, contractors, and volunteers of the rules, expectations, and procedures in this Order.

The County has developed various signs to support knowledge of and adherence to the universal face mask policy, as well as signage for face mask distribution stations. All County signs may be ordered on Marketplace Central or can be printed locally using the PDFs [here](#).<sup>7</sup> Appropriate face mask signage shall be hung by the managing department of the County facility or service access points, at a minimum.

Milwaukee County employees shall complete the “Strategies to Slow the Spread of COVID-19 in Milwaukee County” for additional information on how to wear a face mask and how to help support compliance with the policy among members of the public on County grounds or using County services.

Departments or elected offices with local exemption policies (see Section IV.B.1) are responsible for documenting, managing, and communicating any policies to their employees. This includes policies related to exempting people from wearing a mask in order to deliver a service and whether services will or will not be denied if a member of the public is refusing to wear a face mask.

OFFICE OF THE COUNTY EXECUTIVE

# Milwaukee County

DAVID CROWLEY • MILWAUKEE COUNTY EXECUTIVE

July 23, 2020

## Administrative Order 20-14v2 & File No. 20-528: Universal Mask Policy & Procedures

- MAJOR CHANGES:
  - Any person age 3 or older without a qualifying exemption is required to wear a face mask upon entry into *any* indoor Milwaukee County facility or service area.
    - This now includes MCTS buses and General Mitchell International Airport
  - Any person age 3 or older without a qualifying exemption is required to wear a mask when that person is, or is likely to be, within 6 feet of someone who is not a member of their household at an outdoor County facility or on County grounds.
    - General tenet of this requirement is: the more crowded a place is, the more necessary a mask is; e.g., the driving range of a golf course could require a mask if distancing is not consistently possible, but typically the course itself would not require a mask where distancing is consistently possible (same logic for beer gardens, beaches, etc.).
- NEW MCTS REQUIREMENT
  - The MCTS mask requirement will be enforced by drivers at the same time and in the same manner as fare collection is enforced: drivers will ask a passenger to comply once and if the passenger does not comply, the passenger will proceed onto the bus.
  - Masks will be made available on buses by MCTS as soon as practicable.
    - When mask dispensers are installed on buses, they will be mounted in the entryway space immediately behind the driver.
- OTHER UPDATES
  - County will also provide masks to members of the public who need them at all indoor facilities (including Zoo and Airport, but not including parks generally).
  - Religious belief is added as an exemption to the face mask requirement.
  - The department who manages a specific County facility is responsible for hanging face mask signage at that facility.
  - Employees who provide documentation for a qualifying exemption from the face mask policy will be provided an exemption badge holder that they may wear around the work area to identify their exemption to security and other employees.
  - Members of the public who state they have a qualifying exemption will be provided an exemption sticker for County Grounds or Facilities with controlled entry points, excluding buses and the airport, so employees or security know not to remind them to put their mask on. Documentation of an exemption is not required for members of the public.
