Supervisor Clancy Encourages Public Testimony on Sheriff Probe, Shared Revenue Autonomy

MILWAUKEE – Supervisor Ryan Clancy is encouraging members of the public to participate in two upcoming committees on Monday, May 8, 2023, the Committee on Judiciary, Law Enforcement and General Services (JLEGS), and the Committee on Intergovernmental Relations (IGR). Supervisor Clancy made the following statement:

“These two matters are of critical importance to the future operations of Milwaukee County. After years of unacceptable conditions in the jail, and four in-custody deaths in nine months, this resolution provides us a long overdue opportunity to look at both the policies and finances of this often-opaque department. And because so many provisions in the recently released Republican shared revenue bill attack the City and County of Milwaukee specifically, it’s important to hear from our residents. Does Milwaukee County want to retain our ability to set our budgets based on residents’ priorities, or do they want to hand local control to legislators at the state?”

To speak during these virtual meetings, individuals should visit <https://county.milwaukee.gov/EN/Board-of-Supervisors/Standing-Committees> and fill out the provided form to register.

Staff will confirm that the item that the individual wishes to speak on has been agendaized. Upon confirmation, a link to join the meeting will be provided to them.

Participants are instructed to wait in the meeting with their camera and microphone off until they are called upon to speak.

Those who prefer to speak in person can do so in room 203-R of the Milwaukee County Courthouse. They will be instructed to fill out a blue card to register to speak with a committee coordinator.

The Committee on JLEGS will begin meeting to discuss the investigation into the Milwaukee County Sheriff's Office at 9:30 AM.

The Committee on IGR will begin meeting to discuss the shared revenue/autonomy resolution at [3:00 PM](#).
