Office of the Comptroller

Milwaukee County

Scott B. Manske • Comptroller

July 31, 2018

To: Honorable Members of the Milwaukee County Board of Supervisors
and the Citizens of Milwaukee County, Wisconsin

A) COMPREHENSIVE ANNUAL FINANCIAL REPORT ("CAFR"):

CAFR Overview

The Comprehensive Annual Financial Report ("CAFR") of Milwaukee County, Wisconsin ("County") for the year ended December 31, 2017, is hereby submitted for your information. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with management. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner that presents fairly the financial position and results of operations of the various funds and component units of Milwaukee County, Wisconsin. All disclosures necessary to enable the reader to gain an understanding of Milwaukee County, Wisconsin, activities have been included.

The CAFR is presented in three sections:

The **Introductory Section**, which is unaudited, includes this Letter of Transmittal, the prior year's Certificate of Achievement for Excellence in Financial Reporting, the County's organizational chart and a list of the County's principal elected and appointed officials. It is designed to give the reader of the financial report some basic background information about the County.

The **Financial Section** includes the independent auditors' report on the basic financial statements, management's discussion and analysis, the basic financial statements, required supplementary information and the other supplementary information including the combining and individual fund financial statements and schedules.

The County has prepared the Financial Section to meet the requirements of Governmental Accounting Standards Board Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments* ("GASB 34"). Other Supplementary Information, section 4 below, is not required by GASB 34 but provides useful information about the non-major funds of Milwaukee County.

- 1) **Management's Discussion and Analysis ("MD&A")**, which is unaudited, is a narrative report providing financial information about the County. Readers of this report are encouraged to read the MD&A in conjunction with this Letter of Transmittal. The MD&A provides basic financial information about the County and an overview of the County's activities.

COUNTY OF MILWAUKEE, WISCONSIN

Letter of Transmittal

2) **Basic Financial Statements**

- **Government-wide Financial Statements** consisting of a statement of net position and a statement of activities, provide a comprehensive financial picture of the County, split between governmental activities and business-type activities. These statements are prepared using the economic resources measurement focus and the accrual basis of accounting, where all assets/deferred outflows of resources, liabilities/deferred inflows of resources, revenues and expenses of the County are reported. Internal service funds are combined with governmental activities for presentation purposes.
- **Fund Financial Statements** report on the major individual governmental, proprietary and fiduciary funds of the County. Budgetary comparisons are also provided to allow the reader to see the original adopted budget, the final budget and the actual expenditures and revenues for the County's general fund. The governmental funds are prepared and presented on the modified accrual basis of accounting. The proprietary funds are prepared on an accrual basis of accounting. With the governmental funds having a different basis of accounting between the government-wide financial statements and the fund financial statements, a schedule is provided that reconciles these accounting differences. The reconciliation provides a bridge between governmental activities on the statement of net position with the governmental funds on the balance sheet and between the governmental funds net change in fund balances on the statement of activities with the governmental funds statement of revenues, expenditures and changes in fund balances. The proprietary funds statement reports on each of the enterprise funds and includes a separate column that combines all internal service funds.
- **Component Units** include the funds of the primary government and the following discrete component units: the Milwaukee Public Museum, Inc., the Milwaukee County War Memorial, Inc., and the Marcus Center for the Performing Arts.

Discretely presented component units are more distinctly separate from the primary government and are therefore reported in a separate column in the government-wide financial statements. These entities are included because generally accepted accounting principles require that organizations for which the County either has a financial responsibility or governance influence, such as board appointments, or if the County's financial statements would be incomplete or misleading if an entity was excluded, be reported with Milwaukee County

- **Notes to the Financial Statements** are explanatory notes to the financial statements as required by governmental accounting standards.
- 3) **Required Supplementary Information** is required schedules of supplementary data immediately after the notes to the financial statements.
- 4) **Combining and Individual Fund Statements and Schedules** show the combining statements for the non-major governmental funds, the internal service funds, as well as budgetary comparisons for major funds other than the General Fund. As noted earlier,

COUNTY OF MILWAUKEE, WISCONSIN

Letter of Transmittal

the internal service funds are combined and reported as a separate column in the proprietary fund financial statements. They are presented here because they are not considered to be major funds.

The **Statistical Section**, which is unaudited, includes selected financial and demographic information generally presented on a multi-year basis.

B) COUNTY GOVERNMENT

A County Executive and an 18-member Board of Supervisors govern Milwaukee County. The County Executive and the Comptroller are elected to nonpartisan four-year terms. The County Board of Supervisors members are elected to nonpartisan two-year terms. Each Supervisor represents about 53,000 people. In addition, the Clerk of Circuit Courts, County Clerk, County Treasurer, District Attorney, Register of Deeds and Sheriff are each elected to serve four-year terms on a partisan basis.

Board of Supervisors. The County Board determines County policy and directs the activities of County government by the adoption of ordinances and resolutions, under authority vested in it by State Statutes. The County Board meets on a monthly basis to transact official business, and its committees meet regularly during the monthly cycles to hold hearings, gather information and take testimony preparatory to making recommendations to the full County Board. There are nine standing committees of the County Board.

- Economic and Community Development
- Health and Human Needs
- Judiciary, Safety and General Services
- Transportation, Public Works and Transit
- Finance and Audit
- Personnel
- Intergovernmental Relations
- Parks, Energy and Environment
- Committee of the Whole

The Chairperson of the County Board is elected by the members of the County Board following their election every two years and is responsible for presiding at County Board meetings, ruling on procedural matters, representing the County Board at official functions, and making appointments to County Board committees, special subcommittees, boards and commissions.

County Executive's Office. Milwaukee County was the first county in the State to establish an executive branch. The County Executive appoints five cabinet officers to assist in carrying out the executive functions:

- Director - Department of Administrative Services
- Director - Department of Human Resources
- Director - Department of Health and Human Services
- Director - Department of Parks, Recreation and Culture
- Director - Department of Transportation and Public Works

In addition, the County Executive appoints and manages heads of the following departments:

- Child Support Services
- Veterans Service Office
- House of Correction
- Zoological Gardens

COUNTY OF MILWAUKEE, WISCONSIN

Letter of Transmittal

- Aging
- Government Affairs
- Office on African American Affairs
- Medical Examiner
- Emergency Management
- Behavioral Health Division

Functions of the County Executive's office include: coordination and direction of administrative and management functions of the County government not otherwise vested by law in boards, commissions or other elected officers; appointment of department heads, except where statute provides otherwise, and members of boards and commissions, subject to confirmation by the County Board; preparation and submission of an annual County budget to the County Board; submission annually, and otherwise if necessary, of a message to the County Board setting forth the condition of the County and recommending changes and improvements in County programs and services; and review for approval or veto of all resolutions and ordinances enacted by the County Board.

Administration. The Administrative function includes the Department of Administrative Services, Department of Human Resources, Corporation Counsel, the Office on African American Affairs and boards and commissions such as the Civil Service Commission, Ethics Board and the Personnel Review Board.

The **Department of Administrative Services** is responsible for a variety of governmental functions. The various divisions provide services for other departments including facilities management, information management, risk management, economic development, administration and budget oversight, disabilities program management, procurement and disadvantaged business enterprise programs. The Department is also responsible for the County's water utility.

The **Department of Human Resources ("DHR")** provides Milwaukee County government with an equitable and effective system for the recruitment, classification, compensation, development and retention of a talented, skilled and culturally diversified workforce. DHR encompasses Compensation, Training, Employee Relations, Employment & Staffing, Health Benefits, Labor Relations and the Employment Retirement System functions. DHR assures strict adherence to Civil Service Rules, State and Federal Laws and County ordinances, regulations and policies related to human resources and affirmative action.

The **Office of Corporation Counsel** ensures that Milwaukee County, its officers, employees and agents adhere to all applicable legal requirements and works to minimize personal and fiscal liability for the County.

The **Civil Service Commission** is an independent body charged with oversight of Milwaukee County's Civil Service System. Consisting of five members, the Commission conducts hearings on the merit system and application of Civil Service Rules.

The **Ethics Board** assures the confidence of the general public in the integrity of Milwaukee County government. The Ethics Board assures the public that all Milwaukee County employees, office holders, candidates for public office and citizens serving on boards and commissions of Milwaukee County are complying with the Ethics Code requirements.

COUNTY OF MILWAUKEE, WISCONSIN

Letter of Transmittal

The **Personnel Review Board** provides fair and impartial due process hearings for the suspension, demotion or discharge of County employees in the classified service as provided by law and as prescribed under State Statutes and County ordinances.

The **Office on African American Affairs** aims to help recognize and resolve the County's racial inequities for the benefit of all of its citizenry and for the region to achieve its full potential.

The **former Department of Family Care** ("DFC") separated from Milwaukee County in 2016 and now provides services as a private non-profit named My Choice Family Care ("MCFC"). Employees who had worked in the DFC were allowed to remain as County employees if they chose to work with My Choice Family Care. MCFC reimburses the County for all costs related to those employees who chose to remain as County employees while working at MCFC. The County created two organizations within the Department of Administrative Services to account for the expenses and revenues associated with this arrangement. As of December 31, 2017, the remaining County employees became employees of MCFC.

General Governmental Services. The General Governmental Services group includes the County Treasurer, the County Clerk including the Election Commission, the Register of Deeds and the Office of the Comptroller.

The **County Treasurer** is the County's banker, acting under the authority granted by State Statutes and County ordinances. The Treasurer's functions include receiving and disbursing all funds as provided, providing for daily cash requirements of Milwaukee County and investing public funds not used for daily operations. The Treasurer's Office also collects delinquent property taxes for all of Milwaukee County's municipalities as required by State Statutes, except for the City of Milwaukee which collects its own delinquent taxes. The County Treasurer also maintains property tax data that is accessible to the public at the Courthouse office.

The **County Clerk** is the recorder of the County, acting under the authority granted by State Statutes and County ordinances. The Clerk's functions include recording the proceedings of the County Board of Supervisors, staffing all County Board meetings and County Board committee meetings, maintaining all legislative files, updating existing ordinances and publishing new ordinances. The Clerk also maintains the County Legislative Information Center ("CLIC"), which provides online public access to legislative documents, meeting agendas and meeting minutes, as well as live online streaming of meetings of the County Board and its committees. Other duties include issuing marriage licenses and domestic partnership declarations, registering lobbyists and lobbying principals and reporting on their activity, accepting applications for passports and selling bus tickets and Wisconsin Department of Natural Resources ("DNR") licenses and permits. As an information clearinghouse for County government, the County Clerk administers oaths of office, maintains the central files for Milwaukee County reports, records, contracts and corporate documents, receives and publicly opens competitive bids for County contracts and receives all claims filed against Milwaukee County.

The Clerk also serves as the executive director of the Milwaukee County Election Commission. The Election Commission administers Federal, State, County and Municipal

COUNTY OF MILWAUKEE, WISCONSIN

Letter of Transmittal

elections in a manner that assures public confidence in the accuracy, efficiency and fairness of the election process and to enforce State Election and Campaign Finance laws.

The **Register of Deeds** is tasked with maintaining public records and documents acting under the authority granted by State Statutes and County ordinances. The Register of Deeds records, indexes and scans real estate documents, corporation papers, military discharges, informal probate instruments and financing statements; files and indexes birth, marriage and death certificates; sells copies of the above described documents; collects the real estate transfer tax; and performs such other functions as provided by law.

The **Comptroller** is the County's chief financial officer and acts under the authority granted by State Statutes and County ordinances. The Comptroller is required to monitor and report on the County's current fiscal health, to act as the County auditor and to provide an independent fiscal review on any proposed spending at the request of the County Board and/or County Executive. Functions of the Comptroller include Accounts Payable, Administration/Financial Analysis, Audit Services, Capital and Debt Monitoring, Central Accounting, Central Payroll and Research and Policy.

Courts and Judiciary. The Courts and Judiciary function includes the Department of Combined Court Related Operations, Pretrial Services Division and Department of Child Support Services.

The **Department of Combined Court Related Operations** operates the Milwaukee County Circuit Courts. The Chief Judge is the Administrative Chief of the First Judicial Administrative District, which is solely comprised of Milwaukee County, and is responsible for the oversight of administration of judicial activities in the 47 Circuit Court branches within the District. The **Administration Division**, under direction of the Clerk of Circuit Court/Court Services Director, plans, directs and coordinates the operations of all the divisions of the Circuit Court. The **Criminal Division** hears, tries and determines all matters for pretrial, trial and post-conviction proceedings in felony, misdemeanor and traffic matters. The **Children's Court Division** exercises jurisdiction over matters involving persons under the age of 18 regarding delinquency, dependency, neglect, guardianships, detention and termination of parental rights. The **Civil Court Division** adjudicates small claims, large claims, replevin, and eviction actions. The **Family Court** area hears all actions affecting family. The **Probate Division** manages and maintains all documents deposited for safekeeping or filed for probate and assists the courts assigned probate jurisdiction in adjudicating matters involving probate, trusts, guardianships of persons and estates, conservatorship, protective placements, involuntary commitments, temporary restraining orders and injunctions in individuals at risk cases. The **Family Drug Treatment Grant Division** is responsible for drug treatment grant oversight. The **Permanency Plan Review Division** provides children in out-of-home situations with a review every six months by the court. The **Self Help Services/Milwaukee Justice Center (MJC)** is a volunteer-based community service project founded on the premise that everyone deserves meaningful access to the justice system, regardless of economic situation or access to legal services.

The **Pretrial Services Division** provides screening, intervention and supervision services for pretrial defendants. This division is managed by the Chief Judge of the Milwaukee County Circuit Courts and Judicial Review Coordinator. This division includes funding for the Universal Screening program, which screens individuals who are booked into the

COUNTY OF MILWAUKEE, WISCONSIN

Letter of Transmittal

Milwaukee County Criminal Justice Facility, for the purpose of providing pretrial risk information on defendants to judges, commissioners, prosecutors and defense attorneys; and to determine suitability for pretrial services and Early Intervention programs. Funding for services such as the Drug Treatment Court Coordinator, Treatment Alternatives and Diversion program, drug testing, Secure Continuous Remote Alcohol and GPS monitoring is also provided.

The **Department of Child Support Services** implements and administers the Child Support Enforcement Act pursuant to Title IV-D of the Federal Social Security Act and Sections 49.22 and 59.53(5) of the Wisconsin Statutes, under contract with the Wisconsin Department of Children and Families. The Department has four divisions: Case Management (Establishment and Enforcement), Financial, Legal and Operations. The Department monitors approximately 125,000 cases annually for establishment and enforcement of child support obligation, maintains Milwaukee County family court orders on Kids Information Data System, the statewide support computer system, and represents the State's interests in family court hearings in the County.

Public Safety. The Public Safety function includes the Office of the Sheriff, House of Correction, District Attorney, Office of Emergency Management and Medical Examiner.

The **Office of the Sheriff** acts as an arm of the criminal justice system which consists of carrying out criminal investigations, effecting arrests and warrants, detaining prisoners, providing court security, serving process papers, transporting prisoners and patients and extraditing criminals. The **Administration Bureau** performs management and support functions for the Sheriff, communications, training, public information and central records including traffic. The **Detention Services Bureau** includes the Criminal Justice Facility ("CJF"), court services, support administration and central booking records. The CJF is a secure detention facility with a total bed space of 960 detainees and is primarily a pre-trial holding facility; although a small number of sentenced offenders awaiting transfers or hearings are also housed at the jail. The **Police Services Bureau** is responsible for patrolling the County airports, County grounds, County parks and expressways. In addition, the Police Services Bureau includes the Civil Process Unit, Criminal Investigation Division, the Drug Enforcement Unit, the High Intensity Drug Trafficking Area, the Special Weapons and Tactics team, the bomb disposal unit and the dive team.

The **House of Correction** receives and maintains custody of all sentenced inmates in Milwaukee County committed by authorized courts for periods not exceeding one year and from other jurisdictions as authorized by County ordinance; provides programs of work release, rehabilitation, education, work, recreation and training; provides medical, dental and other necessary services in conjunction with the Detention Services Bureau of the Sheriff's Department; and releases inmates upon expiration of sentence, upon orders of the courts or other recognized authorities. Section 302.315 of the Wisconsin Statutes permits the House of Correction to receive and maintain custody of pretrial inmates at the request of the Milwaukee County Sheriff. The Department operates a program of home detention using electronic surveillance equipment and other systems of control and oversees the Day Reporting Center where sentenced inmates can obtain job training and AODA services.

COUNTY OF MILWAUKEE, WISCONSIN

Letter of Transmittal

The **District Attorney's Office**, pursuant to Section 978.05 of the Wisconsin Statutes, has jurisdiction for criminal and juvenile cases in Milwaukee County Circuit Courts. District attorneys and assistant district attorneys present evidence, argue motions, negotiate cases and conduct jury and court trials. General Crimes Division staff are responsible for general felony and misdemeanor courts. Administrative and Investigations Divisions staff supervise investigators of witness intimidation, police shootings of civilians and deaths in custody, public corruption and major multi-jurisdictional crimes. Violent Crimes and Sensitive Crimes Divisions staff are responsible for felony drug and firearms crimes in specialized felony courts, homicide, sexual assault and child abuse cases in specialized felony courts, and sensitive victim witness services. Juvenile Division staff are responsible for juvenile delinquency and child welfare care in the Children's Court of Milwaukee County. The Community Prosecution Unit supervises community prosecutors in six Milwaukee police district stations and the Cities of South Milwaukee and West Allis; and the Domestic Violence Unit prosecutes all domestic violence cases in three specialized courts.

The District Attorney's Office also investigates industrial deaths and injuries, provides post-charging investigation on major crimes and maintains office security. The District Attorney's Office also works with the Diversion and Treatment Alternatives Program and administers federal and state grant funded programs including the Victim/Witness Program, the Victims of Crime Act, the Byrne Justice Assistance Grant, Violence Against Women Acts and the High Intensity Drug Trafficking Area grant, among others.

The **Office of Emergency Management** includes five program areas: the Director's Office, Emergency Management, Emergency Medical Services, 911 Communications, and Radio Services. These program areas coordinate emergency services in cases of natural or manmade disasters and also synchronize the four public safety services, which allows the fusion of data, assets, monies and staff in order to sustain healthy and productive localities within the County.

The **Medical Examiner's Office** investigates all deaths in which there are unexplained, unusual or suspicious circumstances, for example, homicides, suicides, accidental deaths and all deaths in which there is no physician in attendance. Staff of the Medical Examiner's Office perform autopsies, histological studies and toxicological analyses; testify in court in regard to all investigative findings; issue death certificates, cremation permits and disinterment permits; take possession of, store and arrange for the final disposition of bodies when investigation is required or bodies are unclaimed; locate relatives of deceased persons; safeguard and legally dispose of money and property of deceased persons; and render scientific aid to various law enforcement agencies in the examination of evidence.

Transportation. The Department of Transportation administers two County airports, the transit/paratransit system, highway maintenance, and fleet management.

The **Airport Division** operates General Mitchell International Airport ("GMIA") and Lawrence J. Timmerman Airport ("LJT"). This division is discussed in greater detail below under "Business-type Functions".

COUNTY OF MILWAUKEE, WISCONSIN

Letter of Transmittal

The **Milwaukee County Transit System** is the County's mass transit system. This division is discussed in greater detail below under "Business-type Functions".

The **Highway Division** maintains the County's interstates, state trunk highways and county trunk highways. Expenses for general and winter maintenance of state trunk highways within the County are fully offset by state reimbursement revenues. The Transportation Services Section provides transportation planning and engineering services and cost-effectively plans, designs and implements projects necessary to maintain and enhance the safety and efficiency of the County's highways, bridges and traffic control facilities.

The **Fleet Management Division** purchases and maintains vehicles and equipment used by Milwaukee County departments. This department provides three functions: Equipment Repairs, Inventory Management, and Equipment Coordination. Equipment Repairs maintains and manages approximately 1,900 vehicles and pieces of equipment. Inventory Management maintains and manages inventory of repair parts for all Milwaukee County vehicles. Inventory Management also manages and operates four conveniently located fueling sites supplying 700,000 plus gallons of fuel annually. Equipment Coordination researches and develops the specifications for purchasing new vehicles and equipment and works with user departments to ensure the correct piece of equipment is purchased. Equipment Coordination also hosts and coordinates a semi-annual Public Auction of used equipment for Milwaukee County and other municipalities in the area.

Human Services. This functional area consists of the Department of Health and Human Services, Behavioral Health Division, and the Department on Aging. Previously, this functional area included the Department of Family Care.

The **Department of Health and Human Services ("DHHS")** provides a wide range of services to children and adults through age 60. Many DHHS services are mandated by State Statute and/or provided through a contract between the state and the County. The **Delinquency and Court Services Division ("DCSD")** provides custodial intake services, administers a wide continuum of juvenile justice programs and provides support staff for the operation of the Children's Court to promote public safety. The division operates a 24/7, 120-bed secure juvenile detention center facility, primarily housing youth pending a court hearing or those deemed out of compliance with supervision conditions. DCSD took over Aftercare responsibilities from the State of Wisconsin effective July 1, 2017, and began providing intensive monitoring, supervision, structure, support and skill building opportunities for youth released from Wisconsin's Department of Corrections-Division of Juvenile Corrections. In late 2017 the County Board and County Executive authorized that the DCSD be renamed the Youth and Family Services Division. The **Disabilities Services Division ("DSD")** provides services to adults with special needs between the ages of 18 and 59 and to children birth to 21 with disabilities and their families. Services are targeted at populations with physical and developmental disabilities and sensory impairment. The division operates the Disabilities Resource Center and provides information and assistance, service access and prevention, disability benefits counseling and Family Care entitlement benefits enrollment. DSD also manages the Interim Disability Assistance Program and the General Assistance burials programs. The **Housing Division** administers Housing and Urban Development funded programs, including Shelter Plus Care, Safe Haven, Housing Choice Voucher and HOME/Home Repair. The division also

COUNTY OF MILWAUKEE, WISCONSIN

Letter of Transmittal

administers the Community Development Block Grant program and Pathways to Permanent Housing program. The **Director's Office & Management Services Division** provide administrative guidance, accounting support and contract oversight. This division also oversees the Home Energy Program and 211 Impact, which is a referral service for individuals in need of social services.

The **Behavioral Health Division ("BHD")** provides care and treatment of persons with disorders related to alcohol and substance abuse as well as developmentally, emotionally and mentally ill adults, children and adolescents under direction from the Milwaukee County Mental Health Board ("MCMHB"). The MCMHB is a 13-member board, with 11 voting members appointed by the County Executive with input from the Milwaukee County Board and other organizations as defined in State Statute, as well as two non-voting members. The range of services provided by the BHD encompass inpatient care, outpatient care and day treatment. Acute hospital admissions are initiated by voluntary application or through legal detention methods such as court commitment. Extended care services are provided at federally certified, skilled nursing facilities and at facilities for the developmentally disabled. Day treatment is offered to patients who have progressed to the stage where inpatient hospitalization is no longer indicated but who require more intensive treatment than is available in an outpatient facility. The Community Services Branch provides both mental health and alcohol and other drug abuse services through contracts with community service providers or at community clinics. Over the past several years, the BHD has completely phased out its extended care services and moved long-term care patients into community settings.

The MCMHB is responsible for recommending an operating budget to the County Executive that must have a levy between \$53 and \$65 million unless the County Board, MCMHB and County Executive agree to an amount outside the range or if the MCMHB transfers to itself jurisdiction of a new function, service or program. The County Board has no authority to approve a tax levy amount other than that directed by the County Executive. Since the MCMHB does not have direct bond authority, any capital projects needed would have to be paid from current operating appropriations or through bonds, if approved by the County Board of Supervisors.

The **Department on Aging** administers aging programs and serves as the County's designated area agency on aging. Services provided by the Department on Aging are designed to provide an appropriate mix of community-based care and direct services to prevent the inappropriate and costly institutionalization of older adults. The **Administration Division** provides administrative guidance, accounting support and contract oversight. **Area Agency Services** provides a network of support services to the aging population and provides a range of grants to community based agencies to provide specialized programming for elderly adults. The **Senior Meal Program** provides nutritious lunches at community dining sites and home delivered meals. The **Senior Centers** provide social and recreational activities including exercise, computers with internet access and special events. The **Aging Resource Center** serves as an information clearinghouse, provides eligibility assessments for persons seeking assistance in any Aging program and acts as a point of entry for all publicly funded long term care programs. The Resource Center also acts as the elder abuse/protective services agency for people age 60 and greater in Milwaukee County and provides evidence based wellness and prevention programs.

COUNTY OF MILWAUKEE, WISCONSIN

Letter of Transmittal

The **former Department of Family Care** (“DFC”) administered the Family Care benefit for both frail elders (age 60 and over) and persons with disabilities (ages 18-59) who are determined to be eligible by a resource center. The 2015 – 17 Wisconsin State Budget made major changes to the Family Care program which included adding primary and acute care services to the Family Care benefit through Integrated Health Agencies (“IHAs”) rather than Managed Care Organizations and requiring that all IHAs maintain licensure as a Health Maintenance Organization (“HMO”). Since no mechanism existed under state law for a unit of County government to obtain a HMO license, the DFC began operating as My Choice Family Care (“MCFC”) and entered into an agreement with the County to secede from the County and operate independently as an IHA effective September 1, 2016. This allowed the MCFC program to apply for an HMO license and continue to serve its population in 2017 when the new rules took effect. The former DFC employees who moved to work at MCFC were allowed to remain as County employees. MCFC reimburses the County for these expenses. The County accounts for the revenue and expenses of these employees in the Department of Administrative Services as explained above. As of December 31, 2017, the remaining County employees became employees of MCFC.

Parks, Recreation and Culture. This functional area includes the Department of Parks, Recreation and Culture, the Milwaukee County Zoo, the Milwaukee Public Museum and other cultural institutions that receive County support.

The **Department of Parks, Recreation and Culture** operates the Milwaukee County Park System, which is comprised of over 150 parks and parkways totaling over 15,000 acres of parkland. The Parks Department provides a variety of sports and recreation opportunities to County residents and visitors. The Parks Department maintains golf courses, indoor and outdoor aquatic facilities, an indoor ice arena and a sports complex that hosts tournaments, competitions, leagues and tradeshow. The famous Oak Leaf Recreational Trail, along with many miles of parkways, provides off-road paved paths for walking and biking and connects all major parks and parkways in the Park System. In addition, dozens of parks have baseball or softball fields, basketball courts, sand volleyball, tennis courts, disc golf, rugby fields, cricket courts and other facilities that can be rented or used recreationally. The Parks Department also offers both supervised sports activities as well as leisure recreation in exercise and game room gatherings in its community centers. The centers offer a host of activities that focus on the needs of the community including indoor basketball, boxing, help with homework and movie nights.

More than half of the County’s parkland is managed as a natural area. Additional public educational opportunities are offered through Boerner Botanical Gardens, the Mitchell Park Horticultural Conservatory and Wehr Nature Center. The Department also maintains lakefront property and operates beaches along Lake Michigan. Fishing and boating access is provided through launch sites along the lake, including sites at McKinley Marina and South Shore Park.

The **Zoological Department** operates the Milwaukee County Zoo (“Zoo”), one of the country’s finest zoological attractions with more than 400 species and over 3,100 mammals, birds, fish, amphibians and reptiles. Spanning a couple hundred wooded acres and approximately 545,000 square feet of facilities, specialized habitats and exhibits at the Zoo include the Family Farm, a working farm and dairy complex; the Peck Welcome

COUNTY OF MILWAUKEE, WISCONSIN

Center; the Sea Lion and Polar Bear exhibits; the Aviary; the Small Mammals Building; the Florence Mila Borchert Big Cat Country exhibit; the Apes of Africa exhibit and Primate Building; the Education Center; the Lake Evinrude Deck; the Aquatic & Reptile Building; and the Special Exhibits Building. The Australia Building was closed and its animals relocated to other zoos in 2017 in preparation for the Zoo's new Elephant Exhibit. Other Zoo facilities include a sky safari, a railroad, a carousel, a zoomobile, ropes course, zip line, Birds of Prey show and the Oceans of Fun Seal and Sea Lion show. Nearly 1.2 million people visited the Zoo in 2017.

The **Marcus Center for the Performing Arts** ("Marcus Center") is a cultural center that hosts the Milwaukee Symphony Orchestra, Milwaukee Ballet Company, Florentine Opera, Milwaukee Youth Symphony, First Stage Milwaukee and other special arts groups and entertainment events. The County's annual operating contribution to the Marcus Center for 2017 is \$0.9 million.

The **Milwaukee Public Museum, Inc.**, ("MPM") operates through a public-private partnership since 1992. The private, not-for-profit organization MPM, Inc., operates the museum, and the County owns the buildings and artifacts. The board of directors of MPM includes representatives appointed by the County Board and the County Executive. The County's annual operating contribution to the MPM for 2017 is \$3.5 million.

MPM hosts international exhibitions annually and receives nearly a half million visitors to its exhibitions, National Geographic theater and Daniel M. Soref Planetarium each year. Through its distance learning program, the museum provides remote educational programs to students throughout the region, the County and around the world.

Business-type Functions. The County operates General Mitchell International Airport, Lawrence J. Timmerman Airport, and Milwaukee County Transit Services and classifies these enterprise fund activities as business-type activity in the government-wide financial statements.

The **Airport Division** of the Department of Transportation operates General Mitchell International Airport ("GMIA") and Lawrence J. Timmerman Airport ("LJT"). **GMIA** is located six miles south of the City of Milwaukee's central business district and covers nearly 2,400 acres. GMIA is the largest and busiest airport in Wisconsin, serving over 6.9 million passengers in 2017. GMIA began 2017 by offering non-stop flights to more than 39 cities and added destinations during the year. GMIA also offers easy one-stop connections to 160 cities worldwide. **LJT** is located in the northwest quadrant of the County. This 420-acre general aviation facility serves privately owned aircraft and provides pilot training through its flight school. Operating expenses of both airports are entirely supported by user fees. No property tax dollars are used for capital improvements or for day-to-day operations.

The **Milwaukee County Transit System** ("MCTS") is the County's mass transit system and is operated by the Department of Transportation through a transit management services provider - Milwaukee Transport Services. MCTS has an active bus fleet of over 400 diesel buses, serves over 5,000 bus stops and operates 59 routes, including Freeway Flyer service from outlying park-ride lots, and limited stop Metro Express service which travels through the heart of the city to major destinations across the County. MCTS provides on average 150,000 rides every day to people across Milwaukee, Ozaukee,

COUNTY OF MILWAUKEE, WISCONSIN

Letter of Transmittal

Washington and Waukesha Counties. Budgeted fare revenue and federal and state aid account for approximately 91 percent of operating costs. MCTS also has a paratransit program for persons with disabilities.

C) COMMUNITY CHARACTERISTICS

Milwaukee County, located in southeastern Wisconsin on the Lake Michigan shoreline, was formed in 1835 when it was part of the Michigan Territory. Prior to that, the area had been settled by a variety of Native American tribes, and was explored by French priests and traders as far back as 1674. The name “Milwaukee” is generally believed to be derived from a Native American term meaning “good land”.

Today, Milwaukee County is, by population, the largest county in the State of Wisconsin. The Census Bureau estimates that Milwaukee County is the 51st most populous in the United States with over 950,000 residents. Milwaukee County is the only fully incorporated county in Wisconsin and includes 19 municipalities that range from the large urban center in the City of Milwaukee with over 600,000 residents to small villages such as River Hills with a population of under 2,000. The County anchors the Greater Milwaukee Metropolitan Area, which has a population of more than 2 million and includes seven neighboring counties: Racine, Walworth, Waukesha, Jefferson, Dodge, Washington and Ozaukee.

Milwaukee County’s location on Lake Michigan, near the nation’s geographic center and in close proximity to the Chicago metropolitan area, provides many logistical advantages. The County has a well-developed arterial street and highway system, including four interstate highways, three major U.S. highways and fifteen state highways. Major reconstruction on I-94 from Milwaukee to Illinois, began in 2009 and is scheduled for completion in 2022.

Freight service is provided to other metropolitan areas by numerous trucking establishments and two major railroads, the Union Pacific and Canadian Pacific. Passenger rail service is available from Amtrak and national and inter-city bus lines serve Milwaukee County. Milwaukee is also a major Great Lakes port. The commodities handled at the Port directly impact the long-term economic success and growth of the State of Wisconsin on a yearly basis. These include salt, cement products, coal, grain, machinery, steel, oils and liquid fuels pass through the Port. The Port accommodated approximately 2.4 million metric tons of cargo in 2016. The Foreign-Trade Zone Board designated the Port of Milwaukee as the Grantee for the Southeastern Wisconsin Foreign Trade Zone No. 41 which comprises 12 counties. The Port berths the high-speed passenger and auto ferry that connects Milwaukee with Muskegon, Michigan. The Lake Express ferry contributes not only to tourism but adds another form of transportation for Milwaukee County residents.

Milwaukee County is also home to a number of colleges and universities, including Alverno College, Cardinal Stritch University, Marquette University, the Medical College of Wisconsin, Milwaukee Area Technical College, Milwaukee Institute of Art & Design, Milwaukee School of Engineering, Mount Mary University, University of Wisconsin Milwaukee and Wisconsin Lutheran College.

COUNTY OF MILWAUKEE, WISCONSIN

Letter of Transmittal

Population-wise, the County has remained fairly constant since its drastic drop in the 1970s due to changes in the nation's manufacturing industry. The most recent population estimate for Milwaukee County (2015) is up 1.1 percent from the last decennial estimate. The five most recent decennial estimates for the County are presented in the table below.

Population Statistics

Year	Population
2015	957,735
2010	947,735
2000	940,164
1990	959,275
1980	964,988
1970	1,054,249

The County's labor force has remained relatively constant as well, while unemployment has decreased by 4.4 percent from 2013 to 2017. According to the State of Wisconsin Department of Workforce Development, unemployment in Milwaukee County has decreased from 8.4 percent in 2013 to 4.0 percent in 2017. During that same time period, the total labor force decreased by more than 700 persons. The Labor Force Statistics table below provides the average annual estimates over the past five years.

Labor Force Statistics for Milwaukee County (Not Seasonally Adjusted)

Year	Labor Force	Employment	Unemployment	Unemployment Rate	
				Milwaukee County	State of Wisconsin
2017	478,333	458,982	19,351	4.0%	3.3%
2016	478,435	454,700	23,735	5.0%	4.0%
2015	477,410	449,974	27,436	5.7%	4.5%
2014	478,784	445,882	32,902	6.9%	5.4%
2013	479,059	438,842	40,217	8.4%	6.7%

Source: Wisconsin Department of Workforce Development

According to the Milwaukee Metropolitan Association of Commerce (MMAC) Business Outlook Survey, Second Quarter, 2018, 71% of area businesses surveyed expected sales increases in 2018's second quarter, 66% forecast profit gains, and 61% predict employment growth over year-ago levels.

COUNTY OF MILWAUKEE, WISCONSIN

Letter of Transmittal

According to the MMAC, "Employment growth in the metro area has improved in the early months of 2018. Through February, jobs have grown at an average pace of 0.9% year-over-year after registering only a 0.3% average gain in 2017's final three months."

MMAC goes on to note that "Job expectations among local businesses are strongly positive for the new quarter. Sixty-one percent of all employers surveyed see higher second-quarter job levels (vs. one-year ago), outnumbering those predicting job declines (7%) by over an eight-to-one margin. Thirty-two percent see no change in future job levels."

Milwaukee County lags behind both the State and the United States for per capita personal income and has not kept pace with national and statewide increases. The Bureau of Economic Analysis provides estimates of per capita income data. Available data for the County, State of Wisconsin and United States over the past five years are presented in the following table.

Per Capita Personal Income

Year	Milwaukee County	State of Wisconsin	United States
2017	Not available	\$47,850 (preliminary)	\$50,392 (preliminary)
2016	\$43,375	46,762	49,246
2015	42,802	45,960	48,451
2014	41,530	44,296	46,494
2013	40,224	42,728	44,493
2012	40,765	42,537	44,282

D) FINANCIAL MANAGEMENT

Budgeting. The County has an executive budget process for the preparation of the annual operating and capital budgets. The Office of Performance, Strategy and Budget (PSB) of the Department of Administrative Services provides the technical assistance required by the County Executive to review budget requests submitted by County departments and agencies. PSB compiles these requests, along with principal and interest requirements, capital improvements, contingency requirements and the required tax levy. It reviews areas where changes may be considered and transmits its findings to the County Executive. The County Executive holds public hearings with respect to the requests, meets with departments and submits a recommended budget to the County Board on or before October 1st of each year. Subsequent to the receipt of the budget from the County Executive, the County Board's Committee on Finance and Audit reviews the County Executive's budget at public meetings. On the Monday following its regularly scheduled meeting on the first Thursday in November, the County Board acts on the amendments and recommendations submitted by the Committee on Finance and Audit, as well as amendments submitted by individual supervisors. The County Board adopts a final budget, subject to any vetoes by the County Executive, and levies taxes based upon equalized property values.

Accounting Policies and Budgetary Control. Section 59.60(3m) of the Wisconsin Statutes specifies that all County accounting and budgeting procedures shall comply with generally accepted accounting principles. The Comptroller's Office monitors the accounting policies and procedures followed by County departments for compliance.

COUNTY OF MILWAUKEE, WISCONSIN

Letter of Transmittal

The County's accounting records for governmental funds are maintained on a modified accrual basis of accounting. Under this method, revenues are recorded when measurable and available; expenditures are recorded when the goods or services are received and the liabilities are incurred. The County's accounting records for proprietary, agency, and pension trust funds of the County are maintained on an accrual basis of accounting. Under this method, revenues are recorded when the services are performed; expenditures are recorded when the goods or services are received and the liabilities are incurred.

County management is responsible for establishing and maintaining an internal control structure designed to provide reasonable, but not absolute, assurance that County assets are safeguarded against loss from unauthorized use or disposition and assurance that the County financial records are free from material misstatement and accurately account for the County's assets. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived. The evaluation of costs and benefits requires estimates and judgments by management.

Budgetary control is maintained by a formal appropriation and encumbrance/expenditure system. Encumbrances are made against appropriations upon the release of a purchase order to a vendor. Expenses are incurred upon the receipt of goods or services, and the matching to invoices and purchase orders. This expenditure matching will reduce open encumbrances, related to the purchase order being paid. The expenditures and remaining open encumbrances will reduce the available appropriation. New encumbrances or expenses that would reduce the net appropriation balance below the authorized limits are halted until additional appropriation authority is granted. As authorized by State Statute, open encumbered purchase orders are carried forward at the end of the year by means of encumbrance reserves. These reserves are restored to departmental appropriation accounts in the following year, thus allowing departments to complete the purchase transaction, using prior year funded appropriations. Purchases for the current year would be encumbered against new budgeted appropriations. Expenditures are then recorded when the services or materials are received, which will release the encumbrance.

Every appropriation, except for an appropriation for capital expenditures or major repairs, lapses at December 31 to the extent that it has not been expended or encumbered. An appropriation for a capital expenditure or a major repair continues in force until the purpose for which it was made has been accomplished or abandoned or three years pass without any expenditure or encumbrance. The County Board of Supervisors approves carryovers recommended by the Comptroller and the Department of Administrative Services.

Auditing. Pursuant to Wisconsin Statutes and Milwaukee County General Ordinances, the Milwaukee County Comptroller, a publicly elected official, is charged with performing all audit functions related to Milwaukee County government. These audit functions are carried-out through the Office of the Comptroller's Audit Services Division. As required by State Statute, the Division conducts audits of accounting and administrative controls, compliance with applicable laws and regulations, and economy, efficiency, and effectiveness of operations and program results, in accordance with Generally Accepted Government Audit Standards.

Additionally, the Audit Services Division contracts with an independent certified public accounting firm to audit the County's comprehensive annual financial report, containing its basic financial statements, as well as its schedule of expenditures of federal and state awards. These audits are conducted in accordance with auditing standards generally accepted in the United States;

COUNTY OF MILWAUKEE, WISCONSIN

Letter of Transmittal

Government Auditing Standards issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards* (Uniform Guidance); and the provisions of the State of Wisconsin *State Single Audit Guidelines*.

Debt Administration. In 1994, the County established new policies and revised existing policies that directly and indirectly affect its borrowing practices, including development of guidelines for maximum debt burdens and maximum maturity and modifications to the procedures for accepting competitive bids.

The County Board has also adopted policies limiting the amount of corporate purpose bonds issued by the County to finance capital projects. Under this policy, corporate purpose bond issuance is limited to an increase of no more than three percent over the preceding year's adopted bond amount.

In 2014, the County added a new policy for its Debt Service Reserve. The policy states that the County will seek to build and maintain a minimum balance of \$10 million in the Debt Service Reserve.

Wisconsin Statutes limit the County's direct general obligation borrowing to an amount equivalent to five percent of the equalized valuation of taxable property. At December 31, 2017, the County had \$606.8 million of net general obligation debt outstanding, representing 19.8 percent of the \$3.1 billion debt limit. The debt limit is based upon equalized value of County property of \$61.4 billion.

Approximately 82.7 percent of the County's general-obligation debt will be retired within ten years. The County's general-purpose obligations do not include revenue bonds issued by the County with respect to the airports. For 2017, total debt of the County, which includes general purpose and Airport revenue bond obligations, was \$778.7 million. As of December 31, 2017, approximately \$171.9 million or 22.1 percent of the County's outstanding general purpose and revenue debt is for the Airports. Pursuant to the lease agreements with the airlines, signatory airlines are obligated to pay all principal and accrued interest payments for debt issued on behalf of the Airports.

Milwaukee County's ratings from Moody's Investors Service, Standard & Poor's and Fitch Ratings, respectively, have assigned the ratings of "Aa2 /AA / AA+" to the Bonds. A rating reflects only the view of the rating agency, from whom an explanation of the significance of such rating may be obtained. The County is not obligated to maintain the current ratings on the Bonds, and there is no assurance that ratings will continue for any given period of time or that they will not be revised downward or withdrawn entirely if, in the judgment of the rating agency, circumstances so warrant. Any such downward revision or withdrawal could have an adverse effect on the market price of the Bonds. The County and the Co-Financial Advisors will undertake no responsibility to oppose any revision or withdrawal of such ratings.

Investment Policy. The County may purchase investment securities as allowed by Section 66.0603(1m) of the Wisconsin Statutes and Milwaukee County ordinance at prevailing market

COUNTY OF MILWAUKEE, WISCONSIN

Letter of Transmittal

rates. To the extent possible, the County attempts to match its investments with anticipated cash-flow requirements. In the absence of individual security maturity limitations specified in the Wisconsin Statutes, the County does not directly invest in securities maturing more than ten years from the date of purchase.

Future Fiscal Outlook. The Comptroller monitors the County's five-year forecast and provides an annual update to the County Board and County Executive each year. In addition, the Comptroller may update the forecast throughout the year depending on events that may impact the long-term sustainability, such as the State's Biennial Budget.

The 2017 model projected a structural deficit for the 2018 budget of \$31.0 million. Key assumptions contributing to the structural deficit in 2018 include larger than forecasted increases in pension, healthcare, and mental health costs; elimination of reserve contributions; and stagnant or declining sales tax collections in 2017. Offsetting these increases is a surplus in forecasted wages, minimal growth in transit expenditures, forecasted increases in property tax levy, and increased revenues from earnings on investment.

The 2018 structural deficit of \$31.0 million was reasonable based on the forecasted cost-to-continue and use of one-time revenues in 2017. The County's prior year five-year forecast predicted that the County would have a structural deficit of \$12.5 million for the 2018 fiscal year if the 2017 structural deficit of \$36.9 million was solved with long-term solutions. The forecast further projected that if no long-term solutions were implemented, the 2018 structural forecast could reach \$49.3 million. Given the one-time revenues used in 2017, as well as other unforeseen changes, the 2018 structural deficit of \$31.0 million was considered reasonable.

On average, the annual structural deficit will consist of a cost-to-continue of \$13.6 million due to a greater increase in expenditures than what is generated in additional revenue. Expenditures will grow on average 2.5 percent while revenues will grow on average 0.7 percent. The County can also expect an increase in the structural deficit each year in which one-time revenues or expenditure abatements were used in the prior year. In 2017, the County utilized such one-time revenues and expenditure abatements of approximately \$7.3 million, which increased the 2018 structural deficit by the same amount. While a structural deficit of \$31.0 million seems daunting for 2018, if the County were to resolve this structural deficit with long-term solutions, it could expect a 2019 structural deficit of roughly \$10.3 million, barring any unforeseen issues. Any use of one-time revenues or expenditure abatements in the 2018 budget will worsen the structural deficit.

Property Tax Limit (Local Levy Limit). Section 66.0602 of the Wisconsin Statutes imposes a limit on property tax levies by cities, villages, towns and counties ("political subdivision"). No city, village, town or county is permitted to increase its tax levy by a percentage that exceeds its valuation factor (which is defined as a percentage equal to the greater of the percentage change in the political subdivision's January 1st equalized value due to new construction less improvements removed or zero percent). A political subdivision may also adjust the limit when a tax increment district terminates, which allows an amount equal to the prior year's allowable levy multiplied by 50% of the political subdivision's percentage growth due to the district's termination. The base amount in any year to which the levy limit applies is the actual levy for the immediately preceding year. This levy limitation is an overall limit, applying to levies for operations as well as for other purposes.

COUNTY OF MILWAUKEE, WISCONSIN

Letter of Transmittal

A political subdivision has the ability to carry forward unused levy limit capacity for a period of up to five years under certain conditions. Under Section 66.0602 (3) (fm) of the Wisconsin Statutes, the maximum amount of carry forward that can be claimed as an adjustment in any given year is equal to 5% of the prior year's actual levy. Claiming the carry forward requires approval by a 2/3 majority vote of the political subdivision's governing body, and the amount of general obligation debt outstanding in the year the carry forward is claimed must be less than the amount of general debt outstanding in the prior year. The amount of the potentially available carry forward adjustment is determined by totaling the amount of any unclaimed carry forward percentages from each of the preceding five years' levy limit worksheets. However, since the law specifies that the first levy limit worksheet that can be considered is the one for the 2014 levy, this is a three-year look back and will not truly provide for the potential of a five year carry forward until the 2019 levy year (2020 Budget).

Special provisions are made with respect to property taxes levied to pay general obligation debt service. Those are described below. In addition, the statute provides for certain other exclusions from and adjustments to the tax levy limit. Among the items excluded from the limit are amounts levied for any revenue shortfall for debt service on a revenue bond issued under Section 66.0621, the amount that a County levies in that year to make payments to public libraries under Section 43.12, and the amount that a County levies in that year for a countywide emergency medical system.

With respect to general obligation debt service, the following provisions are made:

- If a political subdivision's levy for the payment of general obligation debt service, including debt service on debt issued or reissued to fund or refund outstanding obligations of the political subdivision and interest on outstanding obligations of the political subdivision, on debt originally authorized before July 1, 2005, is less in the current year than in the previous year, the political subdivision is required to reduce its levy limit in the current year by the amount of the difference between the previous year's levy and the current year's levy. The 2017-2019 Wisconsin State Budget removed language that allowed a political subdivision to avoid reducing its current year levy to reflect reductions on debt originally authorized before July 1, 2005, if it did not utilize the "unused levy" provision of the local levy limit statute.
- For obligations authorized before July 1, 2005, if the amount of debt service in the preceding year is less than the amount of debt service needed in the current year, the levy limit is increased by the difference between the two amounts. The County has no outstanding issues that were authorized prior to July 1, 2005.
- The levy limits do not apply to property taxes levied to pay debt service on general obligation debt authorized on or after July 1, 2005.

COUNTY OF MILWAUKEE, WISCONSIN

Letter of Transmittal

E) OTHER INFORMATION

Independent Audit

The accounting firm of Baker Tilly Virchow Krause, LLP was engaged to perform an audit of the basic financial statements and to issue a report on internal controls and compliance with laws and regulations for the County. The auditors' report on the basic financial statements is included in this comprehensive annual financial report.

The selection of the independent audit firm was administered by the Office of the Comptroller – Audit Division. A request for proposal was issued to solicit proposals from eligible firms. The proposals received by the County were reviewed and ranked by the committee. The County Board and County Executive then approved the contract of the successful firm.

The audit is performed to provide reasonable assurance that the financial statements are free of material misstatement. The audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded based upon the audit, that there is a reasonable basis for rendering an unmodified opinion that the County's financial statements for the fiscal year ended December 31, 2017, are fairly presented in conformity with Generally Accepted Accounting Principles. The independent auditors' report is presented as the first component of the financial section of the CAFR.

The accounting firm of Coleman & Williams, Ltd. has issued reports on its audit of Federal and State grants known as the Single Audit Report. The Single Audit Report will be issued under separate cover.

Certificate of Achievement

The Government Finance Officers Association of the United States and Canada ("GFOA") awarded a Certificate of Achievement for Excellence in Financial Reporting to the County for its Comprehensive Annual Financial Report ("CAFR") for the year ended December 31, 2016. This is the 38th (December 31, 1979, through December 31, 2016) consecutive year that the County has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized CAFR. This report must satisfy both Generally Accepted Accounting Principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements

The preparation of this report could not have been accomplished without the dedicated service of the entire staff of the Office of the Comptroller and the assistance of personnel in the various departments and through the competent service of the independent public accountants. We would like to express our appreciation to all persons who assisted in its preparation.

COUNTY BOARD STANDING COMMITTEES

The Board Chairperson appoints the chairperson and members of eight standing committees of the Milwaukee County Board. Each Committee is comprised of a Committee Chairperson and 5 to 7 members.

The **Economic and Community Development Committee** oversees the administration of federal, state and local housing programs in the County, including the Urban Community Development Block Grant Program. Matters pertaining to economic development of Milwaukee County, including the disposition of county properties zoned as parks, are decided by this Committee. The Committee receives information regarding the disposition of County property not zoned as park.

The **Finance and Audit Committee** reviews County budget matters, taxation and insurance matters. Audit reports are reviewed to ensure County departments implement program improvements and cost-saving recommendations.

The **Health and Human Needs Committee** is responsible for policies related to the Department of Health and Human Services, Children's Court Center, Department on Aging, Office for Persons with Disabilities and Veterans Service Office.

The **Intergovernmental Relations Committee** reviews proposed federal, state and local legislation affecting the County and makes recommendations determining the County's policy on these matters. On special occasions, members of the Committee appear before Congress, the State Legislature and governing bodies of other municipalities to support the County Board's policies.

The **Judiciary, Safety and General Services Committee** considers legal questions concerning lawsuits or claims by or against the County, including for personal injuries and property damage. Members set policy for County funded State Court Services, Family Court Commissioners, Jury Management, Register in Probate, Election Commission, County Clerk, Register of Deeds, Legal Resource Center, Sheriff, Medical Examiner, District Attorney, House of Correction, Department of Child Support Services and Corporation Counsel.

COUNTY OF MILWAUKEE, WISCONSIN

List of Principal Officials and Committees

December 31, 2017

The **Parks, Energy and Environment Committee** is responsible for all matters concerning County parks and parkways. Members set policy for the Parks Department, organized recreation, cultural activities, arts, the University Extension program, and the Zoo. Members make recommendations relating to conservation of air, water, energy and all other resources.

The **Personnel Committee** is responsible for employee relations, reclassification, compensation and conditions of employment of County personnel and officers. Members set policy for the Civil Service Commission and the County Employee Merit Award program.

The **Transportation, Public Works and Transit Committee** is responsible for the mission of the Department of Transportation, including the construction and maintenance of County highways, bridges, airports and public structures. Members discuss the policy of mass transit and the Milwaukee County Transit System, including fares, service routes and capital improvements. The Committee also discusses all matters under its jurisdiction pertaining to railroads and public utilities in the County.

Some matters coming before the County Board have a significant policy impact or a unique set of circumstances which overlap specific committee jurisdiction (for example, the closing of a major County facility). On such occasions, the **Committee of the Whole** will meet at the call of the County Board Chairperson. All 18 supervisors are members of the Committee of the Whole.

INDEPENDENT AUDITORS' REPORT

To the Board of Supervisors
County of Milwaukee
Milwaukee, Wisconsin

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Milwaukee, Wisconsin, as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the County of Milwaukee's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Milwaukee County War Memorial, Inc. and the Marcus Center for the Performing Arts, which represent 56 percent, 66 percent and 61 percent, respectively, of the assets, net position and revenues of the discretely presented component units. Those statements were audited by other auditors, whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Milwaukee County War Memorial, Inc. and the Marcus Center for the Performing Arts, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Milwaukee Public Museum, Inc., the Milwaukee County War Memorial, Inc., and the Marcus Center for the Performing Arts were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control over financial reporting relevant to the County of Milwaukee's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the County of Milwaukee's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Board of Supervisors
County of Milwaukee

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Milwaukee, Wisconsin, as of December 31, 2017 and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Milwaukee's basic financial statements. The supplementary information and other supplementary information as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information and other supplementary information are fairly stated in all material respects, in relation to the basic financial statements as a whole.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Milwaukee's basic financial statements. The "Introductory Section" and "Statistical Section" are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

To the Board of Supervisors
County of Milwaukee

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated July 31, 2018 on our consideration of the County of Milwaukee's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County of Milwaukee's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County of Milwaukee's internal control over financial reporting and compliance.

A handwritten signature in black ink that reads "Baker Tilly Virchow Krause, LLP". The signature is written in a cursive, flowing style.

COUNTY OF MILWAUKEE, WISCONSIN

Management's Discussion and Analysis As of and For the Year Ended December 31, 2017 (Unaudited)

The County of Milwaukee's management's discussion and analysis provides a narrative overview and analysis of the financial activities of the County for the fiscal year ended December 31, 2017. Please read it in conjunction with the transmittal letter at the front of this report and the County's basic financial statements following this section. All dollar amounts are expressed in thousands unless otherwise indicated.

FINANCIAL HIGHLIGHTS

Highlights for Government-wide Financial Statements

The government-wide financial statements report information about the County as a whole using the economic resources measurement focus and accrual basis of accounting.

- The County's assets and deferred outflow of resources are exceeded by its liabilities and deferred inflow of resources by \$202,634 on a government-wide basis as of December 31, 2017. The unrestricted net position of the County is a deficit of \$1,213,023.
- For the fiscal year, program and general revenues of the County's governmental activities total \$855,279. Expenses total \$915,853, including net transfers out of \$12,944.
- For the fiscal year, revenues of the County's business-type activities total \$268,164, including net transfers in of \$12,944. Expenses total \$267,450.

Highlights for Fund Financial Statements

The fund financial statements provide detailed information about the County's most significant funds using the current financial resources measurement focus and modified accrual basis of accounting.

- The County's governmental funds report combined ending fund balances of \$217,244 as of December 31, 2017 compared to \$211,556 as of December 31, 2016.
- The County's enterprise funds report combined net position of \$304,853 as of December 31, 2017, compared to \$304,139 as of December 31, 2016.
- In November 2017, the County issued: \$20,755 of General Obligation Corporate Purpose Bonds, Series 2017A, to finance various general capital projects, \$15,075 of General Obligation Refunding Bonds, Series 2017B, to refund all of the outstanding, callable maturities of the General Obligation Bonds, Series 2008A, \$6,615 of General Obligation Promissory Notes, Series 2017C, to finance various general capital projects and \$4,180 of General Obligation Promissory Notes, Series 2017D, to finance improvements at the Marcus Center for the Performing Arts.

COUNTY OF MILWAUKEE, WISCONSIN
Management's Discussion and Analysis
As of and For the Year Ended December 31, 2017
(Unaudited)

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's basic financial statements. The financial section of this annual report consists of four parts: (1) management's discussion and analysis (presented here), (2) basic financial statements that include the government-wide financial statements, fund financial statements and notes to the financial statements, (3) required supplementary information, and (4) other supplementary information.

The County's basic financial statements consist of two types of statements each with a different view of the County's finances. The government-wide financial statements provide both long- and short-term information about the County's overall financial status. The fund statements focus on major aspects of the County's operations, reporting those operations in more detail than the government-wide statements. The basic financial statements also include notes to explain information in the financial statements and provide more detailed data.

The statements and notes are followed by required supplementary information that contains the trend data pertaining to the retirement systems. Directly following this information is other supplementary information with combining and individual fund statements and schedules to provide details about the governmental, internal service, and fiduciary funds.

Government-wide Financial Statements

The **government-wide financial statements**, which consist of two statements, are designed to provide readers with a broad overview of Milwaukee County's finances in a manner similar to a private-sector business.

The first government-wide statement, ***the statement of net position***, presents information on all of the County's assets and deferred outflow of resources less liabilities and deferred inflow of resources, resulting in the net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The second government-wide statement, ***the statement of activities***, presents information showing how the County's net position changed during 2017. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for not only current uses of cash flow but also for items that will result in cash flows in a future fiscal period (e.g. uncollected taxes and earned but unused paid benefits).

Both of these government-wide financial statements distinguish functions of Milwaukee County that are principally supported by taxes and intergovernmental revenues (referred to as "governmental activities") from functions that are intended to recover all or a significant portion of their costs through user fees and charges (referred to as "business-type activities").

COUNTY OF MILWAUKEE, WISCONSIN

Management's Discussion and Analysis As of and For the Year Ended December 31, 2017 (Unaudited)

OVERVIEW OF THE FINANCIAL STATEMENTS (cont'd)

The governmental activities of Milwaukee County include: Legislative, Executive and Staff; Courts and Judiciary; General Governmental Services; Public Safety; Public Works and Highways; Health and Human Services; and Parks, Recreation and Culture. The business-type activities of Milwaukee County include the Airports and the Transit System.

The government-wide financial statements include the County's governmental and business-type activities (collectively referred to as the "primary government") as well as the legally separate entities (known as "discretely presented component units") for which the County is financially accountable or would cause the County's financial statements to be incomplete or misleading if the entity was excluded. The Milwaukee Public Museum, Inc., Milwaukee County War Memorial, Inc., and Marcus Center for the Performing Arts are the County's discretely presented component units. Together, the primary government and its discretely presented component units are referred to as the reporting entity. Financial information is presented separately on each financial statement for governmental activities, business-type activities, primary government and component units.

The government-wide financial statements can be found on pages 53 - 56 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Milwaukee County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Milwaukee County can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the County's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the County's near-term financing decisions. Both the governmental funds' balance sheet and the governmental funds' statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

COUNTY OF MILWAUKEE, WISCONSIN
Management's Discussion and Analysis
As of and For the Year Ended December 31, 2017
(Unaudited)

OVERVIEW OF THE FINANCIAL STATEMENTS (cont'd)

The County maintains ten individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental statement of revenues, expenditures, and changes in fund balances for the general fund, debt service fund, and capital projects fund, which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation called non-major governmental funds. These non-major governmental funds are all special revenue funds of the County. Individual fund data for each of the non-major governmental funds is provided in the form of combining statements in the Supplementary Information section.

The County adopts an annual appropriated budget for its general fund, debt service fund, and capital projects funds. A budgetary comparison statement has been provided for the general fund to demonstrate budgetary compliance in the basic financial statements. Budgetary comparisons for other funds with adopted budgets as well as a general fund budgetary comparison by department is also included in the Supplementary Information section.

The governmental fund financial statements can be found on pages 57 - 61 of this report.

Proprietary funds

The County maintains two different types of proprietary funds: enterprise funds and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for the fiscal activities of the Airports and the Transit System. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for its Public Works services, Information Management services, and its Risk Management activities; because these services predominantly benefit governmental, rather than business-type functions, they are included with governmental activities in the government-wide financial statements.

The financial statements of the proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Airports and the Transit System, which are considered to be major funds of the County. Conversely, all internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is also included in the Supplementary Information section.

The proprietary fund financial statements can be found on pages 62 - 66 of this report.

Fiduciary funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government or are custodial in nature. Fiduciary funds are not reflected in the government-wide financial statements because the resources of these funds are not available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds: the economic resources measurement focus and the accrual basis of accounting.

COUNTY OF MILWAUKEE, WISCONSIN
Management's Discussion and Analysis
As of and For the Year Ended December 31, 2017
(Unaudited)

OVERVIEW OF THE FINANCIAL STATEMENTS (cont'd)

The County's fiduciary funds consist of a pension trust fund and agency funds. The pension trust fund is used to account for the assets held in trust by the County for the employees and beneficiaries of its defined pension plans - the Employees' Retirement System and the OBRA Retirement System. The agency funds are used to account for monies received, held, and disbursed on behalf of the State of Wisconsin Court System, fee collections, as mandated by the State, social service clients, and certain other local governments.

The fiduciary fund financial statements can be found on pages 67 - 68 of this report.

Component Units

Component Units are composed of the Milwaukee Public Museum, Inc., Milwaukee County War Memorial, Inc, and Marcus Center for the Performing Arts. These entities are included because generally accepted accounting principles require that organizations for which the County either has a financial responsibility or governance influence, such as board appointments, or if the County's financial statements would be incomplete or misleading if an entity was excluded, be reported with Milwaukee County.

The component unit financial statements can be found on pages 69 - 70 of this report.

Notes to the Financial Statements

Notes to the Financial Statements provide additional information that is essential to fully understand the data provided in the government-wide and fund financial statements.

The notes can be found on pages 71 - 157 of this report.

Required Supplementary Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the County's and Transit System's progress in funding its obligation to provide pension benefits and other post-employment benefits to its employees.

The required supplementary information can be found on pages 158 - 164 of this report.

Supplementary Information

Individual fund schedules are provided for budgetary comparisons of the major funds. In addition, various individual and combining fund financial statements and schedules are provided for non-major governmental funds, internal service funds and fiduciary funds.

The supplementary information can be found on pages 165 - 182 of this report.

COUNTY OF MILWAUKEE, WISCONSIN

Management's Discussion and Analysis As of and For the Year Ended December 31, 2017 (Unaudited)

OVERVIEW OF THE FINANCIAL STATEMENTS (cont'd)

Other Supplementary Information

Separate financial schedules are presented for the Behavioral Health Division Fund - Balance Sheet and Schedule of Revenues, Expenses and Changes in Net Position.

The other supplementary information can be found on pages 183 - 185 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The Government-wide financial statements are provided as part of the approach mandated by the Governmental Accounting Standards Board ("GASB"). GASB sets the uniform standards for presenting government financial reports. Complete comparative information is provided in this the Management's Discussion and Analysis.

Net position may serve over time as a useful indicator of a government's financial position. In 2017, assets and deferred outflow of resources are exceeded by its liabilities and deferred inflow of resources by \$202,634 at the close of the fiscal year. The County's net position decreased by \$(59,860) during the fiscal year.

COUNTY OF MILWAUKEE, WISCONSIN

Management's Discussion and Analysis As of and For the Year Ended December 31, 2017 (Unaudited)

GOVERNMENT-WIDE FINANCIAL ANALYSIS (cont'd)

The largest portion of the County's net position reflects its net investment in capital assets (e.g. land, land improvements, buildings, vehicles, equipment and infrastructure, net of depreciation and amortization, plus any unspent capital bond funds less the outstanding debt that was used to acquire those assets). As of December 31, 2017, the net investment in capital assets is \$753,913, an increase of \$7,855 from the prior year. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. Indirectly, the depreciation of capital assets is an expense for proprietary funds and therefore, as an expense, is available to be reimbursed through user fees of those funds.

Restricted net position as of December 31, 2017 totals \$256,476. These assets are subject to external restrictions on how they may be used, some of which include grant-related restrictions and debt service restrictions. The airport passenger facility charges ("PFC") revenue is restricted for airport bond repayment and future airport capital needs.

Unrestricted net position represents the remaining amount of net position that is neither related to capital assets nor is it restricted for specific purposes. As of December 31, 2017, the unrestricted net position balance is \$(1,213,023). Unrestricted net position decreased by \$78,042 in 2017.

Statement of Activities

The following table provides the summary of the changes in net position for the primary government for the fiscal years ended December 31, 2017 and 2016.

COUNTY OF MILWAUKEE, WISCONSIN Summary of Changes in Net Position (In Thousands)

Governmental Activities

The Governmental activities of Milwaukee County include Legislative, Executive and Staff, Courts and Judiciary, General Governmental Services, Public Safety, Public Works and Highways, Health and Human Services, and Parks, Recreation and Culture.

2017 Actual Revenues compared to 2016 Actual Revenues

Revenues by Source - Governmental Activities - 2017

COUNTY OF MILWAUKEE, WISCONSIN
Management's Discussion and Analysis
As of and For the Year Ended December 31, 2017
(Unaudited)

GOVERNMENT-WIDE FINANCIAL ANALYSIS (cont'd)

The County's governmental activities' total actual revenues decreased by \$137,823 (or 13.9%) to \$855,279 in 2017 from \$993,102 in 2016. The various sources of revenue for fiscal year 2017 are stated as a percentage of total revenues in the Revenues by Source pie graph above.

Charges for services decreased by \$177,508 to \$205,924 in 2017 from \$383,432 in 2016. Charges for service is the largest source of County revenues and represents collections from those who directly benefit from County services. The decrease is a result of Family Care becoming a private entity in September 2016.

Operating grants and contributions revenue increased by \$3,459 to \$182,975 in 2017 from \$179,516 in 2016. Operating grants and contributions generally represent federal and state grants revenue with the majority supporting health and human services programs.

Capital grants and contributions increased by \$15,803 to \$18,585 in 2017 from \$2,782 in 2016. Parks and Highways have projects that are funded with capital grants. The net increase is a result of a Wisconsin Department of Transportation grant received for an ongoing Highway repair.

Property tax revenue increased by \$1,739 to \$291,370 in 2017 from \$289,631 in 2016. Caps on increases in levy rates limit the increase each year which is more fully described in the Letter of Transmittal.

Sales tax revenue increased by \$1,594 to \$74,603 in 2017 from \$73,009 in 2016.

Intergovernmental revenues not related to specific programs increased by \$523 to \$34,082 in 2017 from \$33,559 in 2016 as a result of an increase of State payments to compensate for the exemption of the computers from property tax rolls, per 1997 Wisconsin Act 237.

Investment Income increased by \$339 to \$2,870 in 2017 from \$2,531 in 2016 as a result of a better market interest rates.

Gain/(Loss) on the sale of capital assets increased by \$6,723 to \$8,597 in 2017 from \$1,874 in 2016 as a result of a land sale/transfer to the Wisconsin Department of Transportation for freeways near the Milwaukee County Zoo as well as a sale of the two Airport hangars.

Other revenue increased by \$9,505 to \$36,273 in 2017 from \$26,768 in 2016 as a result of bi-annual recognition of unclaimed money, receipt of an insurance settlement, first recognition of a commission at the County Zoo, and contribution revenue for capital and operating maintenance projects.

COUNTY OF MILWAUKEE, WISCONSIN

Management's Discussion and Analysis As of and For the Year Ended December 31, 2017 (Unaudited)

GOVERNMENT-WIDE FINANCIAL ANALYSIS (cont'd)

Total Expenses and Total Revenues - Governmental Activities - 2017

2017 Actual Expenses compared to 2016 Actual Expenses

The County's governmental activities' total actual expenses decreased by \$99,058 (or 9.9%) to \$902,909 in 2017 from \$1,001,967 in 2016. Total expenses compared to total revenues by activity for fiscal year 2017 are shown in the Total Expenses and Total Revenues bar graph.

Legislative, Executive, and Staff expenses increased by \$7,376 to \$63,439 in 2017 from \$56,063 in 2016 as a result of expenses associated with redevelopment of the former Community Correctional Center building located at 1004 N 10th Street into supportive housing, a change in cross-charge policy that abates charges made to departments for building space rental from this departmental grouping, increased fringe costs related to pension expense under governmental accounting standards and other post-employment benefits, and higher costs for risk management services.

Courts and Judiciary expenses decreased by \$491 to \$59,827 in 2017 from \$60,318 in 2016 as a result of lower personnel expenditures in 2017.

General Governmental Services expenses decreased by \$285 to \$13,089 in 2017 from \$13,374 in 2016 since the 2016 expenses included costs for a presidential election and a recount.

Public Safety expenses increased by \$15,193 to \$194,000 in 2017 from \$178,807 in 2016 as a result of increased fringe costs related to pension benefits under governmental accounting standards, risk claim accruals for general liability, and personnel costs.

COUNTY OF MILWAUKEE, WISCONSIN

Management's Discussion and Analysis As of and For the Year Ended December 31, 2017 (Unaudited)

GOVERNMENT-WIDE FINANCIAL ANALYSIS (cont'd)

Public Works and Highways expenses increased by \$28,195 to \$119,825 in 2017 from \$91,630 in 2016 as a result of a change in cross-charge policy for fleet services that abates charges made to other departments, increased fringe costs related to pension benefits under governmental accounting standards, additional accruals for long-term pollution remediation expenses, and general inflationary increases.

Human Services expenses decreased by \$174,432 to \$319,930 in 2017 from \$494,362 in 2016 as a result of the elimination of \$182,070 of expenditures related to Family Care, which became a private entity in September 2016, and the reduction in spending on programs in Human Services and the Behavioral Health Division. This was offset by an increase in expenditures for pension expense under governmental accounting standards, and general inflationary increases.

Parks, Recreation and Culture expenses increased by \$26,783 to \$113,016 in 2017 from \$86,233 in 2016 as a result of funding a matching program for park improvements, write-off of the undepreciated assets related to the sale of O'Donnell Parking garage and portions of the War Memorial to the Milwaukee Art Museum, increased depreciation expense for recent capital asset improvements, increased fringe costs related to pension benefits under governmental accounting standards, and general inflationary increases.

Interest expense decreased by \$1,397 to \$19,783 in 2017 from \$21,180 in 2016.

Business-type Activities

The Business-type activities of Milwaukee County includes the Airports and Transit/Para-Transit ("Transit") System.

Revenues by Source - Business-type Activities - 2017

COUNTY OF MILWAUKEE, WISCONSIN

Management's Discussion and Analysis As of and For the Year Ended December 31, 2017 (Unaudited)

GOVERNMENT-WIDE FINANCIAL ANALYSIS (cont'd)

In 2017, the Airports' net operating income/(loss) decreased by \$2,127 (or (235.5)%) to \$(1,224) in 2017 from \$903 in 2016. Net nonoperating (revenues)/expenses decreased by \$2,054 (or (32.3)%) to \$6,357 in 2017 from \$8,411 in 2016. Total passengers at General Mitchell International Airport increased to 6.905 million passengers in 2017 from 6.757 million passengers in 2016.

Charges for Services revenue, which includes fees charged to airlines for use of the airport and fees received from ancillary services of the airports, increased by \$4,031 to \$95,324 in 2017 from \$91,293 in 2016. Capital Grants and Contributions revenues decreased by \$1,071 to \$7,087 in 2017 from \$8,158 in 2016. Investment Income as well as Operating Grants and Contributions revenues are negligible for the Airports. The Vehicle Registration Fee revenue is not applicable for the Airport.

The Airports' operating expenses increased by \$6,158 to \$96,548 in 2017 from \$90,390 in 2016. Interest expense decreased by \$1,816 to \$7,188 in 2017 from \$9,004 in 2016. Gain/(Loss) on Sale of Capital Assets is negligible for the Airports. Net operating transfers increased by \$3,757 to \$754 in 2017 from \$(3,003) in 2016.

Total Expenses and Total Revenues - Business-type Activities - 2017

In 2017, the Transit System's net operating income/(loss) decreased by \$4,520 (or 3.5%) to \$(122,804) in 2017 from \$(127,324) in 2016. Net nonoperating (revenues)/expenses increased by \$12,997 (or 14.9%) to \$100,275 in 2017 from \$87,278 in 2016. Total transit riders declined to 2.285 million passengers in 2017 from 2.916 million passengers in 2016.

Charges for Services revenue increased by \$392 to \$35,869 in 2017 from \$35,477 in 2016. Operating grants and contributions revenue, or total Federal and State grants, decreased by

COUNTY OF MILWAUKEE, WISCONSIN

Management's Discussion and Analysis As of and For the Year Ended December 31, 2017 (Unaudited)

GOVERNMENT-WIDE FINANCIAL ANALYSIS (cont'd)

\$4,684 to \$89,484 in 2017 from \$94,168 in 2016. Capital grants and contributions revenue increased by \$6,867 to \$10,794 in 2017 from \$3,927 in 2016. Milwaukee County implemented a wheel tax in 2017 for all vehicles registered in Milwaukee County. The Vehicle Registration Fee revenue increased by \$12,229. Investment income is negligible for the Transit System.

The Transit System's operating expenses decreased by \$4,108 to \$162,508 in 2017 from \$166,616 in 2016. Interest expense increased by \$95 to \$1,206 in 2017 from \$1,111 in 2016. (Gain)/Loss on Sale of Capital Assets decreased by \$5,547 to \$232 in 2017 from \$5,779 in 2016. Net operating transfers, or total County operating support, decreased by \$9,855 to \$12,189 in 2017 from \$22,044 in 2016.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements.

As of December 31, 2017, the County's governmental funds report combined ending fund balances of \$217,244. The restricted fund balance consists of \$5,000 for 2018 appropriations, \$4,798 for 2019 appropriations, \$40,739 for debt service, \$59,425 for commitments (including construction), \$9,922 for delinquent property taxes, \$456 for Housing, \$38,237 for Airports, \$5,186 for Administrative Services, \$1,853 for Zoo, \$1,289 for Parks, \$104 for Persons with Disabilities Division, \$37,249 for Behavioral Health Division and \$9,630 for Fleet and Facilities Divisions. The remainder of the Fund Balance consists of \$639 of committed funds for economic development and \$2,717 of non-spendable funds for inventories and prepaids.

The general fund is the main operating fund of the County and provides a majority of the day to day funding. It is used to account for and report all financial resources, except those resources required to be accounted for and reported in another fund. The general fund fund balance decreased by \$16 (or 0.02%) to \$66,627 in 2017 from \$66,643 in 2016 due to increases in the restricted accounts for Behavioral Health Division and commitments being offset by decreases in the delinquent property tax restricted account and the non-spendable deposit account resulting in an immaterial change in overall fund balance for the general fund.

The debt service fund balance is restricted for the payment of debt service. The debt service reserve decreased by \$3,742 (or (8.4)%) to \$40,739 in 2017 from \$44,481 in 2016, primarily as a result of the use of funds to pay debt service interest, contribute cash for debt refunding and provide funds to finance capital projects.

COUNTY OF MILWAUKEE, WISCONSIN

Management's Discussion and Analysis As of and For the Year Ended December 31, 2017 (Unaudited)

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS (cont'd)

The capital projects fund balance is restricted for commitments made on capital projects in progress. The capital projects fund decreased by \$388 (or (0.9)%) to \$43,253 in 2017 from \$43,641 in 2016. The fund balance decreased because the County has been working to reduce the backlog in capital project commitments.

Proprietary funds

At the end of 2017, the unrestricted net position of the two major funds, Airports and the Transit System, totals a deficit of \$83,541 due to the recognition of the net pension liability associated with both funds beginning in 2015. The total net position of these same two major funds is \$304,853 at the end of 2017 compared to \$304,139 at the end of 2016. The total net position for the Airports increased by \$260 and the total net position for the Transit System increased by \$454. Restricted net assets of the Airports are required per debt covenants associated with revenue bonds issued for capital improvements.

GENERAL FUND BUDGETARY HIGHLIGHTS

Expenditures and other uses exceeded revenues and other sources by \$19,921 in the General Fund for the year ended December 31, 2017. The table below is presented on a Non-GAAP budgetary basis. The Non-GAAP budgetary basis of actual revenues and expenditures differs from the Statement of Revenues, Expenditures, and Changes in Fund Balance due to the inclusion of encumbrances of \$19,491 in expenditures, Pension/Other expenditures of \$414 and transfers to component units of (\$6,211).

(Unaudited)

GENERAL FUND BUDGETARY HIGHLIGHTS (cont'd)

2017 Actual Revenues compared to 2017 Final Budget

Actual General Fund revenues are \$48,508 (or 5.7%) below the final budget amount. This is primarily due to:

- Intergovernmental Revenues are \$19,385 below due to a procedural change for DHHS Children's Long-term Support program, a reduction in the number of juvenile inmates at Lincoln Hills and a reduction in the amount of State Aid from Medicaid
- Taxes are \$3,074 below and is composed of:
 - ◊ Property taxes are \$3,208 below due to an increase in the amount of Property taxes written off.
 - ◊ Sales Taxes are \$134 above due to an increase in consumer spending.
- Charges for services are \$30,329 below due to a decrease in patient revenue resulting from a decrease in the Behavioral Health Division patient census. In May 2017, Zoo concessions were outsourced to an outside vendor; this results in a revenue reduction of \$4,000. The Zoo now receives a percentage of sales as revenue.
- Other revenues are \$4,280 above and is composed of:
 - ◊ Fines and Forfeits are \$90 above due to more than anticipated revenue from bail forfeitures.
 - ◊ Licenses and Permits are \$188 above due to revenue received from excavation permits.
 - ◊ Investment Income is \$946 above due to better investment earnings rates.
 - ◊ Other income is \$3,056 above budget.

2017 Actual Expenditures compared to 2017 Final Budget

Actual General Fund expenditures (excluding transfers), are \$42,874 (or 5.6%) below the final budget amount. This is primarily due to:

- The Department of Health and Human Services operational costs are below budget by \$15,000. This reflects reduced expenditures of: \$5,300 related to the State transition of the autism benefit to Medicaid card services as part of the Children's Long Term Support program, \$3,400 for State juvenile corrections charges due to less youth in State corrections, \$3,900 in contract adjustments, and a reduction of \$4,000 in expenditures related to the Wraparound program.
- The Zoological Department is below budget by \$4,000 due to the contracting out for concession services to an outside vendor. As a result, there is a reduction in salary and commodity expenditures since the concessionaire hires and manages their own employees as well as buying all food and beverages.

COUNTY OF MILWAUKEE, WISCONSIN
Management's Discussion and Analysis
As of and For the Year Ended December 31, 2017
(Unaudited)

GENERAL FUND BUDGETARY HIGHLIGHTS (cont'd)

- The Behavioral Health Division's operational costs are below budget by \$18,500. This is primarily related to underspending in the Wraparound program of \$7,600, Comprehensive Community Services program of \$2,300, and Community Recovery Services of \$600 due to lower enrollment and lower per-client spending. Reduction in staffing and staffing vacancies resulted in an additional \$4,000 underspending in personnel costs as the County continues to reduce its inpatient services and combine departmental units. Pharmacy and dietary accounts are also underspent due to lower inpatient unit census.

Budget Transfers

Transfers to Other Funds represent amounts transferred to other funds such as debt service, capital projects, internal service funds, and transit. When revenues fall short of expenditures in each of these funds, the County uses non-departmental revenues such as property tax and state shared revenue to provide financial support to these other funds. The revenue is allocated through an operating transfer from the General Fund.

There are three basic reasons for variances between the original budget and the amended budget:

- carryover of encumbrances from the prior year
- carryover of capital outlay and the associated revenue from the prior year
- fund transfer requests from departments

The carryover of encumbrances from the prior year process is automatic each year, and is authorized by Wisconsin State Statute and Milwaukee County Ordinance. The carryover of capital outlay and the associated revenue is also authorized by state statute and is approved by the County Board on a preliminary basis in March and finalized in April. During the fiscal year, the County Board receives fund transfer requests from departments. These transfer requests are reviewed and approved by the County Board.

The difference between original budget revenue of \$831,342 and final budget revenue of \$844,586 is an increase of \$13,244. The difference between original budget expenses of \$735,783 and final budget expenses of \$768,429 is an increase of \$32,646.

The major budget transfers of \$1,000 or greater in the general fund during 2017 are listed below:

- Legislative, Executive and Staff
 - ◊ Increase of \$1,800 to create expenditure authority to provide funding for the redevelopment of the Community Correctional Center (CCC) Building.
 - ◊ Increase of \$1,000 in expenditure authority for Pre-Trial Services and associated \$1,000 in revenue to recognize receipt of MacArthur Safety and Justice Challenge Phase II implementation grant.

COUNTY OF MILWAUKEE, WISCONSIN

Management's Discussion and Analysis As of and For the Year Ended December 31, 2017 (Unaudited)

GENERAL FUND BUDGETARY HIGHLIGHTS (cont'd)

- ◇ Increase in revenue and expenditures of \$53,123 to correct understatement of revenue and expenses resulting from a change in the way expenditures relating to cross charges are offset.
- ◇ Appropriation transfer of \$1,095 to realign principal and interest accounts within General County debt service and deposit surplus expenditure authority into Appropriation for Contingencies.
- Public Safety
 - ◇ Increase of \$2,240 in expenditures from unappropriated funds held by the County. These funds will be used in the Office Sheriff to cover labor costs exceeding the budget.
- Public Works and Highways
 - ◇ Increase of \$1,815 to create expenditure and revenue authority for the Federal Transit Administration Section 5310 Program.
 - ◇ Increase in revenue of \$3,994 to realize proceeds from the sale of the former Skyway Hangar. Increase in expenditures of \$3,994 to provide expenditure authority for the prepayment of the 2016 Taxable General Obligation Promissory Note.
 - ◇ Increase in revenue of \$2,520 to realize proceeds from the sale of the former Midwest Hangar. Increase in expenditures of \$2,520 to provide expenditure authority for the prepayment of the 2016 Taxable General Obligation Promissory Note.
- Human Services
 - ◇ Expenditure authority of \$2,408, \$14,248 and \$24,511 was moved between departments in the Behavioral Health Division to update the 2017 budgeted organizational structure to be in compliance with Legislative Audit Bureau findings which recommended further delineation in individual programs.

Transfers also represent the net budgeted funds to be provided by the General Fund to provide support to the remaining governmental fund departments, proprietary fund departments, and component units to offset any shortfalls between revenues and expenditures. The 2017 actual net contribution made by the General Fund to other funds is \$84,673.

The General Fund collects all property tax, sales tax revenue, and intergovernmental revenues not related to a specific program. These revenues are then transferred at the end of the year to the other governmental funds and the proprietary funds to offset any shortfalls between revenues and expenditures. Any gains in these same funds are returned to the General Fund, except for the Airport, which is required to maintain any gains or losses as part of its lease and/or revenue bond agreements, and the Behavioral Health Division.

COUNTY OF MILWAUKEE, WISCONSIN

Management's Discussion and Analysis As of and For the Year Ended December 31, 2017 (Unaudited)

GENERAL FUND BUDGETARY HIGHLIGHTS (cont'd)

The change in transfers between the original budget and the amended budget is due to the net changes in carryovers and encumbrances between years and any net transfers made from the general fund to proprietary fund departments.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

Milwaukee County's capital assets, net of accumulated depreciation, for its governmental and business-type activities as of December 31, 2017 is \$1,189,587 (cost of \$2,500,833 less accumulated depreciation of \$1,311,246). The County's total investment in capital assets decreased overall by 2.6% - governmental activities decreased by 1.9% and business-type activities decreased by 3.3%. The investments in capital assets includes land; land improvements; construction in progress; buildings and improvements; machinery, vehicles and equipment; infrastructure; and leased equipment. All infrastructure assets of the County are included in this report.

COUNTY OF MILWAUKEE, WISCONSIN Capital Assets (Net) (In Thousands)

The County's total debt decreased by \$53,548 during the year ended December 31, 2017.

New debt issued by the County during 2017:

In November 2017, pursuant to Chapter 67 of the Wisconsin Statutes, the County issued:

- General Obligation Corporate Purpose Bonds, Series 2017A, in the amount of \$20,755 to finance various general capital projects.
- General Obligation Refunding Bonds, Series 2017B, in the amount of \$15,075 to refund all of the outstanding, callable maturities of the General Obligation Bonds, Series 2008A.

COUNTY OF MILWAUKEE, WISCONSIN
Management's Discussion and Analysis
As of and For the Year Ended December 31, 2017
(Unaudited)

CAPITAL ASSETS AND DEBT ADMINISTRATION (cont'd)

- General Obligation Promissory Notes, Series 2017C, in the amount of \$6,615 to finance various general capital projects.
- General Obligation Promissory Notes, Series 2017D, in the amount of \$4,180 to finance improvements at the Marcus Center for the Performing Arts.

Additional information on the County's Long-Term debt can be found in Note 8 on pages 118 - 126 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

- Milwaukee County's annualized unemployment rate for 2017 is 4.0% compared to 5.0% in 2016, a 1.0% decrease. The unemployment rate for the month of May 2018 is 3.2% compared to 4.7% for the month of May 2017. Data as reported by the State of Wisconsin Department of Workforce Development.
- The median price for homes sold in Milwaukee County in 2017 is \$148.0. compared to \$139.9 in 2016, an increase of \$8.1 (or 5.8%). The annual median price for homes sold in Milwaukee County for the month of May 2018 is \$159.9 compared to \$150.0 for the month of May 2017, an increase of \$9.9 (or 6.6%). Data as reported by the Wisconsin Realtors Association, Housing Statistics Report.

During the 2017 fiscal year, the County has a net excess of revenues over expenditures of \$4,798 after considering net revenue from operations and changes in reserve balances. This excess is identified on the governmental funds balance sheet as Restricted for 2019 Appropriations and will be added to the revenue of the 2019 budget.

COUNTY OF MILWAUKEE, WISCONSIN

Reconciliation of the Balance Sheet of Governmental Funds to the Statement of Net Position As of December 31, 2017 (In Thousands)

Total Fund Balances for Governmental Funds as of 12/31/17 \$ 217,244

Total net position reported for governmental activities in the Statement of Net Position is different because of the following:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. Those assets, except for internal service funds, consist of:

Land	59,311
Construction in Progress	60,687
Land Improvements	285,548
Buildings and Improvements	728,621
Infrastructure	214,153
Machinery, Vehicles and Equipment	161,774
Less: Accumulated Depreciation	(871,769)

Internal service funds are used by management to charge costs associated with risk management, data processing services and public works services. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net Position.

Internal service fund net position is: 234

Deferred outflows and deferred inflows of resources do not relate to current resources and are not reported in the governmental funds.

Deferred Loss on Refunding of Debt	10,027
Deferred Outflow of Pension Contributions Subsequent to the Measurement Date	50,079
Deferred Outflow Difference Between Actual and Expected Experience	19,744
Deferred Outflows Net Difference Between Expected and Actual Earnings on Pension Plan Investments	89,452

Long-term liabilities applicable to the County's governmental activities are not due and payable in the current period and accordingly are not reported as fund liabilities, except for portions payable early in the following year for which sufficient resources have been accumulated in the funds to liquidate liabilities. These liabilities, except internal service fund liabilities, consist of:

Bonds and Notes Payable	(566,409)
Capital Leases	(1,999)
Net Pension Liability	(557,348)
Unfunded Claims and Judgments	(12,500)
Landfill Postclosure Costs	(1,235)
Pollution Remediation Costs	(24,655)
Compensated Absences Payable	(24,958)
Other Post Employment Benefits	(351,983)

Receivables not currently available are reported as revenue when collected or currently available in the fund financial statements but are recognized as revenue when earned in the government-wide financial statements:

11,695

Interest on long-term debt is not accrued in governmental funds; it is recognized as an expenditure when due. These liabilities are reported in the Statement of Net Position.

(3,200)

Total Net Position of Governmental Activities as of 12/31/17 \$ (507,487)

The notes to the financial statements are an integral part of this statement.

COUNTY OF MILWAUKEE, WISCONSIN

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balance of Governmental Funds to the Statement of Activities For the Year Ended December 31, 2017 (In Thousands)

Net Change in Fund Balances for Total Governmental Funds	\$	5,688
--	----	-------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental Funds report capital outlays as expenditures.

However, in the statement of activities, the cost of these assets is capitalized and they are depreciated over their estimated useful lives and reported as depreciation expense in the statement of activities.

Capital outlay reported as an expenditure in the Capital Project Fund	63,058
Items reported as capital outlay that were not capitalized	(6,821)
Items reported as capital from operations	3,531
Depreciation reported in the government-wide statements	(53,773)
Net book value of assets retired	(19,639)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	(2,192)
--	---------

Sale of nonfinancial assets acquired from payment on guaranteed loan	(11,410)
--	----------

Debt issued provides current financial resources to governmental funds, but issuing debt increases long-term liabilities in the statement of net position. Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

Debt issued	(29,998)
Refunding bonds issued	(14,248)
Premium on debt issued	(1,176)
Principal repaid	65,596
Principal retired on current refunding	15,338
Capital lease paid	1,152

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue (expense) of the internal service funds is reported with governmental activities.	2,267
--	-------

Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds:

Accrued Interest Payable	183
Amortization of Premiums, Discounts and Unamortized Losses on Refunding	(565)
Unfunded Claims and Judgments	(7,000)
Landfill Postclosure Costs	1,885
Pollution Remediation Costs	(10,931)
Compensated Absences Payable	2,305
Deferred Outflow for Pension Contributions Subsequent to the Measurement Date	2,478
Deferred Outflow Difference Between Actual and Expected Experience	(5,133)
Deferred Outflows Net Difference Between Expected and Actual Earnings on Pension Plan Investments	(12,802)
Net Pension Liability	(37,130)
Deferred Inflow Difference Between Actual and Expected Experience	3,742
Other Postemployment Benefits	(14,979)

Change in Net Position of Governmental Activities	\$	<u>(60,574)</u>
---	----	-----------------

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 1 - Summary of Significant Accounting Policies

The County of Milwaukee, Wisconsin ("County") incorporated in 1835, is a governmental entity established by laws of the State of Wisconsin and has the power of a body corporate, as defined by s.59.01 of the State of Wisconsin statutes.

The financial statements of the County have been prepared in accordance with generally accepted accounting principles ("GAAP") as applied to governmental units. The Governmental Accounting Standards Board ("GASB") is the standard-setting body for governmental accounting and financial reporting. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards, which, along with subsequent GASB pronouncements (Statements and Interpretations), constitutes GAAP for governmental units.

A. The Reporting Entity

This report includes all of the funds of the County. The reporting entity for the County consists of the primary government and its component units. Component units are legally separate organizations for which the primary government is financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that their exclusion would cause the reporting entity's financial statements to be misleading. The primary government is financially accountable if (1) it appoints a voting majority of the organization's governing body and it is able to impose its will on that organization, (2) it appoints a voting majority of the organization's governing body and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government, (3) the organization is fiscally dependent on and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. Certain legally separate, tax exempt organizations should also be reported as a component unit if all of the following criteria are met: (1) the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units, or its constituents; (2) the primary government or its component units, is entitled to, or has the ability to access, a majority of the economic resources received or held by the separate organization; and (3) the economic resources received or held by an individual organization that the primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to the primary government.

As required by GAAP and based on the criteria stated in the above paragraph, the financial statements of the reporting entity include those of Milwaukee County, the primary government, and its four major component units, which are discretely presented.

Component Units

Component units are reported using one of two methods, discrete presentation or blending. Generally, component units should be discretely presented in a separate column in the financial statements. A component unit should be reported as part of the primary government using the blending method if it meets any one of the following criteria: (1) the primary government and the component unit have substantively the same governing body and a financial benefit or burden relationship exists, (2) the primary government and the component unit have substantively the same governing body and management of the primary government has operational

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 1 - Summary of Significant Accounting Policies (cont'd)

responsibility for the component unit, (3) the component unit serves or benefits, exclusively or almost exclusively, the primary government rather than its citizens, or (4) the total debt of the component unit will be paid entirely or almost entirely from resources of the primary government.

The County has no blended component units to report. The County has three major discretely presented component units which are described below.

Milwaukee Public Museum, Inc. ("MPM") was organized on January 10, 1992 as a non-stock, non-profit corporation based in Wisconsin. Prior to March 31, 1992, the Milwaukee Public Museum was operated by the County. On March 31, 1992, MPM commenced operations as a corporation, separate and distinct from the County. MPM operates a natural history museum which focuses on exhibits, public programming, and research in the natural sciences, anthropology, and history. A forty-five member Board of Directors governs MPM. Nine members of the Board are appointed by the County Executive and are confirmed by the County Board of Supervisors.

MPM is reported as a discretely presented component unit of the County because the County owns the majority of the economic resources (the building and artifacts) available to MPM and provides annual appropriations. As a result, MPM has the ability to impose specific financial burdens on the County. MPM has a fiscal year ending August 31st.

Milwaukee County War Memorial, Inc. ("War Memorial") is a non-stock, non-profit corporation based in Wisconsin. The War Memorial is operated under the auspices of Milwaukee County. The original purpose of the War Memorial was to operate the War Memorial Center Facility/Milwaukee Art Museum, the Marcus Center for the Performing Arts, and the Charles Allis and Villa Terrace Art Museums. In 2006, the Marcus Center for the Performing Arts and in 2012, the Charles Allis and Villa Terrace Art Museums were granted separate Internal Revenue Service Section 501(c)(3) status and began operating as separate entities. In 2013, operation of a portion of the War Memorial Center Facility/Milwaukee Art Museum was ceded to the Milwaukee Art Museum. Beginning September 17, 2013, the sole purpose of the War Memorial is to operate the War Memorial Center.

A four member Board of Trustees ("Trustees") and an eleven member Board of Directors ("Board") govern the War Memorial. The four Trustees and two members of the Board are appointed by the County Executive and are confirmed by the County Board of Supervisors.

The War Memorial is reported as a discretely presented component unit of the County because the County appoints the voting majority of the Board of Trustees, owns the majority of the economic resources (the building) available to the War Memorial, and provides annual appropriations. As a result, the War Memorial has the ability to impose specific financial burdens on the County. The War Memorial has a fiscal year ending December 31st.

Marcus Center for the Performing Arts ("Marcus Center") is a non-stock, non-profit corporation based in Wisconsin that offers performance facilities, various services to a wide range of performing arts, and a parking structure. The Marcus Center is home to the Milwaukee Symphony Orchestra, the Milwaukee Ballet Company, the Milwaukee Youth Symphony Orchestra, the Florentine Opera Company, First Stage Milwaukee, and other special arts groups, ethnic and cultural festivals and community concerts. The Marcus Center operates as a

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 1 - Summary of Significant Accounting Policies (cont'd)

separate reporting entity and has combined all of its related funds into one set of financial statements. A twenty-five member Board of Directors governs the Marcus Center. Seven members of the Board are appointed by the County Executive and are confirmed by the County Board of Supervisors.

On August 12, 2015, the State of Wisconsin passed Wisconsin Act 60; the legislation states that under Section 115 of Nonstatutory Provisions, the Marcus Center property can be transferred to the local exposition district ("Wisconsin Center District"). This transfer shall take effect upon adoption of a resolution by the Wisconsin Center District Board requesting the transfer, at which point a written proclamation of support from the County Executive would be needed to complete the transfer of the property. On April 4, 2018, the language transferring the Marcus Center property from Milwaukee County to the Wisconsin Center District was removed under Wisconsin Act 205.

The Marcus Center is reported as a discretely presented component unit of the County because the County owns the majority of the economic resources (the building), provides annual appropriations, and has previously assisted with the issuance of general obligation corporate purpose bonds to finance certain improvements. While the Marcus Center is fiscally dependent, it has the ability to impose specific financial burdens on the County. Also, even though the County does not appoint the majority of the Board of Directors, excluding the Marcus Center would render the County's financial statements incomplete or misleading. In 2017, the Marcus Center changed their fiscal year ending from December 31st to June 30th.

Complete financial statements for each of the individual component units may be obtained at the entity's administrative offices listed below.

Related Organizations

The Milwaukee County Federated Library System ("MCFLS") is a membership organization comprised of the fifteen administratively autonomous and fiscally independent public libraries in Milwaukee County. MCFLS assumes a leadership role in facilitating cooperation among its member libraries, improving access to and encouraging sharing of resources, promoting the most effective use of local, county, state and federal funds and assisting member libraries in the utilization of current and evolving technologies to provide the highest possible level of library service to all County residents. The County Executive is responsible for appointing the seven-member board of MCFLS but the County's accountability for MCFLS does not extend beyond making the appointments. In accordance with State Statute s.43.19(1)(a) at least one but not more than two County Board Supervisor(s) shall be members of the system board at any one time.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 1 - Summary of Significant Accounting Policies (cont'd)

Milwaukee Regional Innovation Center, Inc. ("MRIC") is a community for entrepreneurs that provides the environment, the support, and the resources for innovation. The MRIC board is composed of fifteen members of whom five are elected by the MRIC board, six are elected by the MRIC board and are confirmed by the County Board, two are appointed by the County Executive, and two are appointed by the County Board Chairperson. If MRIC were to dissolve, its remaining assets (after debt and liability payments) would be given back to the County to benefit the public.

B. Measurement Focus and Basis of Accounting

Government-wide Financial Statements

The statement of net position and the statement of activities report information on all of the non-fiduciary activities of the primary government and its discretely presented component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely, to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenue include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges for interfund services provided and used between the County's governmental and business-type activities. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Fund Financial Statements

The underlying accounting system of the County is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets/deferred outflows of resources, liabilities/deferred inflows of resources, fund equity,

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 1 - Summary of Significant Accounting Policies (cont'd)

revenues, and expenditures or expenses as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Separate financial statements are provided for governmental funds, proprietary funds, component units, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The County applies GASB Statement No. 33, "Accounting and Financial Reporting for Nonexchange Transactions," when accounting for and reporting intergovernmental revenue transactions. The governmental fund financial statements report these revenues when entitlements to those resources have occurred and all grant requirements have been met. In the government-wide and proprietary fund financial statements these revenues are recognized when entitlement to the resources has occurred and grant requirements have been met, regardless of the timing of the revenues. State shared revenues are recognized as revenues in the governmental funds when the County is entitled to these funds. Intergovernmental grants received for proprietary fund operating purposes, or which may be utilized for either operations or capital expenditures at the discretion of the County, are recognized as non-operating revenues in the accounting period in which they are earned. Intergovernmental grants restricted for the acquisition or construction of capital assets in the proprietary funds are recorded as a component of income.

All Financial Statements

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities, and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

Governmental Funds

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

The County considers property tax revenues to be available if they are collected within 60 days of the end of the current fiscal period. Uncollected property taxes of municipalities within the County, except the City of Milwaukee, are purchased and then collected by the County. There is no recourse to the municipalities for the collection of the property taxes. The County considers intergovernmental revenues to be available if they are collected within 90 days of the end of the current fiscal period. Property taxes, intergovernmental revenues, sales taxes, investment income, rents, and charges for services associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Licenses and permits, fines and forfeitures and all other revenue items are

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 1 - Summary of Significant Accounting Policies (cont'd)

considered to be measurable and available only when the county receives cash.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures related to debt service, compensated absences, and claims and judgments are recorded only when payment is due.

Proprietary Funds

The County's enterprise funds and internal service funds are proprietary funds. In the fund financial statements, proprietary funds are presented using the accrual basis of accounting. Revenues are recognized when they are earned and expenses are recognized when the related goods or services are delivered. In the fund financial statements, proprietary funds are presented using the economic resources measurement focus. This means that all assets and all liabilities (whether current or non-current) associated with their activity are included on their balance sheets. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in total net position.

Proprietary funds separate all activity into two categories: operating and non-operating revenues and expenses. Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Proprietary fund operating expenses result from providing services as well as producing and delivering goods. Non-operating revenues and expenses entail all other activity not included in operating revenues and expenses. Non-operating revenues and expenses include capital and non-capital financing activities and investing activities.

Amounts paid to acquire capital assets are capitalized as assets in the fund financial statements, rather than reported as expenditures. Proceeds from long-term debt are recorded as a liability in the fund financial statements, rather than as other financing sources. Amounts paid to reduce long-term indebtedness are reported as a reduction of the related liabilities, rather than as an expense.

Fiduciary Funds

The County uses fiduciary funds to account for assets held in a trustee or agency capacity. Fiduciary funds are not reflected in the government-wide financial statements because the resources of these funds are not available to support the County's own programs. Trust funds are accounted for using the economic resources measurement focus and the accrual basis of accounting. Agency funds report only assets and liabilities and therefore do not have a measurement focus; however, agency funds use the accrual basis of accounting to recognize receivables and payables.

C. Basis of Presentation

Funds are organized as major or nonmajor within the governmental and proprietary statements. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the County or meets the following criteria:

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 1 - Summary of Significant Accounting Policies (cont'd)

- (a) Total assets/deferred outflows of resources, liabilities/deferred inflows of resources, revenues, or expenditures /expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and
- (b) The same element of the individual governmental or enterprise fund that met the 10% test is at least 5% of the corresponding total for all governmental and enterprise funds combined.
- (c) In addition, any other governmental or enterprise fund that the County believes is particularly important to financial statement users may be reported as a major fund.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The County presents the following **major governmental funds**:

- **General Fund** is the government's primary operating fund. It accounts for and reports all financial resources of the general government, except those resources required to be accounted for in another fund.
- **Debt Service Fund** accounts for and reports the accumulation of resources that are restricted, committed or assigned for the payment of principal and interest on long-term general obligation debt.
- **Capital Projects Fund** accounts for and reports the financial resources that are restricted, committed or assigned for the acquisition or construction of major capital facilities and other capital assets.

The County presents the following **major proprietary funds**:

- **Airports Fund** accounts for the operations of General Mitchell International Airport and Timmerman Airport. Airport passenger facility charges and related capital expenditures are not accounted for in the airport's enterprise fund but are accounted for as a special revenue fund.
- **Transit System Fund** accounts for the activities of the Milwaukee County Transit System and the Paratransit System. Both systems are operated and managed by Milwaukee Transport Services, Inc., a private non-profit corporation. The Transit System provides public transportation in the Milwaukee metropolitan area. The Paratransit System provides transportation, using private vendors, for passengers who meet the paratransit eligibility requirements.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 1 - Summary of Significant Accounting Policies (cont'd)

The County presents the following **non-major funds and other fund types**:

- **Special Revenue Funds** are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specified purposes other than debt service or capital projects. The specific purpose of each fund is as follows:
 - ◇ **Zoo** - used for maintenance and repairs of the miniature passenger train and the zoomobile, conservation, maintaining and expanding the library, employee's travel, animal acquisitions and specimens for the Milwaukee County Zoo.
 - ◇ **Parks** - used for the repair, restoration and enhancement of the various parks throughout Milwaukee County.
 - ◇ **Persons with Disabilities** - used for special projects to help free disabled persons from environmental and attitudinal barriers.
 - ◇ **Behavioral Health Division** - used for mental health research, patient activities and special events, funding for youth and young adults with severe mental health needs. It also used for compensated absence payouts for Behavioral Health Division retirees.
 - ◇ **Airport** - Airport Passenger Facility Charge (PFC) is used for the collection of Federal Aviation Administration (FAA) approved passenger facility charges, which are to be used for capital projects at the Airport.
 - ◇ **Administrative Services** – used by Risk Management for employee health and safety issues. It also includes pension stabilization established with \$6,500 in 2009 with issuance of Pension Liability funds for County ERS, under state statute.
 - ◇ **Public Works** - used for compensated absence payouts for retirees from the Fleet Maintenance and Facilities Management divisions.
- **Internal Service Funds** account for the financing of goods and services provided by one department to other departments of the County, or to other governmental entities, on a cost- reimbursement basis. Information Management Services, Public Works Services, and Risk Management are the County's internal service funds.
- **The Pension Trust Fund** accounts for the activities of the Employees' Retirement System and OBRA 1990 Retirement System of the County of Milwaukee. This fund accumulates resources for pension benefit payments to qualified Milwaukee County employees. Substantially all full and part-time employees of the County participate in these single-employer defined benefit plans.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 1 - Summary of Significant Accounting Policies (cont'd)

- **Agency Funds** are custodial in nature and are used to account for assets held by the County as an agent for individuals, private organizations and other governmental units. The significant agency fund within the County is the Civil Court-ordered Family Support Payments.

D. Assets / Deferred Outflows of Resources, Liabilities / Deferred Inflows of Resources and Net Position or Equity

1. Deposits and Investments

To facilitate cash management of the County's resources, cash and investments are pooled in common accounts. These pooled common accounts are considered cash equivalents for the purposes of the statements of cash flows. The cash and investment balance in each fund represents the equity in these pooled resources.

The resources of the Special Revenue funds, the Agency funds, the Pension Trust fund, and the Transit fund are restricted and are not available to the County to finance its operations. Deposits and investments of the Agency Funds are held separately from those of other County funds. Deposits and investments of the Airport Trust are held separately from those of other County funds due to Revenue Bond restrictions. Deposits and investments of the Pension Trust fund are held in separate accounts with Employees' Retirement System. Deposits and investments in the Transit fund are held in separate accounts with Milwaukee Transport Services, Inc., a non-profit corporation.

The State of Wisconsin statutes authorize the County to invest in State-authorized financial institution time deposits that mature in not more than three years, bonds or securities issued or guaranteed as to principal and interest by the Federal government, bonds or securities of any municipality of the State, securities that mature not more than ten years from the date on which the security was acquired and which has a rating in one of the two highest categories assigned by a nationally-recognized rating agency, repurchase agreements secured by funds or securities issued or guaranteed as to principal and interest by the Federal government, and local government pooled investment funds. In addition, the Pension Board, as administrator of the Pension Trust Fund is authorized to invest in all types of investments deemed appropriate.

All investments are stated at fair value, including investments in the Pension Trust Fund.

Additional information is provided in Note 3.

2. Receivables

Activity between funds that are representative of lending / borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). The County has no "advances to/from other funds". All other outstanding balances between funds are reported as "due to/from other funds". Interfund receivables and payables between funds within governmental activities are eliminated in the statement of net position. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as internal balances.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 1 - Summary of Significant Accounting Policies (cont'd)

At year-end, amounts due from private individuals, organizations or other governments which pertain to charges for services rendered by County departments are reported as accounts receivable. Receivables are reviewed periodically to establish or update the allowance for doubtful accounts. All trade receivables for the business-type funds are shown net of an allowance for uncollectibles.

Property tax receivables represent the taxes levied on or before December 31, the lien date. Taxes are recognized in the governmental funds as revenue in the year when they are available to finance county services. Since these property tax receivables are not available for the current fiscal year, they are shown as deferred inflows of resources.

Property taxes are levied based on the equalized value, which is computed using the assessment date of January 1, of all general property located in the County. The equalized value excludes tax incremental financing districts. The taxes are due on the last day of January but may be paid in two or more installments, depending on local ordinance.

Delinquent property tax receivable is comprised of the unpaid property taxes that the County purchases from other taxing authorities within the County, except the City of Milwaukee, to facilitate the collection of taxes. The purchases are a financing arrangement. The municipalities portion that is not collectable within sixty days of year-end is reflected as a reservation of fund balance at year-end for amounts considered unavailable. The County's portion of uncollected property taxes within the boundaries of the City of Milwaukee is sold to the City each year.

Interest is earned on investments and delinquent property taxes. The County's portion of delinquent property taxes, accrued interest and penalties that are not collectable within sixty days of year-end is reflected as unearned revenue in the governmental funds.

Additional information is provided in Note 4.

3. Inventory, Prepaid Items and Insurance Deposits

Inventories are valued at average cost or current cost, which approximates the first-in/first-out (FIFO) method. Inventories in the governmental and proprietary funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. As of December 31, 2017 Milwaukee County has prepaid items totaling \$1,668.

Milwaukee County offers its employees the option to participate in flexible spending account plans for eligible health and daycare expenses which are administered by a third party; as of December 31, 2017 \$218 is prepaid.

Milwaukee County has self-funded health and prescription insurance plans administered by a third party. A requirement of the self-funded plans is that the County must maintain deposits with this third party manager; as of December 31, 2017 \$3,173 is on deposit.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 1 - Summary of Significant Accounting Policies (cont'd)

4. Restricted Assets

Certain proceeds of the Deposits and Investments area are considered restricted as explained earlier in Note 1, section D, item 1. At the end of 2017, these restricted assets consisted of Capital Project reserves, Airport reserves and unspent revenue bond proceeds, and Airport Passenger Facility Charge revenues. Restricted assets are not available to the County to finance its operations.

Capital Projects: Bond proceeds of \$32,496 are held for various capital projects for the Courthouse and other governmental facilities, Parks and other recreational areas, and Highway and related transportation assets and infrastructure.

Airports: Certain proceeds of the Airports enterprise fund revenue bonds, as well as certain resources set aside for repayment are maintained in separate bank accounts and their use is limited by applicable bond covenants. At the end of 2017, the restricted asset balance of \$23,792 consists of \$18,162 of reserves under Airport Revenue Bond covenants and \$5,630 of 2006, 2009, 2010 and 2013 unspent revenue bond proceeds.

The Airport Revenue Bond Interest and Principal Account are used to segregate resources accumulated for the semi-annual debt service payments. The Airport Revenue Bond Debt Service Reserve Account is used to report resources set aside to make up for any future deficiencies that may occur in the Airport Revenue Bond Principal and Interest Account. In addition, Airport Revenue Bond covenants require that fund equity be reserved for Debt Coverage, and Operations and Maintenance Reserves. The Debt Coverage Reserve Account and the Operations and Maintenance Reserve Account are used to report resources set aside to subsidize potential deficiencies from the Airport operation that could adversely affect debt service payments. When both restricted and unrestricted resources are available to make certain payments, the County uses unrestricted resources to liquidate payments first.

Airport Special Revenue Fund: Restricted Assets for the Airport Special Revenue Fund at the end of 2017 amount to \$38,237 which consists of \$33,609 for passenger facility charges allocated and \$4,628 for contributed assets. Passenger facility charges are collected by the Airport and are used for capital projects or repayment of bonds for approved capital projects. The passenger facility charges are accounted for in a separate Special Revenue Fund.

5. Capital Assets / Other Assets

Government-wide Statements

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g. roads, bridges, drainage, lighting systems, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The County defines capital assets as assets with an initial, individual cost of more than \$2,500 (two thousand five hundred dollars) and an estimated useful life in excess of one year. The exception to this is for purchases of data processing equipment which has an initial, individual cost of more than \$1,000 (one thousand dollars). Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Capital assets received as gifts or donations are recorded at estimated acquisition value at the time of receipt.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 1 - Summary of Significant Accounting Policies (cont'd)

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets' lives are not capitalized. Major outlays for capital assets and improvements are capitalized at cost when purchased or constructed and updated for the cost of additions and retirements during the year.

Property, plant, equipment, and infrastructure of the primary government and its component units are depreciated using the straight-line method over the following estimated useful lives: Buildings - 40 years, Building Improvements - 12-20 years, Furniture and Fixtures - 10 years, Infrastructure - 20-30 years, Machinery and Equipment - 5-15 years, and Vehicles and Related Equipment - 5-12 years.

In 2016, the County obtained mortgaged assets from a company who defaulted on its loan commitment, which required the County to pay off the company's debt. The assets were valued at the cost of \$11,410. These assets were sold in 2017.

The County owns a collection of zoo animals and a collection of museum historical artifacts which meet the definition of a capital asset and normally should be capitalized and reported in the financial statements. However, the requirement of capitalization is waived for collections meeting all of the following conditions: 1) the collection is held for reasons other than financial gain, 2) the collection is protected, kept unencumbered, cared for, and preserved, and 3) the collection is subject to an organizational policy requiring that the proceeds from sales of collection items be used to acquire other items for collections. The County has elected not to capitalize the collection of museum historical artifacts because these assets meet the criteria stated above that qualify the collections for exemption from the capitalization requirement.

With regard to the collection of zoo animals and in accordance with industry practice, animal collections are recorded at the nominal amount of \$1 (one dollar), as there is no objective basis for establishing value. Additionally, animal collections have numerous attributes, including species, age, sex, relationship and value to other animals, endangered status, and breeding potential, whereby it is impracticable to assign value. Acquisitions are recorded as expenditures in the period of acquisition. In an ongoing commitment to enhance the worldwide reproduction and preservation of animals, the County shares animals with other organizations. Consistent with industry practice, the County does not record any asset or liability for such sharing arrangements, as generally these arrangements are without monetary consideration.

Fund Financial Statements

In the fund financial statements, capital assets used in governmental fund operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition. Capital assets used in proprietary fund operations are accounted for in the same manner as in the government-wide statements.

Additional information is provided in Note 5.

6. Compensated Absences

County employees are granted vacation, sick leave, and personal days in varying amounts in accordance with administrative policies and union contracts. County employees are requested to use all accumulated vacation time earned each calendar year; however, a maximum of 56

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 1 - Summary of Significant Accounting Policies (cont'd)

(fifty six) vacation hours may be carried over to the subsequent calendar year. Sick leave is accrued up to a maximum of 960 (nine hundred sixty) hours. Personal days must be used in the current calendar year; unused balances are forfeited at year-end.

In the event of termination or retirement, employees are paid for unused vacation, personal days, holiday and overtime hours; however, if an employee has less than one year of service or is discharged for cause, all unused balances are forfeited. Unused sick leave hours are forfeited upon termination other than retirement. Depending on their prior bargaining unit affiliation and date of hire, a retiring employee may be entitled to either a full or partial cash payout or full credit for post-retirement health care costs of their eligible sick leave hours. The County eliminated the cash payout/health care credit at retirement for any sick leave hours accrued after June 24, 2012 for certain union and non-represented employees. Retiree sick leave cash payouts are \$1,367 and health care credits are \$107 in 2017.

Vacation, eligible sick leave, holiday and overtime hours earned and vested by active employees are accrued in the government-wide and proprietary fund financial statements. The short-term portions of compensated absences, primarily vacation, holiday, and overtime, is classified as current liabilities; for the governmental activities and the business-type activities, the short-term portion is \$19,048 and \$2,885, respectively. The long-term portions of compensated absences, primarily for eligible sick leave payable upon retirement, is classified as compensated absences; for the governmental activities and the business-type activities, the long-term portion is \$9,414 and \$10,262, respectively. The \$2,840 paid to employees in the governmental fund types within 60 days after year-end is recorded as a liability and as an expense in the governmental fund financial statements.

Additional information is provided in Note 8.

7. Long-Term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Additional information is provided in Note 8.

8. Deferred Outflows of Resources

A deferred outflow of resources represents a consumption of net position/fund balance that applies to a future period and therefore will not be recognized as an outflow of resources

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 1 - Summary of Significant Accounting Policies (cont'd)

(expense/expenditure) until that future time.

A deferred loss on refunding arises from a refunding of debt. The difference between the cost of the securities placed in trust for future payment of refunded debt and the net carrying value of that debt is deferred and amortized as a component of interest expense over the shorter of the term of the refunding issue or the original term of the refunded debt. The unamortized amount is reported as a deferred outflow of resources in the government-wide and proprietary fund statements.

9. Deferred Inflows of Resources

A deferred inflow of resources represents an acquisition of net position/fund balance that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until that future time.

10. Equity Classifications

Government-wide Statements

Equity is classified as net position and displayed in three components:

- **Net Investment in Capital Assets** – Consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets less any unspent debt proceeds.
- **Restricted Net Position** – Consists of net position with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or, 2) law through constitutional provisions or enabling legislation.
- **Unrestricted Net Position** - All other net position that do not meet the definition of “restricted” or “net investment in capital assets”.

When both restricted and unrestricted resources are available for use, it is the County’s policy to use restricted resources first, and then unrestricted resources, as they are needed.

Fund Statements

In the governmental fund financial statements, fund balance is displayed in the following classifications that are based on the spending constraints placed on the resources:

- **Nonspendable Fund Balance** – amounts that are not in a spendable form (such as inventory).
- **Restricted Fund Balance** – amounts constrained to specific purposes by their providers (such as grantors, bondholders, or higher levels of government).

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 1 - Summary of Significant Accounting Policies (cont'd)

- **Committed Fund Balance** – amounts constrained to specific purposes as approved or rescinded in a Board Resolution, and in compliance with State Statute.
- **Assigned Fund Balance** – amounts constrained by the County's intent to be used for specific purposes, but are neither restricted nor committed. Intent is expressed by the legislative, executive branch or an official of the County to which the governing body has assigned this authority. As adopted May 17, 2012 on Board Resolution 12-418, generally, final intent is authorized through the County resolution approved by the County Board and County Executive. The Comptroller shall ensure that there are adequate funds in the department prior to the encumbering of any funds. The County has restrictions against, and does not presently have, any Assigned Fund Balance.
- **Unassigned Fund Balance** – amounts included in the residual classification for the General Fund that have not been restricted, committed, or assigned to specific purposes. The County has restrictions against, and does not presently have, any Unassigned Fund Balance.

The County considers restricted resources to be spent first and then unrestricted resources unless there are legal documents/contracts that prohibit doing this, such as in grant agreements requiring dollar for dollar spending. Additionally, the County would first use committed, then assigned and lastly unassigned amounts of unrestricted fund balance when expenditures are made.

In the enterprise fund and government-wide financial statements, the portion of net position that represents net investment in capital assets is reported separately. Restricted net positions are reported for amounts that are legally restricted by outside parties to be used for a specific purpose.

The State of Wisconsin statutes require that the surplus/deficit of all departments of the County be determined in accordance with GAAP based on fund financial statements. The amount of any surplus/deficit of the current year is restricted by County Ordinance 32.91(4)(a)(4) and State Statute to be used to reduce/increase property tax levy in the subsequent budget period.

The Board of Supervisors may by two-thirds vote, adopt a resolution prior to the adoption of the tax levy authorizing the surplus, in whole or in part, be placed in a debt service reserve for the retirement of outstanding general obligation bonds of the County. The Board of Supervisors may also by two-thirds vote adopt a resolution authorizing the surplus to be used to provide funds for emergency needs, as defined under the State of Wisconsin statutes. The surplus cannot be used for any other purposes except those stated above.

11. Allowance for Doubtful Accounts

The Behavioral Health Division ("BHD") provides an allowance for all third-party payers such as Medicare, Medicaid, HMO's, and other types of health insurance. The Department of Health and Human Services ("DHHS") provides an allowance for amounts due from recipients of housing loans provided to low-income homeowners. The Department of Public Works ("DPW")

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 1 - Summary of Significant Accounting Policies (cont'd)

provides an allowance for Private Fire Protection charges that are in dispute.

BHD, DHHS, and DPW adjust revenue in the current year of operations for the difference between amounts billed (or loans made) and expected reimbursement. In as much as the adjustment is an estimate, any difference between the amount accrued and the amount settled is recorded in operations in the year of settlement. As of December 31, 2017, the total allowance for BHD, DHHS, and DPW is \$24,757. No other allowances for doubtful accounts are maintained since other fund accounts receivable are considered collectable as reported at December 31, 2017. All allowances are netted against receivables for financial statement presentation.

Additional information is provided in Note 4.

12. Capitalization of Interest

Interest is capitalized on assets acquired with tax-exempt debt. The amount of interest to be capitalized is calculated by offsetting debt interest expense incurred from the date of the borrowing until completion of the project, with interest earned on invested, unspent debt proceeds over the same period. During 2017, the net amount of capitalized interest is \$328.

13. Obligation for Bond Arbitrage Rebate

Pursuant to Section 148(f) of the U. S. Internal Revenue Code, the County must rebate to the United States Government the excess of interest earned from the investment of certain debt proceeds and pledged revenues over the yield rate of the applicable debt. The County uses the "revenue reduction" approach in accounting for rebateable arbitrage. This approach treats excess earnings as a reduction of revenue. There is no liability for rebateable arbitrage as of December 31, 2017.

14. Landfill Post-Closure Costs

Under the terms of current state and federal regulations, the County is required to place a final cover on closed landfill areas and to perform certain monitoring and maintenance functions for a period of up to thirty years after closure. The County recognizes these costs of closure and post-closure maintenance over the active life of each landfill area, based on landfill capacity used during the period. The County has recorded short-term and long-term obligations for post-closure costs. These costs are recognized in the governmental activities.

Additional information is provided in Note 8.

15. Pollution Remediation Costs

The County has been designated as the responsible party to cleanup petroleum contamination located on County property, to inspect manholes in the Parks System to ensure that clear water does not go into the sanitary or stormwater sewers, to repair stream banks after contaminated sediment is removed, and repair and monitor underground storage tanks used by MCTS. The County has recorded short-term and long-term obligations for these pollution remediation costs. These costs are recognized in the governmental activities.

Additional information is provided in Note 8.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 1 - Summary of Significant Accounting Policies (cont'd)

16. Capital Contributions

The capital contributions accounted for in the proprietary fund types represent contributions from other funds and state and federal grant programs. The contributions amount is reported after non-operating revenues and expenses on the statement of revenues, expenses and changes in fund net position.

17. Unearned and Unavailable Revenues

Unearned revenues reported in the government-wide and proprietary financial statements represent amounts received before eligibility requirements (excluding time) are met are recorded as liabilities. Amounts received in advance of meeting time requirements are recorded as deferred inflows. In governmental fund financial statements, amounts owed to the County which are not available are recorded as receivables and unavailable revenues.

18. Net Pension Liability (Asset)

Pension expenditures of governmental fund types are recognized on the modified accrual basis which means that the amount of pension expense recognized is equal to the amount contributed to the plan or expected to be liquidated with expendable available financial resources. In the government-wide and proprietary financial statements, pension expense is the annual change in the net pension liability (asset) adjusted for certain other changes in the net pension liability (asset) which are amortized over the average expected remaining service lives of plan participants or five years.

Additional information is provided in Note 15.

19. Encumbrances

Encumbrance accounting is employed in the governmental, proprietary and internal service funds. Encumbrances of purchase orders, contracts and other commitments for the expenditure of funds are recorded as a restriction of fund balance; the encumbrance balance is reduced as goods and services are received and payments are processed throughout the year. As of year-end, unliquidated encumbrances are not reflected as expenditures, but as a restriction of fund balances, and are rolled over into the subsequent year's appropriation balance and are liquidated in subsequent years when the services or materials are received. Every appropriation lapses, except for capital projects, at December 31 to the extent that it has not been expended or encumbered.

The 2017 encumbrance, carryover and commitment balances by fund are:

	Encumbrances	Carryovers	Other	Total Commitments
General Fund	\$ 19,491	\$ (5,677)	\$ 2,358	\$ 16,172
Capital Projects	41,541	1,689	23	43,253
Internal Service Funds	1,443	-	-	1,443
Airports	3,009	-	-	3,009
Transit	202	-	-	202
Totals	<u>\$ 65,686</u>	<u>\$ (3,988)</u>	<u>\$ 2,381</u>	<u>\$ 64,079</u>

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 1 - Summary of Significant Accounting Policies (cont'd)

20. Claims and Judgments

Claims and judgments are recorded as liabilities when the conditions of the Governmental Accounting Standards Board pronouncements are met. The liability and expenditure for claims and judgments is only reported in governmental funds if it has matured. Claims and judgments are recorded in the government-wide statements and proprietary funds as expenses when the related liabilities are incurred.

Additional information is provided in Note 8.

21. Other Post Employment Benefit Obligations

Other Post Employment Benefit (OPEB) expenditures of governmental fund types are recognized on the modified accrual basis, which means that the amount of OPEB expense recognized is equal to the amount contributed to the plan or expected to be liquidated with expendable available financial resources. In the government-wide and proprietary financial statements, OPEB expense is recognized on the accrual basis, which means that the amount recognized in the current period is equal to annual OPEB cost. The OPEB obligation represents the difference between the annual required contribution and interest, net of payments.

Additional information is provided in Note 14.

E. Governmental Accounting Standards for 2017

In fiscal year 2017, the County implemented the following GASB's, however the implementation of these standards did not have an effect on the current year financial statements:

- **GASB Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans***, was implemented by the County effective January 1, 2017. The objective of this Statement is to improve the usefulness of information about postemployment benefits other than pensions (other postemployment benefits or OPEB) included in the general purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability.
- **GASB Statement No. 80, *Blending Requirements for Certain Component Units – An Amendment of GASB No. 14***, was implemented by the County effective January 1, 2017. The objective of this Statement is to improve financial reporting by clarifying the financial statement presentation requirements for certain component units. This Statement amends the blending requirements established in paragraph 53 of Statement No. 14, *The Financial Reporting Entity, as amended*.
- **GASB Statement No. 81, *Irrevocable Split-Interest Agreements***, was implemented by the County effective January 1, 2017. The objective of this Statement is to improve accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 2 - Stewardship, Compliance and Accountability

Budgetary Information

All County departments are required to submit their annual budget requests for the ensuing year to the County Executive by June 15. The Department of Administration Services ("DAS"), acting as staff for the County Executive, reviews the requests in detail with the departments during June, July and August. After DAS has finalized their changes to the budget requests, the County Executive submits his proposed Executive Budget to the Board of Supervisors. County Ordinance requires that this be done on or before October 1. The Board of Supervisors must complete its review and adopt the budget on or before the first Tuesday after the second Monday in November.

All adopted budgets for the governmental funds are prepared in accordance with the modified accrual basis of accounting, except for the treatment of the fund balance restriction for 2017 appropriations and encumbrances. For budget purposes, encumbrances are recorded as expenditures as opposed to a restriction of fund balance.

The Board of Supervisors legally adopts annual budgets for the general, debt service, capital projects, enterprise and internal service funds. The legal level of budgetary control is by department. For budget purposes, the Debt Service and Capital Projects Funds are considered departments.

Once the budget is adopted, transfers of appropriations among departments require approval by the Board of Supervisors and are permitted only during the last three months of the year. Supplemental appropriations for the purpose of public emergencies may be made from unanticipated revenues received or surplus earned, as defined by resolution adopted by a vote of two-thirds of the members of the board of supervisors. Supplemental appropriations from the issuance of tax anticipation notes require an affirmative vote of three-fourths of the members of the board of supervisors. No supplemental appropriations were approved during 2017 for emergencies or utilizing tax anticipation notes.

Budgetary Basis of Accounting

The "Statement of Revenues, Expenditures and Changes in Fund Balance Budget and Actual - General Fund - (Non-GAAP Budgetary Basis)" is prepared on a basis consistent with the legally adopted budget. Under this method, encumbrances outstanding are charged to budgetary appropriations and considered as expenditures of the current period. In the Non-GAAP Budgetary Basis statements, principal and interest payments on pension liability bonds are considered a departmental personnel service appropriation and are reflected as an expenditure, instead of a debt service fund operating transfer under other financing sources (uses). The "Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds" is prepared on a basis consistent with GAAP. Under this method, encumbrances are considered a restriction of fund balance and charged to expenditures in the period in which goods or services are received.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 2 - Stewardship, Compliance and Accountability (cont'd)

The reconciliation of the General Fund is as follows:

	Revenues	Expenditures	Other Financing Sources (Uses)
GAAP Basis	\$ 796,078	\$ 711,861	\$ (84,233)
Encumbrances	-	19,491	-
Pension/Other	-	414	-
Transfers to Component Units	-	(6,211)	(6,211)
Non-GAAP Budgetary Basis	\$ 796,078	\$ 725,555	\$ (90,444)

Appropriations lapse at year-end except for capital projects, which are carried forward to the subsequent year.

Deficit Fund Net Position

The Information Management Services Internal Service Fund and the Risk Management Internal Service Fund have a net position ending balance of \$(2,748) and \$(471), respectively, as of December 31, 2017. The net liabilities were due to the recognition and reporting of the net pension liability associated with each fund. The County will continue to pay down the net pension liability through contributions to the pension plan for prior service liabilities which will reduce the deficit net position in both of these funds.

County Tax Rate Limit

Wisconsin State Statute (s.59.605) imposes a limit on the property tax rate that the County can impose upon its citizens. Wisconsin State Statute (s.66.0602), 2011 Wisconsin Act 32, changed the local levy limit to the greater of the percentage change in the political subdivision's January 1 equalized value due to new construction less improvements removed between the previous year and the current year or zero percent. For the 2017 Budget, the levy limit consists of net new construction which is 1.38%. The limit also contains adjustments for levy for debt service payments and terminated tax increment districts.

Note 3 - Deposits and Investments

The majority of the deposits and investments of the primary government, excluding the Pension Trust Fund, are maintained in a pool of cash and investments in which each fund participates on a dollar equivalent basis. Interest is distributed quarterly to certain trusts and funds, which have been designated as interest earning funds. The remaining investment earnings are provided as an offset to costs for the government as a whole. A "zero balance account" mechanism provides for the sweep of deposits made to bank accounts and the payment for checks presented against accounts. The primary government, excluding the Pension Trust, then makes a decision to either transfer funds to an investment manager(s) or to maintain the funds in the financial institution. Funds sent to the investment manager(s) are used to purchase investments that meet the County's investment policy and State Statute requirements. The net funds maintained at the County's primary financial institutions earn a guaranteed rate of return set to the current market LIBOR rates and are secured by collateral in the County's name at a

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 3 - Deposits and Investments (cont'd)

Federal Reserve Bank. The County maintains other bank accounts for convenience of deposit which may be transferred to the primary account as warranted.

The following information presents the deposits and investments split into two sections: primary government - County and Agency and Pension Trust Fund.

Statement of Net Position:

Cash and Investments	\$ 273,726
Cash and Investments - Restricted	94,525
Subtotal County	<u>368,251</u>

Statement of Fiduciary Net Position:

Cash and Investments:	
Pension Trust Fund	1,788,400
Agency Fund	17,368
Subtotal Fiduciary	<u>1,805,768</u>
Total	<u>\$ 2,174,019</u>

County and Agency:

Deposits	\$ 95,768
Investments	289,851
Pension:	
Deposits	65,949
Investments	1,722,451
Total	<u>\$ 2,174,019</u>

PRIMARY GOVERNMENT - COUNTY AND AGENCY

Cash Deposits

The carrying amount of the County's deposits at December 31, 2017 is \$95,768 and the bank balance is \$105,542. The primary differences between the carrying value and bank balances are outstanding checks, deposits not yet processed by the banks and Petty Cash on hand.

Custodial Credit Risk - Deposits

The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the County will not be able to recover deposits or will not be able to cover collateral securities that are in the possession of an outside entity. All time and savings deposits (includes NOW accounts and money market deposits) held in an insured depository institution within the State of Wisconsin are added together and insured, by FDIC, up to \$250. Separately, all demand deposit accounts (includes interest-bearing and noninterest-bearing deposits) held in an insured depository institution within the State of Wisconsin are added together and insured, by FDIC, up to \$250. In addition, if the depository institution is outside of the State of Wisconsin, both time and savings deposits and demand deposits are added together and insured up to \$250. The State Deposit Guarantee Fund insures deposits up to a total of \$400 per entity, not per banking institution. Of the \$105,542 of deposits with financial

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 3 - Deposits and Investments (cont'd)

institutions, \$1,831 is covered by Federal depository insurance and State governmental insurance, subject to availability of funds in the State's Deposit Guarantee Fund, \$103,455 is collateralized with government securities held in a separate financial institution in the County's name, and \$256 is uninsured, uncollateralized, or exposed to custodial credit risk.

Investments

On August 12, 2014 the County modified its Statement of Investment Policy ("investment policy"). The primary objectives of the modified investment policy are safety, liquidity, return and local interests. Investments will be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. The goal will be to mitigate credit risk and interest rate risk. The investment portfolio will remain sufficiently liquid to enable the County to meet all operating requirements that may be reasonably anticipated. The investment portfolio will be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into account the County's investment risk constraints and liquidity needs. The County will support investment in local financial institutions to the maximum extent possible, consistent with all other investment objectives and will employ mechanisms to control risk and diversify its investments with respect to specific security types or individual security issuers.

Consistent with the Government Finance Officers Association Policy Statement on local laws concerning investment practices, the following investments will be permitted by the County's investment policy and are those defined by Wisconsin State Statute (s.66.0603) and Milwaukee County ordinances, where applicable. If additional types of securities are approved for investment of public funds by Wisconsin State Statutes, they will not be eligible for investment by Milwaukee County until the investment policy has been amended and the amended version adopted by the governing body.

- Time and other money market deposits of banks, trust companies, savings and loans, and credit unions.
 - ◇ Deposits over the Federal Deposit Insurance Corporation ("FDIC") insured amount are to be fully collateralized with an acceptable form of collateral, surety, or other guarantee assuring the principal repayment to Milwaukee County.
 - ◇ CDARS – Certificates of Deposit Account Registry Service, a placement service in which a member institution uses CDARS to place funds into Certificate of Deposits ("CD's") issued by banks that are members of the network. This occurs in increments below the standard FDIC insurance coverage maximum, allowing for coverage of principal and interest.
 - ◇ ADM – American Deposit Management, CD placement service and other depository placement services.
- U.S. Treasury obligations, government agency securities, and Government Sponsored Enterprise ("GSE").

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 3 - Deposits and Investments (cont'd)

- Municipal Securities including general obligation bonds, essential service bonds rated AA or higher, or securities of any county, city, drainage district, vocational, technical and adult education district, village, town or school district of the State of Wisconsin.
- State of Wisconsin Investment Board's Local Government Investment Pool.
- Repurchase Agreements ("Repos"). Investment agreements pursuant to which a federal or state credit union, federal or state savings and loans association, state bank, savings and trust company, mutual savings bank, or national bank in the State of Wisconsin agrees to repay funds advanced to it by the issuer, plus interest. Repos are to be secured by investments securities fully guaranteed by the U.S. government.
- Corporate securities. Issued by private corporations, these securities must be rated in the highest or second highest rating category assigned by Standard and Poor's Corporation ("S&P"), Moody's Investor Service ("Moody's"), some other Nationally Recognized Statistical Rate Organization ("NRSRO"), or senior to or on parity with a security of the same issuer which has such a rating.
- Commercial Paper which may be tendered for purchase at the option of the holder within not more than two hundred seventy (270) days of the date acquired as permitted by Wisconsin State Statutes. These securities must be rated in the highest or second highest rating category assigned by S&P, Moody's, NRSRO, or senior to or on parity with a security of the same issuer which has such a rating.
- Money Market Funds. Open-ended Money Market funds restricted to investments permitted in Wisconsin State Statute (s.66.0603(1)(m)), limited to a maximum average maturity of sixty (60) days or less.

The following restrictions will apply to any investments made by Milwaukee County: no leveraged investments and no securities in foreign currencies. All other investments not listed above are prohibited from consideration of investment. At any time the Milwaukee County Treasurer may desire to be more conservative in its investments and may limit or restrict certain of the investments listed above

The County has one futures brokerage relationship to facilitate the purchase and sale of diesel futures contracts in conjunction with the hedging program. In its normal course of operations, the Transit System enters into exchange-traded futures contracts for diesel fuel as a hedge for its diesel fuel purchases. The collateral held with the broker at December 31, 2017 is \$1,528.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 3 - Deposits and Investments (cont'd)

The maximum loss that would be recognized at the reporting date if the broker failed to perform as contracted is \$4,116. The aggregate fair value of these hedging derivative instruments (futures contracts) at December 31, 2017 is \$1,409, resulting in no credit risk to the County. This broker is not rated. The County is exposed to basis risk on the hedging derivative instruments because the expected commodity purchase being hedged will price based on a pricing point different than the pricing point at which the futures contract is expected to settle.

As of December 31, 2017, the County and Agency investment types are as follows:

Investment Type	Fair Value
Commercial Paper - Discounted	\$ 2,571

Custodial Credit Risk - Investments

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of investment securities that are in the possession of an outside party. The County's investment policy states that all investment institution must enter into a "depository agreement" requiring the depository to pledge collateral to secure amounts over and above FDIC guaranteed amounts. All securities serving as collateral will be specifically pledged to the County and placed in a custodial account at a Federal Reserve Bank, the trust department of a commercial bank, or through another financial institution. The custodian may not be owned or controlled by the depository institution or its holding company unless it is a separately operated trust institution.

Amounts in excess of FDIC guaranteed amounts must be fully collateralized and held by a third party or fully insured by an insurance company with an A rating or better by A.M. Best. Acceptable collateral includes the following: Securities of the U.S. Treasury and/or Agency or GSE securities as long as they are fully guaranteed.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 3 - Deposits and Investments (cont'd)

All securities purchased will be properly designated as an asset of Milwaukee County and will be evidenced by safekeeping receipts in Milwaukee County's name and held in safekeeping by a third-party custodial bank or other third-party custodial institution designated by Milwaukee County, and chartered by the U.S. Government or the State of Wisconsin. No withdrawal of such securities, in whole or in part, will be made from safekeeping except by the Milwaukee County Treasurer or a designee. All trades of marketable securities will be executed on a delivery versus payment basis to ensure that the securities are deposited in Milwaukee County's safekeeping institution prior to the release of funds.

The County does not have any investments exposed to custodial credit risk.

Interest Rate Risk - Investments

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. In accordance with the County's investment policy, the County attempts to match its investments with anticipated cash flow requirements to the extent possible. Unless matched to a specific cash flow requirement, the County will not directly invest in securities maturing more than ten (10) years from the date of purchase. For adjustable rate securities, the time to coupon reset will be used as the effective maturity date.

As of December 31, 2017, the County and Agency investments subject to interest rate risk are as follows:

Credit Risk - Investments

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The credit quality rating of a security (rated by Standard & Poor's or Moody's Investor Service) gives an indication of the degree of credit risk for that security. In accordance with the County's investment policy, the County will mitigate the credit risk using the following strategies: diversification, liquidity, investment rating downgrade and market risk.

As of December 31, 2017, the County and Agency investments' credit quality ratings are as follows:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Standard & Poor's</u>	<u>Moody's Investor Services</u>

Note 3 - Deposits and Investments (cont'd)

Fair Value Measurements - Investments

The GASB Board issued Statement 72 to update the existing standards on fair value (primarily Statement 31). A review of existing standards by the GASB Board, found opportunities to improve the measurement of resources available to governments, and to increase comparability and accountability. Statement 72 is effective for fiscal years beginning after June 15, 2015.

Fair Value Hierarchy Valuation inputs are assumptions that market participant use in pricing an asset or liability. The standard establishes a hierarchy of inputs used to measure fair value that prioritizes the inputs into three categories - Level 1, Level 2, and Level 3 inputs - considering the relative reliability of the inputs. GASB chose to leverage the input hierarchy in FASB Statement 157, Fair Value Measurement. The level is determined based on the lowest level of input significant to the measurement in its entirety. Premiums or discounts based on the government's transaction size, i.e., "blockage factors", should not be a valuation or a price adjustment for any level of the hierarchy.

As of December 31, 2017, the County and Agency investments' fair value measurements are as follows:

		<u>Fair Value Measurements Using:</u>		
		<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
<u>Investments by Fair Value:</u>	<u>12/31/2017</u>

Note 3 - Deposits and Investments (cont'd)

Concentration of Credit Risk – Investments

Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. The County's investment policy states that to mitigate risk of loss resulting from the over-concentration of assets in a specific maturity, issuer, or class of securities, assets in all of the County's funds will be diversified by maturity, issuer, and class of security. Diversification strategies will be determined, and revised periodically, by the Milwaukee County Treasurer.

As of December 31, 2017, the County is not exposed to a concentration of credit risk.

PENSION TRUST FUND

Cash Deposits

The carrying amount of Pension Trust Fund deposits at December 31, 2017 is \$65,949 and the bank balance is \$66,494. The carrying amount consists of \$4,232 of cash held in deposit at banks and \$61,717 of cash equivalents held by investment managers.

Custodial Credit Risk - Deposits

The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the Pension Trust Fund will not be able to recover deposits or will not be able to cover collateral securities that are in the possession of an outside entity. All time and savings deposits (includes NOW accounts and money market deposits) held in an insured depository institution within the State of Wisconsin are added together and insured, by FDIC, up to \$250. Separately, all demand deposit accounts (includes interest-bearing and noninterest-bearing deposits) held in an insured depository institution within the State of Wisconsin are added together and insured, by FDIC, up to \$250. In addition, if the depository institution is outside of the State of Wisconsin, both time and savings deposits and demand deposits are added together and insured up to \$250. The State Deposit Guarantee Fund insures deposits up to a total of \$400 per entity, not per banking institution. Of the \$4,232 of deposits with financial institutions, \$4,232 is covered by Federal depository insurance and State governmental insurance, subject to availability of funds in the State's Deposit Guarantee Fund, and there is no balance that is uninsured, uncollateralized, or exposed to custodial credit risk. All assets of the Pension Trust Fund are held in its name.

Investments

As provided by state legislative act and County Ordinance, the ERS Board has exclusive control and management responsibility of the Retirement System's funds and full power to invest the funds. In exercising its fiduciary responsibility, the ERS Board is governed by the "prudent person" rule in establishing investment policy. The "prudent person" rule, requires the exercise of that degree of judgment, skill and care under the circumstances then prevailing which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not in regard to speculation, but in regard to permanent disposition of their funds, considering the probable income as well as the probable safety of the principal.

The ERS Board has adopted a Statement of Investment policy to formally document investment objectives and responsibilities. This policy establishes guidelines for permissible investments of the Retirement System. Investments, primarily stocks, bonds, certain government loans and

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 3 - Deposits and Investments (cont'd)

mortgage-backed certificates, are stated at quoted fair value. Temporary cash investments are valued at cost, which approximates fair value. Investments in venture capital partnerships, real estate, long/short hedge and infrastructure are valued at estimated fair value, as provided by the Retirement System's investment managers. Investment transactions are recorded on the trade date. Realized gains and losses are computed based on the average cost method. Unrealized gains and losses in the fair value of investments represent the net change in the fair value of the investments held during the period.

As of December 31, 2017, the Pension Trust Fund has the following investments:

Investment Type:	Fair Value
Domestic Common and Preferred Stocks	\$ 498,884
Fixed Income	253,867
Futures	359
Infrastructure	166,716
International Common and Preferred Stocks	302,188
Long / Short Hedge Funds	166,442
Private Equity	156,344
Real Estate and REIT'S	177,651
Total	<u>\$ 1,722,451</u>

Custodial Credit Risk – Investments

Custodial credit risk is the risk that, in the event a financial institution or counterparty fails, the Retirement System will not be able to recover the value of its deposits, investments or securities. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the Retirement System's name and are held by the counterparty. No formal policy exists on custodial risk. However, substantially all assets of the Retirement System are held in its name. The Retirement System did not own any repurchase agreements as of December 31, 2017. As of December 31, 2017, all deposits with banks are fully insured by the Federal Depository Insurance Corporation or the State Deposit Guarantee Fund.

Interest Rate Risk – Investments

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Duration is a measure of an investment's sensitivity to changes in interest rates. The higher the duration, the greater the changes in fair value when interest rates change. The Option-Adjusted Duration for a security is the percentage price sensitivity to interest rate changes of 100 basis points (or 1.0%). For example, an Option-Adjusted Duration of 5.20 means that the price of the security should fall approximately 5.20% for a 1.0% rise in the level of interest rates. Conversely, the price of a security should rise approximately 5.20% for a 1.00% fall in the level of interest rates. Interest rate changes will affect securities with negative durations in the opposite direction. The Option-Adjusted Duration method of measuring duration takes into effect the embedded options on cash flows.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 3 - Deposits and Investments (cont'd)

The Retirement System does not have a formal investment policy that limits investment maturities as a means of managing exposure to losses arising from increasing interest rates with the exception of the cash equivalent portfolio. The investment policy limits the duration of individual securities held in the cash equivalent portfolio to 2.5 years. In addition, the duration of the entire cash equivalent portfolio should be between 1 and 2 years.

As of December 31, 2017, the Retirement System has the following Option-Adjusted Durations for the fixed income investments:

Fixed Income Sector	Fair Value	Option Adjusted Duration (In Years)
ABS-Car Loan	\$ 1,971	0.92

Concentration of Credit Risk - Investments

Concentration of credit risk is the risk of loss that may be attributed to the magnitude of the Retirement System's investment in a single issuer, generally investments in any one issuer that represent five (5) percent or more of total investments. Investments issued or explicitly guaranteed by the U.S. Government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this definition. The Retirement System has no investments in one issuer, other than the U.S. Government securities and mutual funds, that exceed five (5) percent of the total investments.

Foreign Currency Risk - Investment

Foreign currency risk is the risk that changes in currency exchange rates will adversely affect the fair value of an investment or deposit. As of December 31, \$7.3, the Retirement System directly owned approximately \$42.9 in investments denominated in foreign currencies.

The Pension Trust Fund does not have a policy for foreign currency risk.

Credit Risk - Investments

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The credit risk of a debt instrument is measured by nationally recognized statistical rating agencies such as Moody's Investors Services ("Moody's"), Standard and Poor's ("S&P") and Fitch Ratings ("Fitch's"). With the exception of the Mellon Capital Management Aggregate Bond portfolio, bonds purchased and owned in each portfolio must have a minimum quality rating of "BAA3" (Moody's) or "BBB-" (S&P or Fitch's). The average quality of each portfolio must be "A" or better. The fixed income securities for the Mellon Capital Management Aggregate Bond portfolio should have a minimum quality rating of "A", with the exception of 15% of the portfolio which may have a minimum quality rating of "BBB". Moody's quality rating of "BAA3" or above is considered investment grade. Of the \$7.9 million not rated by Moody's as of December 31, 2017, \$7.3 million was rated by S&P as investment grade ("BBB-" or higher), and \$0.6 million is not rated by S&P or Moody's.

Other	17,377	-	-	1	17,378
Due from Other Governments	44,626	75	4,032	-	48,733
Gross Receivables	409,793	75	4,787	1	414,656
Less: Allowance for Uncollectibles	(20,585)	-	-	-	(20,585)
Net Total Receivables	\$ 389,208	\$ 75	\$ 4,787	\$ 1	\$ 394,071

\$2,736 of the \$10,708 delinquent taxes balance is not expected to be collected within one year.

Receivables as of the year-end for the Proprietary Funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

Receivables:	Business-type Activities		Governmental Activities
	Airports	Transit System	Internal Service Funds
Accounts	\$ 4,014	\$ -	\$ 5,416
Other	79	2,207	-
Due from Other Governments	4,319	3,887	1,265
Gross Receivables	8,412	6,094	6,681
Less: Allowance for Uncollectibles	-	-	(4,172)
Net Total Receivables	\$ 8,412	\$ 6,094	\$ 2,509

All balances are expected to be collected within one year.

Governmental funds report unearned and deferred inflows of resources in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Property taxes levied for the subsequent year are not earned and cannot be used to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned.

As of December 31, 2017, the various components of unearned revenue and deferred inflows of resources reported in the governmental funds are as follows:

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 4 - Receivables (cont'd)

	Unearned Revenue	Deferred Tax Revenue	Unavailable Other Revenue	Total

Furniture and Fixtures	(4,262)	(368)	1,252	(3,378)
Total Accumulated Depreciation	<u>(403,842)</u>	<u>(47,574)</u>	<u>39,900</u>	<u>(411,516)</u>
Net Capital Assets, being depreciated	<u>508,626</u>	<u>(28,835)</u>	<u>(561)</u>	<u>479,230</u>
Business-type Activities Capital Assets-Net	<u>\$ 555,512</u>	<u>\$ (7,173)</u>	<u>\$ (11,317)</u>	<u>\$ 537,022</u>

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 5 - Capital Assets (cont'd)

Depreciation is charged to business-type activities as follows:

Airports	\$ 32,143
Transit System	15,431
Total	<u>\$ 47,574</u>

Discretely Presented Component Units

All three of the County's component units have reportable capital assets.

The capital assets of the **Milwaukee Public Museum, Inc.** consist of the following:

Construction in progress	\$ 20
Building additions and improvements	20,676
Furniture, equipment and exhibits improvements	13,308
Less: Accumulated Depreciation	<u>(19,820)</u>
Capital Assets, Net	<u>\$ 14,184</u>

The capital assets of the **Milwaukee County War Memorial, Inc.** consist of the following:

Machinery, Vehicles and Equipment	\$ 11,978
Less: Accumulated Depreciation	<u>(79)</u>
Capital Assets, Net	<u>\$ 11,899</u>

The capital assets of the **Marcus Center for the Performing Arts** consist of the following:

Building and Improvements	\$ 28,363
Machinery, Vehicles and Equipment	1,615
Less: Accumulated Depreciation	<u>(19,414)</u>
Capital Assets, Net	<u>\$ 10,564</u>

Construction Commitments

The following is a list of **capital projects appropriations and transfers** that were approved by the Milwaukee County Board of Supervisors per the 2017 Adopted Capital Improvements Budget. These reflect projects for both governmental and proprietary funds.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 5 - Capital Assets (cont'd)

Capital outlays are reported as expenditures in the governmental funds and bond proceeds are reflected as revenue for projects built on behalf of the governmental funds. However, in the statement of activities, the cost of capital assets built for the governmental funds is allocated over their useful lives as depreciation expense, and the bond proceeds are no longer a revenue but an increase in the long-term liabilities. Similarly, the governmental funds also report the expenditures and associated revenues of building proprietary fund assets. However, in the statement of activities, the cost of building proprietary fund assets is reclassified as transfers between governmental and business-type activities.

2017 Funding Total

Encumbrances and Carryovers from 2016	\$ 121,681
2017 Appropriations	103,481
2017 Transfers	21,488
Total	<u>\$ 246,650</u>

2017 Appropriations - Funding Source

Bonds	\$ 41,148

Total	<u>\$ 21,488</u>

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 6 - Interfund Transfers

The composition of interfund transfers as of December 31, 2017 is as follows:

Transfers In:	Transfers Out:	Purpose	Total
General Fund	Capital Projects Fund	Capital Projects	\$ (2,432)
General Fund	Special Revenue Fund - Admin Services	Operating Transfer	(500)
General Fund	Internal Service Fund - Info Mgmt Svcs	Operating Transfer	(1,418)
General Fund	Internal Service Fund - Public Works Service	Operating Transfer	(452)
Debt Service Fund	General Fund	Debt Service	59,801
Capital Projects Fund	General Fund	Capital Projects	5,163
Airports	General Fund	Operating Transfer	754
Transit	General Fund	Operating Transfer	12,190
Internal Service Fund - Info Mgmt Svcs	General Fund	Operating Transfer	4,839
Internal Service Fund - Public Works Service	General Fund	Operating Transfer	1,646
Internal Service Fund - Risk Management	General Fund	Operating Transfer	5,083
Subtotal - Fund Financial Statements			\$ 84,674
Less: Fund eliminations			(71,730)
Total Transfers - Government-wide Statement of Activities			\$ 12,944

Generally, transfers are used to (1) move revenues from the fund that collects them to the fund the budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund, and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

No fund may have a reserve except for the Debt Service, Nonmajor and Airports funds. All funds that have a net increase at year-end must transfer that net increase to the General Fund. All funds that have a net decrease at year-end receive a transfer from the General Fund so that the fund breaks even for the year.

Note 7 - Leases

Capital Leases - Primary Government

In 2007 and 2008, the County entered into Capital Lease Agreements in the amounts of \$3,332 and \$1,510, respectively, with Chase Bank to improve the County's energy efficiency and to promote environmental sustainability. The County expended all acquisition funds associated with these leases. In 2010, the County entered into a Capital Lease Agreement in the amount of \$7,515 with Banc of America to improve the County's energy efficiency and to promote environmental sustainability. The County expended \$6,385 of these funds. In December 2015, the unspent balance of \$1,130 was returned to the Banc of America and the principal balance was reduced. The repayment schedule was modified to reflect the reduced principal balance.

All equipment acquired through the Capital Lease Agreements will transfer to the County at the end of the lease terms. The County is making lease payments over a period of 10 years and is required to make semi-annual payments during the term. Final payments are as follows: 2007 – December 1, 2017, 2008 – June 1, 2018, and 2010 – December 1, 2020. The gross amount of these assets under capital leases is \$11,227 and is presented in the governmental activities statement - capital assets.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 7 - Leases (cont'd)

In current and prior years, the County entered into capital lease agreements for various Airport vehicles and equipment. The gross amount of these assets under capital leases is \$3,165 and is presented in the business-type statement - capital assets.

The assets acquired through capital leases are as follows:

Assets:	Governmental Activities	Business-type Activities
Machinery & Equipment	\$ 11,227	\$ -
Vehicles and Related Equipment	-	3,165
Less: Accumulated Depreciation	(9,228)	(2,539)
Total	<u>\$ 1,999</u>	<u>\$ 626</u>

The future minimum lease payments and the net present value of these capital leases as of December 31, 2017, are as follows:

Year Ending December 31	Governmental Activities	Business-type Activities
2018	\$ 769	\$ 318
2019	680	223
2020	679	116
Subtotals	2,128	657
Less: Amount representing interest	(129)	(31)
Present Value of Future minimum Lease Payments	<u>\$ 1,999</u>	<u>\$ 626</u>

Operating Leases - Primary Government

The County leases facilities, office equipment, and vehicles. Total costs for such leases are \$1,711 for the year ended December 31, 2017.

The future minimum lease payments for these leases are as follows:

Year Ending December 31	Amount
2018	\$ 1,563
2019	1,576
2020	1,233
2021	1,126
2022	1,133
2023 and beyond	2,413
Total	<u>\$ 9,044</u>

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 8 - Long-Term Liabilities

Changes in Long-Term Liabilities

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the governmental activities. At year-end, \$49,715 of the internal service funds long-term liabilities is included in the following tables. As claims and judgments expenditures are incurred, the general fund is used to liquidate the costs. Adjustments to short and long-term liabilities are made at year end based on a detailed reevaluation of the accounts.

Governmental Long-Term Liability activity for the year ended December 31, 2017 is as follows:

Governmental Activities:	Beginning Balance	Increases	Decreases	Ending Balance	Due in One Year
Bonds Payable:					
General Obligation Bonds	\$ 610,751	\$ 44,970	\$ (83,945)	\$ 571,776	\$ 60,105
Add (Subtract) Deferred Amounts for:					
Premium	5,179	1,206	(1,330)	5,055	-
Discount	(14)	-	4	(10)	-
Subtotal Bonds Payable	<u>615,916</u>	<u>46,176</u>	<u>(85,271)</u>	<u>576,821</u>	<u>60,105</u>
Other Liabilities:					
Unfunded Claims and Judgments	5,500	7,800	(800)	12,500	2,500
Landfill Post-Closure Costs	3,120	-	(1,885)	1,235	110
Pollution Remediation Costs	13,724	11,572	(641)	24,655	770
Compensated Absences	30,706	19,652	(21,896)	28,462	19,048
Risk Claims	18,678	11,445	(6,733)	23,390	9,190
Net Pension Liability	528,449	86,074	(48,421)	566,102	-
Other Post Employment Benefits	343,069	61,568	(46,151)	358,486	-
Capital Leases	3,151	-	(1,152)	1,999	701
Subtotal Other Liabilities	<u>946,397</u>	<u>198,111</u>	<u>(127,679)</u>	<u>1,016,829</u>	<u>32,319</u>
Total Governmental Activities	<u>\$ 1,562,313</u>	<u>\$ 244,287</u>	<u>\$ (212,950)</u>	<u>\$ 1,593,650</u>	<u>\$ 92,424</u>

Governmental Compensated Absences consist of the following:

Governmental Activities:	Beginning Balance	Increases	Decreases	Ending Balance	Due in One Year
Retirement sick pay payout	\$ 10,514	\$ -	\$ (1,704)	\$ 8,810	\$ 1,103
Vacation time earned	15,173	15,391	(15,173)	15,391	14,032
Overtime earned	2,154	1,717	(2,154)	1,717	1,567
Holiday pay	2,865	2,544	(2,865)	2,544	2,346
Total Compensated Absences	<u>\$ 30,706</u>	<u>\$ 19,652</u>	<u>\$ (21,896)</u>	<u>\$ 28,462</u>	<u>\$ 19,048</u>

Unfunded claims and judgments include estimated costs for outstanding environmental, medical, and other claims. As of December 31, 2017, the outstanding amount of claims and judgments due within one year is \$2,500 and the long-term liability is \$10,000.

In accordance with GASB Statement No. 18, *Accounting for Municipal Solid Waste Landfill Closure and Post-Closure Care Costs*, the County has recorded a long-term liability for its estimated maintenance and monitoring costs for closed landfill sites. As of December 31, 2017, the estimated liability for costs due within one year is \$110 and the long-term liability is \$1,125. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 8 - Long-Term Liabilities (cont'd)

In accordance with GASB Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*, the County has recorded a long-term liability for its estimated pollution remediation costs. As of December 31, 2017, the estimated liability for costs due within one year is \$770 and the long-term liability is \$23,885. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

Risk claims include accruals for workers compensation and other insurance claims of the Risk Management Fund and Transit System. As of December 31, 2017, the outstanding amount of risk claims due within one year is \$14,859 and the long-term liability is \$17,057.

Other Post-Employment Benefits ("OPEB") and pension costs are accounted for through the General Fund of the County, except for Transit which maintains its own OPEB and pension trusts. The County, except Transit, is on a pay-as-you-go basis for OPEB costs and, therefore, contributes only the annual cost incurred, net of employee contributions. OPEB costs are allocated to departments on a prorated basis. The OPEB obligation represents the accumulated liability that has not been funded by the County based on current accounting rules. All Funds contribute toward their specific share and plan related to pension liabilities. The County, except Transit, accounts for the cost and liquidation of annual pension costs through the General Fund and allocates these costs to all departments on a prorated basis. Transit accounts for cost and liquidation of OPEB and pension costs through its applicable trust.

Business-type Long-Term Liability activity for the year ended December 31, 2017 is as follows:

Business-type Activities:	Beginning Balance	Increases	Decreases	Ending Balance	Due in One Year
Bonds Payable:					
General Obligation Bonds	\$ 37,327	\$ 1,655	\$ (3,970)	\$ 35,012	\$ 3,911
Revenue Bonds	182,360	-	(10,460)	171,900	10,845
Add (Subtract) Deferred Amounts for:

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 8 - Long-Term Liabilities (cont'd)

Additional information is provided in the following Notes for: Landfill Post-Closure Costs and Pollution Remediation Costs - Note 13, Risk Claims - Note 10, Pension Liability - Note 15, OPEB - Note 14 and Capital Leases - Note 7.

Governmental Activities

Proceeds from general obligation bonds issued are budgeted for and recorded within the Debt Service, Capital Projects, or Proprietary Funds, where appropriate. General obligation bonds are secured by the full faith, credit and unlimited taxing power of the County and are used to finance capital projects. General obligation bonds recorded in the Governmental Funds will be retired by future property tax levies and other resources accumulated in the Debt Service Fund.

The ratio of the aggregate indebtedness of all taxing authorities located within the County to equalized value of the taxable property is approximately 5.08% including 0.99% related to direct County indebtedness at December 31, 2017.

Wisconsin Statutes limit the County's direct general obligation borrowing to an amount equivalent to 5% of the equalized value of taxable property. As of December 31, 2017 under Wisconsin Statutes, the County could borrow an additional \$2,463,877.

At December 31, 2017, the Governmental Activities weighted average interest rate of general obligation bonds and notes outstanding is 4.30%.

The maturities of the outstanding principal and related interest requirements are as follows:

	Total Debt Service Requirements		
December 31	Principal	Interest	
2018	\$ 60,105	\$ 22,557	\$ 82,662
2019	58,448	20,898	79,346
2020	57,190	19,065	76,255
2021	52,863	17,232	70,095
2022	49,589	15,325	64,914
2023-2027	191,647	49,685	241,332
2028-2031	101,934	8,072	110,006
Total Debt Service	\$ 571,776	\$ 152,834	\$ 724,610

On November 8, 2017, the County issued \$20,755 of General Obligation Corporate Purpose Bonds, Series 2017A. Total proceeds of \$21,079 (par amount of bonds issue of \$20,755, plus net premium and underwriter's discount of \$324) were used to purchase direct obligations of the United States of America or held in cash. The proceeds will be used for the purpose of paying the cost of financing the construction, improvement and maintenance of highways and bridges; providing a memorial for soldiers, sailors and marines by financing renovations and improvements at the War Memorial Center; and financing the acquisition, improvement, construction, extension and equipping of general capital projects in the County. The 2017 bonds of \$20,755 are recorded in Governmental Activities and Business-type Activities on the Statement of Net Position.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 8 - Long-Term Liabilities (cont'd)

The 2017A bonds have semi-annual interest payments on March 1 and September 1 through 2027. The interest rate is 2.0% for 2018 through 2024, 2.25% for 2025, and 2.5% for 2026 through 2027.

On November 8, 2017, the County issued \$15,075 of General Obligation Refunding Bonds, Series 2017B to current refund \$16,200 of outstanding General Obligation Corporate Purpose Bonds, Series 2008A which were callable as of December 1, 2017. Net proceeds of \$15,667 (par amount of bonds issue of \$15,075, plus net premium and underwriter's discount of \$592) along with \$661 of cash on hand were used to prepay the General Obligation Bonds, Series 2008A on December 1, 2017. The 2017 bonds of \$15,075 are recorded in Governmental Activities and Business-type Activities on the Statement of Net Position.

The 2017B bonds have semi-annual interest payments on June 1 and December 1 through 2023. The interest rate is 3.0% for 2018, 4.0% for 2019, 2.0% for 2020, 4.0% for 2021, and 2.0% for 2022 through 2023.

The cash flow requirements on the refunded bonds prior to the current refunding was \$18,525 from 2018 to 2023. The cash flow requirements on the refunding bonds are \$16,475, a savings of \$2,050. The advance refunding resulted in an economic gain (difference between the present values of the debt service payment of the old and new debt) of \$1,293.

On November 8, 2017, the County issued \$6,615 of General Obligation Promissory Notes, Series 2017C. Total proceeds of \$6,737 (par amount of bonds issue of \$6,615, plus net premium and underwriter's discount of \$122) were used to purchase direct obligations of the United States of America or held in cash. The proceeds will be used for the purpose of paying the cost of financing the acquisition of vehicles and equipment. The 2017 bonds of \$6,615 are recorded in Governmental Activities on the Statement of Net Position.

The 2017C bonds have semi-annual interest payments on March 1 and September 1 through 2021. The interest rate is 2.0% for 2018 through 2020 and 2.25% for 2021.

On November 8, 2017, the County issued \$4,180 of General Obligation Promissory Notes, Series 2017D. Total proceeds of \$4,263 (par amount of bonds issue of \$4,180, plus net premium and underwriter's discount of \$83) were used to purchase direct obligations of the United States of America or held in cash. The proceeds will be used to finance capital projects for general County purposes pursuant to the County's 2017 Adopted Capital Improvement Budget. The 2017 bonds of \$4,180 are recorded in Governmental Activities on the Statement of Net Position.

The 2017D bonds have semi-annual interest payments on March 1 and September 1 through 2020. The interest rate is 2.0% for 2018, 3.0% for 2019, and 2.0% for 2020.

Business-type Activities

The County has pledged future airport revenues generated from the ownership and operation of General Mitchell International Airport and Lawrence J. Timmerman Airport, net of specified operating expenses, to repay \$171,900 of revenue bonds issued in previous years. Proceeds from the revenue bonds provided financing for capital improvements. The bonds are payable solely from net revenues and deposits made to the Coverage Fund, and are payable through December 1, 2038. The Coverage Fund is equal to 25% of the highest annual revenue bond debt service amount. Net revenues plus Coverage Fund assets are required to cover a minimum of 125% of annual debt service for the revenue bonds. Principal and interest paid for the current year and net revenues plus Coverage Fund assets are \$19,549 and \$29,280 respectively, resulting in net revenues plus Coverage Fund assets of 150% of annual debt service for 2017. The principal and interest payment of \$19,549 represents 22% of operating revenues. The total principal and interest remaining to be paid on the revenue bonds is \$247,760.

The maturities of the outstanding principal and related interest requirements are as follows:

<u>December 31</u>	<u>Principal</u>	<u>Interest</u>	<u>Total Debt Service Requirements</u>
2018	\$ 14,756	\$ 9,666	\$ 24,422
2019	14,604	9,037	23,641
2020	15,028	8,396	23,424
2021	15,675	7,727	23,402
2022	16,015	7,052	23,067
2023-2027	63,783	25,204	88,987

The Restricted Net Position of the **Marcus Center for the Performing Arts** as of December 31, 2017 consists of the following:

Temporarily Restricted:	2017
Programming Events	\$ 36

Note 10 - Risk Management

The County is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets; errors and omissions; injuries to employee(s) or natural disasters. The County uses a Risk Management Fund, which is presented as an internal service fund, to account for the financing of uninsured risks of loss. The County is self-insured for worker's compensation. In accordance with Wisconsin Statutes, the County's overall exposure for general liability and automobile liability is limited to \$50 and \$250 per claim respectively. The County purchases commercial insurance to cover a substantial portion of the potential general liability, automobile liability and discrimination claims. The County also purchases commercial insurance for claims in excess of coverage provided by the Risk Management Fund and for all other risks of loss. Settled claims from insured losses have not exceeded commercial insurance coverage for each of the past three years.

All funds of the County, except for the Transit System, participate in the program and make payments to the Risk Management Fund based on actuarial estimates of the amounts needed to pay prior and current year claims and to establish a claims reserve. In accordance with Governmental Accounting Standards Board Statement No. 10, a liability for claims is reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of payouts and other economic and social factors.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 10 - Risk Management (cont'd)

The County has recognized \$23,390 of claims liabilities in the Risk Management Fund. The short-term portion is \$9,190 and is classified as a current liability.

Changes in the County's balances of claim liabilities during the past two years are as follows:

	Year Ended 12/31/2017	Year Ended 12/31/2016
Beginning of Year Liability	\$ 18,678	\$ 18,978
Current Year Claims and Changes in Estimates	11,444	7,001
Claims Payments	(6,732)	(7,301)
End of Year Liability	\$ 23,390	\$ 18,678

The Transit System has recognized \$8,526 of claims liabilities in the Transit System Fund. The short-term portion is \$5,669 and is classified as a current liability.

Changes in the Transit System balances of claims liabilities during the past two years are as follows:

	Year Ended 12/31/2017	Year Ended 12/31/2016
Beginning of Year Liability	\$ 7,833	\$ 9,069
Current Year Claims and Changes in Estimates	5,698	3,228
Claims Payments	(5,005)	(4,464)
End of Year Liability	\$ 8,526	\$ 7,833

Note 11 - Related Party Transactions

Milwaukee Public Museum, Inc.

Milwaukee County has legal title to the Milwaukee Public Museum, Inc. ("MPM") building, exhibits and artifacts, including any building additions and improvements and additions funded by the County or MPM. All such assets are leased to MPM under a long-term lease. MPM has not recorded the building and exhibits under the long-term lease in its consolidated financial statements, as the value cannot be determined. MPM capitalizes building additions, improvements and exhibit costs when MPM is obligated to pay for those capital items including the IMAX Theater, the Butterfly Wing, the Concourse, the garden gallery, gift shops and restaurants. These assets will revert to Milwaukee County if MPM were to vacate the facility. MPM amortizes these costs over their anticipated useful lives.

On August 15, 2013, Milwaukee County and MPM entered into a new Lease and Management Agreement ("New Agreement") to replace and supersede the original agreement and all subsequent amendments. The New Agreement provided for a \$3,000 County contribution to the MPM Pension Plan for former County employees that was paid in August 2013, extends annual MPM funding support of \$3,500 to 2022, and provides additional capital spending up to \$4,000 on the facility through December 2017. MPM is required to raise additional funds to eliminate its existing outstanding term debt and raise \$5,000 by December 2017 to support additional capital needs for the facility. As of August 31, 2017, the Milwaukee Public Museum Endowment Fund

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 11 - Related Party Transactions (cont'd)

and MPM have raised \$3,323 towards the \$5,000 capital funding requirement. The New Agreement is renewable every five years through December 31, 2042.

During 2017, MPM and the County began negotiations to amend the current agreement, including the capital funding requirement. The County funding is expected to remain as is for 2018 with no planned reduction.

MPM received \$3,500 in annual support from the County, based upon MPM's fiscal year ending August 31, 2017.

Milwaukee County War Memorial, Inc.

Through December 17, 2017, Milwaukee County had a lease agreement with the Milwaukee County War Memorial, Inc. ("War Memorial") for the spaces occupied in County owned buildings located at the War Memorial Center Facility. The War Memorial was responsible for all operational functions of their occupied space and received \$486 in support annually from the County which would continue through 2023. There was no rent payable to the County under the terms of the lease agreement.

Under the terms of the agreements, the County retained ownership of the War Memorial Center Facility and existing improvements. Ownership of any additional leasehold improvements located upon or within the premises was determined by mutual agreement of the County and the War Memorial at the time the War Memorial sought County approval for construction. All expenditures for repairs, maintenance, improvements and betterments that materially prolonged the useful lives of assets, which were not specifically identified by the County as to be owned by the War Memorial, were expensed as incurred.

In addition, there was a development agreement which addressed structural repairs and improvements to the War Memorial Center Facility. The County did not appropriate any funds in 2017 for repairs and improvements to existing space previously owned by the County.

On December 18, 2017, Milwaukee County, the War Memorial and the Milwaukee Art Museum, Inc. established Lakefront Cultural Center Condominium Association (the "Association"), with each party sharing an equal controlling interest. Under the terms of the Condominium Agreement, the County approved a transfer of ownership to the War Memorial of the portions of the War Memorial Center Facility occupied by the War Memorial at that time. The value of the property received by the War Memorial was appraised at \$11,400. The War Memorial is prohibited from conveying or mortgaging title to the transferred property without consent of the other members of the Association. Subject to annual approval, the County will continue to support the War Memorial at \$486 per year through 2023 and then at a diminishing level through 2033. Additionally, in 2017, the County agreed to reimburse the War Memorial for \$125 for legal expenses incurred related to establishing the Condominium Agreement.

The War Memorial, in cooperation with the County, applied for and received grants from the National Fish and Wildlife Foundation, the Fund for Lake Michigan, and the Milwaukee Metropolitan Sewerage District for current and future projects focusing on renovating parking lots while incorporating pedestrian friendly pathways, bioretention, and native plants to manage stormwater along Milwaukee's shoreline. The total project is budgeted at \$1,546 with the County responsible for overseeing construction and renovations. The County has also allocated

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 11 - Related Party Transactions (cont'd)

\$580 of unspent 2017 appropriations for repairs to the War Memorial Center Facility parking lot. The War Memorial is responsible for reporting on project progress and outcomes and funding future plant replacement as needed at an estimated cost of \$5 annually. The project is expected to begin in 2018.

Marcus Center for the Performing Arts

Milwaukee County has legal title to the Marcus Center for the Performing Arts' ("Marcus Center") building. The Marcus Center capitalizes building improvements when the Marcus Center is obligated to pay for those capital items. These costs are amortized over their anticipated useful lives.

The County provided \$450 for the operation of the Marcus Center for the year ended June 30, 2017.

Note 12 - Subsequent Events

Milwaukee County has tentatively agreed to sale of leased lands

Froedtert Hospital, Children's Hospital of Wisconsin, the Medical College of Wisconsin and the BloodCenter of Wisconsin Blood Research Institute have tentatively agreed to buy the land they now lease from Milwaukee County. Currently, the County receives approximately \$250 annually for lease payments and the County is responsible for environmental costs as well as one-fifth of the cost of infrastructure improvements. Under the tentative agreement, Milwaukee County will receive \$800 to \$1,600 annually in payments until 2073.

Note 13 - Commitments and Contingencies

Claims and Other Legal Proceedings

The County is subject to numerous claims and other legal proceedings incidental to the ordinary course of its operations. For claims and other legal proceedings that are open at the end of 2017 but may be resolved in early 2018, a current liability was established in the general fund. For the remaining open items, although the outcome of these claims and legal proceedings is not presently determinable, in the opinion of the County's Corporate Counsel, the resolution of these matters will not have a materially adverse effect on the financial condition of the County.

Environmental

The County has sanitary sewer and storm sewer systems that it is responsible for on County land. The State Attorney General issued an order that requires monitoring, maintenance, and repair of these systems. The purpose of this order is to ensure that the metropolitan areas sanitary sewer systems receive only sanitary system flow, and not storm water, from the County. The order will require future capital and operating commitments. For 2017, the commitment is \$514.

The County has various environmental commitments that will require future capital and operating commitments that are not specifically court mandated. The 2017 commitments include: Landfills: \$110 and underground storage tank management: \$256.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 13 - Commitments and Contingencies (cont'd)

Intergovernmental Awards

Intergovernmental awards are subject to audit and adjustment by the funding agency or their representatives. If grant revenues are received for expenditures, which are subsequently disallowed, the County may be required to repay the revenues to the funding agency. In the opinion of management, liabilities resulting from such disallowed expenditures, if any, would not be material to the accompanying government-wide and fund financial statements at December 31, 2017.

Note 14 - Other Post-Employment Benefits

COUNTYWIDE PROGRAMS (EXCLUDING TRANSIT SYSTEM)

Description and Provisions

The County administers a single-employer defined benefit healthcare and life insurance plans for retired employees. The plans provide health and life insurance for eligible retirees and their eligible spouses through the County's self-insured health insurance plans and the County's group life insurance plan. The retiree healthcare and life insurance plans do not issue separate financial reports. The retiree healthcare benefits are authorized by County Ordinance 17.14.

The retirement health insurance premium is non-contributory for retirees with 15 or more years of service who were hired before January 1, 1994, except for certain union groups which have a later cutoff date for this benefit. Retirees with non-contributory health insurance benefits who retired prior to January 1, 2012 (or January 1, 2013 for nurses) also receive reimbursement of the Medicare Part B premium for themselves and their covered spouses. Employees eligible for non-contributory health insurance benefits who retire after December 31, 2011 (or December 31, 2012 for nurses) are not eligible for Medicare Part B reimbursement.

Retirees with less than 15 years of service and/or hired after January 2, 1994 are responsible for the full cost of the health insurance premiums upon retirement and are not eligible for Medicare Part B premium reimbursement. For these retirees, any unused eligible sick leave at retirement is converted to health credits for the purchase of retiree health insurance. The health credit is capped to the unused sick leave balance as of June 23, 2012 less any subsequent usage. See Note 1, section D and item 1 for additional information regarding the County's accrued sick leave liability as of December 31, 2017.

Retiree life insurance benefits are authorized by County Ordinance 62.02. A retiree is eligible if covered by life insurance at the time of the retirement and if retirement takes place at age: 60 or older, 55 or older with thirty or more years of service, or 57 or older in the case of deputy sheriffs. The life insurance benefit is equal to the retiree's annual salary at the time of retirement, rounded to the next highest \$1. Milwaukee County provides the first \$25 (\$20 for select bargaining units) for retirees under age 65. The retiree is responsible for the cost of additional coverage at the rate of \$0.40 per thousand. At age 65, the plan becomes non-contributory and the original life insurance benefit reduces by 8% per year beginning at age 65 to 25% at age 70 and over.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 14 - Other Post-Employment Benefits (cont'd)

Funding Policy

The health insurance and life insurance benefits for retirees are financed with current tax levy funds through the General Fund. The County pays for retiree's health and life insurance premiums on a pay-as-you-go basis and therefore, contributes only the annual cost incurred, net of retiree contributions.

The County's annual OPEB cost (expense) is calculated based on the Annual Required Contribution ("ARC") of the employer, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liability (or asset) over a period not to exceed twenty three years.

The following schedules provide the components of the County's 2017, 2016, and 2015 OPEB costs:

Schedule of Annual OPEB Costs For the Year Ended December 31

	2017	2016	2015
Normal Cost	\$ 917	\$ 917	\$ 782
Amortization of Unfunded Actuarial Accrued Liability	75,182	75,182	69,856
Annual Required Contribution ("ARC")	76,099	76,099	70,638
Interest on Net OPEB Obligation	14,375	13,674	16,282
Adjustment to the ARC	(24,631)	(23,430)	(22,993)
Annual OPEB Cost	\$ 65,843	\$ 66,343	\$ 63,927

Schedule of Employer Contributions For the Year Ended December 31

	2017	2016	2015
Premiums Paid on Behalf of Retirees	\$ 41,786	\$ 42,133	\$ 41,523
Medicare Reimbursement	7,926	7,313	7,150
Less: Retiree Contributions	(627)	(633)	(961)
Net Employer Contribution	\$ 49,085	\$ 48,813	\$ 47,712

Percent of Annual OPEB Cost Contributed by Employer	74.5 %	73.6 %	74.6 %
--	---------------	---------------	---------------

Schedule of Net OPEB Obligation For the Year Ended December 31

	2017	2016	2015
Net OPEB Obligation - January 1,	\$ 359,386	\$ 341,856	\$ 325,641
Annual OPEB Cost	65,843	66,343	63,927
Less: Net Employer Contributions	(49,085)	(48,813)	(47,712)
Net OPEB Obligation (Asset) - December 31	\$ 376,144	\$ 359,386	\$ 341,856

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 14 - Other Post-Employment Benefits (cont'd)

Funded Status and Funding Progress

As of January 1, 2016, the most recent actuarial valuation date, the County's OPEB plan is not funded. The actuarial accrued liability for benefits is \$1,082,279, and there is no actuarial value of assets, resulting in an unfunded actuarial accrued liability ("UAAL") of \$1,082,279. The annual payroll of active employees covered by the plan is \$50,562, and the ratio of UAAL to covered payroll is 21.4 to 1.

The schedule of funding progress, also presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Assumptions and Methods

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of future events - such as assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The 2017 ARC was determined as part of the January 1, 2016 actuarial valuation using the Unit Credit Actuarial Cost Method with unfunded Actuarial Accrued liability amortized as a level dollar amount over 21 years on a closed basis. Significant actuarial assumptions used in the valuation include:

Investment rate of return	4.0% Varies from 3.0% to 10.0% based upon current age and employment category
Projected salary increases	N/A
Post-Retirement benefit increases	9.0% decreasing by 1.0% annually to 5.0%
Healthcare cost trend	RP-2014 Mortality Fully Generational Projected using Projection Scale MP-2015
Mortality	Current age
Disability rate	Current age and employment category
Retirement age	Current age, years of service, and employment category
Withdrawal	3.0%
Inflation rate	

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 14 - Other Post-Employment Benefits (cont'd)

Changes in Plan Provisions or Actuarial Assumption since Prior Year:

- None

Contributions Required and Contributions Made

As of December 31, 2017, the County has 6,680 retirees enrolled in a health plan. The 2017 expenditures for retiree healthcare costs are \$39,896. The County's 2017 expenditures also includes reimbursement of Medicare Part B premiums for eligible health plan retirees of \$7,926. The total health plan expenditures are offset by \$425 in contributions from retirees who are responsible for the partial or full health benefit premium cost.

As of December 31, 2017, the County has 5,353 retirees enrolled in the group life insurance plan. The 2017 expenditures for the group life insurance plan are \$1,890. The total life insurance expenditures are offset by \$202 in contributions from retirees who are responsible for the partial or full life insurance premium cost.

TRANSIT SYSTEM PROGRAM

Description and Provisions

Milwaukee Transport Services, Inc. (the "Company") provides single-employer defined benefit healthcare and life insurance benefits for eligible retired employees and eligible surviving spouses. The retiree healthcare and life insurance benefits are provided pursuant to the general labor agreement between the Company and the Amalgamated Transit Union Local 998 and the Office and Professional Employees International Union Local 35. The same benefits are provided to non-represented employees and retirees.

Active employees with 14 years of service are eligible provided they satisfy one of the following conditions: 100% vested in retirement program at early retirement age of 57, reach age 62, rule of 85 (combined age and years of service equal 85), attain 25 years of service or become disabled. Employees hired after July 16, 2007 are not eligible for retiree healthcare benefits.

The Plan offers two choices for medical: an HMO and a PPO. Employees who retired on or before April 1, 2007 and live more than 30 miles from an approved HMO provider may elect the PPO plan and pay the monthly PPO premium contribution. Employees who retired after April 1, 2007 and elect the PPO plan will pay the PPO monthly premium contribution plus the difference in cost between the PPO and HMO premium. The PPO premium contribution is 12% of the premium for the applicable rate class. Effective January 1, 2012, any employee whose combined age and years of service equal less than 75 will pay an additional 20% for coverage. Those whose combined age and years of service equal greater than or equal to 75, but less than 80, will pay an additional 12% for coverage.

Effective January 1, 2012, for surviving spouses not eligible for Medicare and dependent children, the Company will pay one-half ($\frac{1}{2}$) of the health insurance premium until the spouse becomes eligible for Medicare or remarries, provided the employee has completed at least fourteen years of service.

The Company pays the full premiums on a term life insurance policy for all eligible retired employees at the face value in effect at the time of retirement. The face value of life insurance

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 14 - Other Post-Employment Benefits (cont'd)

for employees who retired before April 1, 2001 range from \$500 (five hundred) to \$16,500 (sixteen thousand five hundred), who retired between April 1, 2001 and March 31, 2007 is \$8,500 (eight thousand five hundred), and retired after April 1, 2007 is \$9,000 (nine thousand).

Funding Policy

The health insurance and life insurance benefits for retirees are recognized under the accrual method of accounting. Under this method retiree healthcare and life insurance benefits are recognized when the benefits are earned by employees. In addition, the Company recognizes a portion of the unfunded actuarial accrual liability ("UAAL") for the past service costs of its employees and retirees. The UAAL is amortized over thirty (30) years under the level percent method. Under the level percent method, the UAAL is paid off by contributing a fixed percentage of payrolls each year. Under this method, the payments are smaller in the initial years and increase over time, as the payroll increases. It is assumed that the active group of employees' size remains constant and that the payroll increases 3 percent per year. It is the Company's intent to contribute the amount of the ARC each year into a trust. The Company does not issue a publicly available report that includes the financial statements for the trust on OPEB.

Annual OPEB Cost and Net OPEB Obligation

The Company's annual OPEB cost (expense) is calculated based on the annual required contribution ("ARC") of the employer, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liability (or asset) over a period of thirty (30) years.

The following schedules provide the components of the Company's 2017, 2016, and 2015 OPEB costs:

Schedule of Annual OPEB Costs For the Year Ended December 31

	2017	2016	2015
Normal Cost	\$ 4,784	\$ 3,119	\$ 3,020
Amortization of Unfunded Actuarial Accrued Liability	7,015	10,292	8,871
Annual Required Contribution (ARC)	11,799	13,411	11,891
Interest on Net OPEB Obligation	-	(4)	(4)
Adjustment to the ARC	-	4	3
Annual OPEB Cost	\$ 11,799	\$ 13,411	\$ 11,890

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 14 - Other Post-Employment Benefits (cont'd)

Schedule of Employer Contributions For the Year Ended December 31

	2017	2016	2015
Premiums Paid on Behalf of Retirees	\$ 10,274	\$ 13,135	\$ 10,229
Contribution to OPEB Trust	6,035	4,525	1,008
Less: Retiree and Survivor Contribution	(1,965)	(1,939)	(1,982)
Net Employer Contribution	\$ 14,344	\$ 15,721	\$ 9,255
 Percent of Annual OPEB Cost Contributed by Employer	 121.6 %	 117.2 %	 77.8 %

Schedule of Net OPEB Obligation For the Year Ended December 31

	2017	2016	2015
Net OPEB Obligation (Asset) - January 1,	\$ 269	\$ 2,579	\$ (56)
Annual OPEB Cost	11,799	13,411	11,890
Less: Net Employer Contributions	(14,344)	(15,721)	(9,255)
Net OPEB Obligation (Asset) - December 31	\$ (2,276)	\$ 269	\$ 2,579

Funded Status and Funding Progress

As of January 1, 2016, the most recent actuarial valuation date, the Company's OPEB plan is partially funded. The actuarial accrued liability for benefits is \$230,146, and the actuarial value of assets is \$65,829, resulting in an unfunded actuarial accrued liability (UAAL) of \$164,317. The annual payroll of active employees covered by the plan is \$29,180, and the ratio of UAAL to the covered payroll is 5.63 to 1.

The schedule of funding progress, also presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Assumptions and Methods

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of future events. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, also presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 14 - Other Post-Employment Benefits (cont'd)

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The 2017 ARC was determined as part of the January 1, 2016 actuarial valuation using the Unit Credit Actuarial Cost Method with unfunded Actuarial Accrued liability amortized as a level percent over 30 years on an open basis. Significant actuarial assumptions used in the valuation include:

Investment rate of return	7.25%
Projected salary increases	3.0%
Healthcare cost trend	8.0% decreasing by 0.5% annually to 5.0%
Mortality	RP-2014 Mortality for Blue Collar Workers Fully Generational using Projection Scale AA
Retirement age	Estimates vary based upon historical experience
Withdrawal	Graduated rates based upon current age
Inflation rate	3.0%

Changes in Plan Provisions or Actuarial Assumptions since Prior Year:

- None.

Contributions Required and Contributions Made

The Company's policy is to fully fund its OPEB plan. The Company funds its annual OPEB cost with operating revenues and tax levy support from Milwaukee County and the State of Wisconsin. As of December 31, 2017, the Company has 1,055 retirees and survivors enrolled in the HMO and PPO healthcare plans. The 2017 expenditures for the HMO and PPO healthcare plans are \$10,014, plus a contribution to the OPEB plan trust of \$6,035. The total HMO and PPO expenditures are offset by \$1,965 in retiree contributions from retirees and survivors who are responsible for the partial or full health benefit premium cost.

As of December 31, 2017, the Company has 1,055 retirees enrolled in the life insurance plan. The 2017 expenditures for the life insurance plan are \$260. There are no retiree contributions towards the life insurance plan.

Note 15 - Employee Retirement System and Pension Plans

COUNTYWIDE PROGRAM (EXCLUDING TRANSIT SYSTEM)

Plan Description and Provisions

The description of the provisions of the Employees' Retirement System of the County of Milwaukee ("ERS" or the "Retirement System"), has been extracted from the Annual Report of the Retirement System and is provided for financial reporting purposes only. Actuarial data presented here differs from the Annual Report of the Retirement System due to a one year lag

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 15 - Employee Retirement System and Pension Plans (cont'd)

for County financial reporting purposes. Additional narrative has been added to the plan descriptions and provisions section. Members should refer to Section 201.24 of the General Ordinances of Milwaukee County and their respective bargaining agreements for more complete information. Requests for ERS financial information should be sent to: Milwaukee County ERS, 901 N. 9th Street, Room 210C, Milwaukee, WI 53233.

The Retirement System is a single-employer defined benefit plan that was created to encourage qualified personnel to enter and remain in the service of the County of Milwaukee (the "County") by providing for a system of retirement, disability and death benefits to or on behalf of its employees. Under Chapter 201 of the Laws of Wisconsin for 1937, the County was mandated to create the Retirement System as a separate legal entity. The County did so by passing Section 201.24 of the General Ordinances of Milwaukee County. The authority to manage and control the Retirement System is vested in the Pension Board. The Pension Board consists of ten members - three members appointed by the County Executive (subject to confirmation by the County Board of Supervisors), three employee members elected by active employee members, two members appointed by the County Board chairperson, one member appointed by the Milwaukee Deputy Sheriffs' Association and one retiree member elected by retirees.

The Pension Board created two (2) committees to assist in the administration of the Pension Board's duties. The Investment Committee reviews the investment portfolio on a periodic basis, endorses strategies and submits investment recommendations to the full Pension Board. The Audit Committee reviews legal issues, Ordinance adherence, and submits recommendations to the full Pension Board regarding the annual audit and the Annual Report of the Pension Board. The Pension Board, with the assistance of its actuarial professionals, determines and recommends how much the County should contribute to ERS based on what the Pension Board believes is necessary to properly fund the current and future payment of benefits. The Pension Board oversees the tax qualifications of ERS and oversees the administration of ERS in accordance with adopted County Ordinances (the "Ordinances"), any amendments to the Ordinances, and ERS Rules. The Pension Board oversees the benefit payment process from ERS to determine whether these payments are made in accordance with the Ordinances and ERS Rules.

Contributions

The Retirement System had been substantially non-contributory. However, starting in 2011, selected members began making mandatory contributions. Most full-time, regularly-appointed employees were required to make contributions starting in 2012. In 2017, the employee contribution percentages range from 6.5% to 8.1% of compensation. In 2018, the employee contribution percentages will range from 6.5% to 8.3% of compensation. These percentages may change from year to year based on an analysis performed by the Retirement System's actuary.

Employees who terminate County employment and are not eligible for an immediate pension payment may request a refund of all accumulated contributions made, with simple interest at 5% annum. Effective December 19, 2013, employees who terminate employment with the County must request a refund of accumulated contributions within one hundred eighty (180) days of terminating County employment. Prior to December 19, 2013, terminated employees

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 15 - Employee Retirement System and Pension Plans (cont'd)

had sixty (60) days to request a refund of their contributions. The Retirement System will send an employee who terminates a written notice of the refund option. Any employee receiving this refund will forfeit his or her service credit and will no longer be a member of ERS.

Contributions due from the County to the Retirement System consist of actuarially determined amounts sufficient to fund the annual service cost and interest on and amortization of the net pension liability less the expected contributions from the participants.

In 2012, the County started receiving contributions from the State of Wisconsin ("the State") for members who were transferred from Milwaukee County to the State of Wisconsin for future service. As a result of the agreement between the State and the County, non-vested members of the Retirement System are able to continue to accrue pension benefits with the ERS, while they are employed with the State. Once the member is vested, they are transferred to the State retirement plan unless they remain in the same position and opt to remain in the Milwaukee County ERS plan. The State employees are required to contribute 6.5% of their wages to ERS in 2017 and 6.5% in 2016; the State contributes the same percentages to the County.

The County makes contributions to the Retirement System based upon Actuarially Determined Contributions and legal requirements, at the discretion of the County Board. Data used in the determination of the contribution is based upon the prior fiscal year's demographics. The actual contribution made to the pension plan is set during the County's budget process and may differ from the Actuarially Determined Contribution as a result of changes in plan provisions implemented subsequent to establishment of the Actuarially Determined Contribution and budgetary restraints. During the year, the Retirement System accrues those contributions that the County has included in its current year's budget. The County contribution recorded by the Retirement System is \$192 greater than and \$298 less than, the Actuarially Determined Contribution in 2017 and 2016, respectively.

The Actuarially Determined Contribution is calculated by the Retirement System's actuary, hired by the Pension Board, using census data, following plan guidelines, and compared to current net assets. The objective is to calculate a contribution that allows the Retirement System to fulfill its obligations to its members.

Employee's Retirement System ("ERS")

ERS Pension Plan membership, which is open to new members, consists of the following:

	<u>2017</u>	<u>2016</u>
Retiree and beneficiaries currently receiving benefits	8,063	7,991
Vested and terminated employees not yet receiving benefits	1,394	1,387
Current employees	3,488	3,619
Total participants	<u>12,945</u>	<u>12,997</u>

Membership data above is as of January 1, 2017 and 2016, respectively, the date of the actuary report used to determine the total pension liability for each year and reasonably approximates membership data through December 31, 2017 and 2016, respectively.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 15 - Employee Retirement System and Pension Plans (cont'd)

The normal retirement benefit is a monthly pension for the life of the member beginning at normal retirement age. The pension amount is determined by the following formula: Applicable Multiplier(s) x Creditable Service x Final Average Salary.

For most members, the normal retirement age is either 60 or 64 depending on ERS enrollment date and collective bargaining agreement. A few labor agreements require a minimum of 5 years creditable service in addition to the age requirement. For deputy sheriff members, the normal retirement age is 57 or age 55 with 15 years of creditable service. Depending on enrollment date and collective bargaining agreement, some active members are eligible to retire when their age added to their years of creditable service equals 75 (the "Rule of 75"). The multiplier is determined by Ordinance, collective bargaining agreement and ERS enrollment date. The applicable multiplier percentages are 1.5%, 1.6%, 2.0% and 2.5%. A member's three or five consecutive years of highest earnings are used to calculate their final average salary as defined by the Ordinance and labor agreements. Annually after retirement, the monthly benefit is increased by 2% of the benefit paid for the first full month of retirement, subject to IRS limits. By Ordinance, the maximum benefit (excluding post-retirement increases) payable to a member cannot exceed the sum of 80% of the member's final average monthly salary.

For some members, depending on enrollment date and collective bargaining agreement, the member may elect to receive a backdrop benefit. This benefit permits an employee to receive a lump-sum payment plus a monthly pension benefit upon retirement. The lump-sum payment is the total of the monthly pension amounts, adjusted for post retirement increases that a member would be entitled to from a prior date ("backdrop date") to the date that the member terminates employment plus compounded interest. The backdrop date must be at least one calendar year prior to the termination date and the member must have been eligible to retire as of that date. The member will be entitled to a post-retirement increase based on the backdrop date once the member terminates employment.

In 2012, the County Board passed an ordinance limiting the amount of backdrop benefit for most eligible employees who choose a backdrop date after April 1, 2013. If a member chooses a backdrop date after April 1, 2013, the monthly backdrop benefit is calculated using the member's final average salary, service credit, and applicable multipliers as of April 1, 2013. This plan change does not apply to Elected Officials, Skilled Trades, Machinists, Federated Nurses, and Firefighters.

A member who meets the requirements for an accidental disability retirement benefit is entitled to an amount computed in the same manner as a normal pension but not less than 60% of the member's final average salary (75% for a represented deputy sheriff). The ordinary disability pension benefit will not be less than 25% of the member's final average salary. A total of 15 years of creditable service is required to apply for ordinary disability.

Most members are immediately vested upon attaining age 60 or 64. A vested member is eligible for a deferred pension beginning as of the member's normal retirement date. A member who is 55 years of age and has 15 years of credited service may elect to receive early reduced retirement benefits. The member would be entitled to a benefit equal to the normal retirement benefit with a lifetime reduction of 5% for each year prior to the normal retirement date.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 15 - Employee Retirement System and Pension Plans (cont'd)

Upon the death of a member (generally after 1 year of service and depending on collective bargaining agreements), a spouse with a dependent child as defined by Ordinance will receive 40% of the deceased member's salary, reduced by Social Security benefits payable to the spouse. An additional 10% of salary, reduced by Social Security benefits, is paid for each dependent child. Generally, the total benefit, including Social Security benefits, cannot exceed 90% of the prior salary level of the member. At age 60, the spouse will receive 50% of the normal retirement benefit based on the member's projected service to age 60. If there is no spouse or child, the death benefit payable to a designated beneficiary is equal to 50% of the deceased member's final average salary, but not to exceed \$2,000 (two thousand dollars).

A member who becomes eligible for normal retirement, but continues to work may elect a Protective Survivorship Option ("PSO") designating a person to receive a pension (100% option) in the event of their death while in active service. Previously there had been a 50% option for PSO's; however, on December 17, 2015, the County Board amended Ordinance 201.24(7.1) and removed that option. The PSO election must be filed in writing on an approved form. In the absence of an election, a surviving spouse will be paid a 100% survivorship pension.

Members may choose among several benefit payment options when retiring. Currently there are six options with different payouts depending upon if the member wants payments to cease upon member's death or if payments should continue to the member's beneficiary at different levels.

OBRA 1990 Retirement System of the County of Milwaukee ("OBRA")

The County established the OBRA 1990 Retirement System of the County of Milwaukee ("OBRA") to cover seasonal and certain temporary employees who are not enrolled in the Retirement System. Assets of the OBRA plan are commingled for investment purposes with the assets of the Retirement System. The assets of the Retirement System are legally available to pay the benefits of either the ERS or OBRA plans and all assets have been commingled. The Retirement System and OBRA are considered a single plan for financial reporting purposes.

OBRA Pension Plan membership, which is open to new members, consists of the following:

	<u>2017</u>	<u>2016</u>
Retiree and beneficiaries currently receiving benefits	55	48
Vested and terminated employees not yet receiving benefits	5,961	5,073
Current employees	354	386
Total participants	<u>6,370</u>	<u>5,507</u>

Membership data above is as of January 1, 2017 and 2016, respectively, the date of the actuary report used to determine the total pension liability for each year and reasonably approximates membership data through December 31, 2017 and 2016, respectively.

Benefits Paid	(179)
Net decrease in net position restricted for pension benefits	<u>\$ 692</u>

Summary of Significant Accounting Policies

Basis of Accounting – The ERS financial statements are prepared using the accrual basis of accounting. Employee and employer contributions are recognized as revenues in the period in which employee services are performed and expenses are recorded when the corresponding liabilities are incurred. Benefits payments to members are recognized in the period in which the payment was due to the member.

Investments – Investments, primarily stocks, bonds, certain government loans and mortgage-backed certificates, are stated at quoted fair value. Temporary cash investments are valued at cost, which approximates fair value. Investments in venture capital partnerships, real estate, long/short hedge and infrastructure are valued at estimated fair value, as provided by the Retirement System's investment managers. Investment transactions are recorded on the trade date. Dividends and interest are recorded as earned. Realized gains and losses are computed based on the average cost method. Unrealized gains and losses in the fair value of investments represent the net change in the fair value of the investments held during the period.

Investment securities, in general, are exposed to various risks, such as interest, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect amounts reported in the Statements of Fiduciary Net Position.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 15 - Employee Retirement System and Pension Plans (cont'd)

Valuation of International Securities – Securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollar amounts on the date of valuation. Purchases and sales of securities and income items denominated in foreign currencies are translated into U.S. dollar amounts on the respective dates of such transactions.

Software Development Costs – Capitalized software developments costs represent direct costs related to the development and implementation of software programs utilized in the Retirement System. The amounts are being amortized over ten years using the straight-line method. Amortization expense is included in Administrative Expenses in the accompanying Statement of Changes in Fiduciary Net Position.

Expenses - Administrative expenses incurred by the County related to the Retirement System are payable by the Retirement System to the County. Such expenses total \$1,677 in 2017 and \$1,555 in 2016.

Income Taxes - Management has submitted to the Internal Revenue Service, as part of a Voluntary Compliance Program, any compliance issues that have been discovered through a self-administered review where the provisions contained in the Internal Revenue Code, the County Pension Ordinances or Pension Rules differ from actual practice. Management received a response from the Internal Revenue Service regarding what actions were required to bring the pension system into compliance in all of its practices in order to maintain its tax-qualified status and completed the corrections required by December 31, 2016 at a cost of \$14,151. The majority of the cost resulted from a correction to the mortality tables used to calculate joint and survivor benefits for members who retired between 2001 and 2008. Management has submitted a supplemental report to the IRS in 2014 that details any new compliance issues and the review is still in process.

Deposit and Investment Risk Disclosure

Securities Lending - Section 201.24 (9.1) of the General Ordinances of Milwaukee County and Board policies permit ERS to lend its securities to broker-dealers and other entities with a simultaneous agreement to return the collateral for the same securities in the future. ERS participates in such a security-lending program through its custodian, the Bank of New York Mellon, acting as ERS's securities lending agent. ERS requires collateral from the borrower in the form of cash or securities. Collateral for domestic issues is set at 102% of the fair value of the securities loaned at the time of the initial transaction. If the value falls to 100% of the fair value of the securities loaned, additional collateral is obtained to reestablish collateral at 102% of the fair value of securities loaned. Collateral for international securities is maintained at a level of 105% of the fair value of securities loaned at all times. The securities lending program guidelines attempt to preserve capital while earning a moderate rate of return. Earnings from securities lending, after all fees are paid, are split on a percentage basis with the custodian. For 2017 and 2016, the net investment income realized from security lending is \$78 and \$123, respectively.

ERS also invests in several commingled funds managed by Mellon Capital Management that participates in securities lending programs. The earnings and losses attributable to the commingled funds' securities lending programs are combined with the commingled funds' performance and are not reported separately in ERS's financial statements.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 15 - Employee Retirement System and Pension Plans (cont'd)

Securities loaned and the collateral held as of December 31, 2017 are as follows:

	Securities Lent	Collateral
Securities Lent for Cash Collateral	\$ 23,956	\$ 24,491
Securities Lent for Securities Collateral	5,393	5,594
Grand Total	<u>\$ 29,349</u>	<u>\$ 30,085</u>
Percent Collateral to Securities Loaned		102.51 %

The collateral received from securities lending transactions are recorded as assets at quoted fair value of the financial statement date. The Retirement System records an identical amount as a liability, representing the obligation of the Retirement System to return the collateral at the time the borrower of the Retirement System's securities return those securities.

The collateral received from securities lending transactions includes cash of \$24,491 and U.S. Treasury securities, domestic stocks and REIT's of \$5,594 for the year ended December 31, 2017. Under the terms of the securities lending agreement, the Retirement System has the right to sell or pledge the cash collateral. The non-cash collateral in the amount of \$5,594 is controlled by the custodian and, correspondingly, not reflected in the Statement of Fiduciary Net Position.

At year-end, the Retirement System has no credit risk exposure to borrowers because the amounts the Retirement System owes the borrowers exceed the amounts the borrowers owe the Retirement System. The contract with the Retirement System's custodian requires it to indemnify the Retirement System if a borrower fails to return the securities (and if the collateral is inadequate to replace the securities lent) or fails to pay the Retirement System for income distributions by the securities' issuers while the securities are on loan.

Financial Instruments with Off-Balance Sheet Risks

A currency forward is a contractual agreement between two parties to pay or receive amounts of foreign currency at a future date in exchange for another currency at an agreed-upon exchange rate. Forward commitments are entered into with the foreign exchange department of a bank located in a major money market. These transactions are entered into in order to hedge risks from exposure to foreign currency rate fluctuations. Recognition of realized gain or loss depends on whether the currency exchange rate has moved favorably or unfavorably to the contract holder upon termination of the contract. Prior to termination of the contract, the Retirement System records the amount receivable or payable at fair value, with the unrealized gain or loss reported as a component of net appreciation in fair value. All contracts are short-term in duration and mature within 90 days. The Retirement System did not hold any financial instruments with off-balance sheet risk as of December 31, 2017.

ERS invests in financial futures contracts in order to improve the performance of the fund. The Retirement System purchases contracts that approximate the amount of cash held by U.S. equity investment managers and cash used to pay benefits and expenses. Financial futures contracts are agreements to buy or sell a specified amount at a specified delivery or maturity date for an agreed upon price.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 15 - Employee Retirement System and Pension Plans (cont'd)

The market values of the futures contracts vary from the original contract price. A gain or loss is recognized and paid to or received from the clearinghouse. Financial futures represent an off balance sheet obligation, as there are no balance sheet assets or liabilities associated with those contracts. The cash or securities to meet these obligations are held in the investment portfolio. All contracts are short-term in duration and mature within 90 days.

ERS is subject to credit risk in the event of non-performance by counter parties to financial futures and forward contracts. ERS generally only enters into transactions with credit-worthy institutions. The Retirement System is exposed to market risk, the risk that future changes in market conditions may make an instrument less valuable. Exposure to market risk is managed in accordance with risk limits set by ERS management and by buying or selling futures or forward contracts. The cash or securities to meet these obligations are held in the investment portfolio.

The futures contracts held by the Retirement System as of December 31, 2017 are as follows:

	US Equity Investment Managers	Cash Used to Pay Benefits and Expenses	Total
Cash Held	\$ 30,962	\$ 29,361	\$ 60,323
Futures Purchased:			
Barclays AGG (Fixed Income)	-	13,245	13,245
MSCI EAFE (International Equity)	-	6,852	6,852
S&P 500 (US Equity)	13,915	16,324	30,239
Total Futures Purchased	13,915	36,421	50,336
Futures Above/(Below) Cash	\$ (17,047)	\$ 7,060	\$ (9,987)
Market Value	\$ 359	\$ -	\$ 359

Contributions Required and Contributions Made

The Retirement System's funding policy provides for periodic County contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are sufficient to accumulate sufficient assets to pay benefits when due. Payroll contribution rates are determined using the Aggregate Entry Age Normal method of funding. The Retirement System also uses the level percentage of payroll method to amortize the unfunded liability over a 30-year period. The significant actuarial assumptions used to compute the contribution requirements are the same as those used to compute the pension benefit obligation.

County contributions totaling \$53,661 and \$50,626 are recorded in 2017 and 2016, respectively. The 2017 and 2016 contributions are \$192 and \$(298) above/(below) the Funding Contribution amount, respectively. The County contributions do not include contributions made by the members. Member contributions are \$12,330 and \$12,144 for the years ended December 31, 2017 and 2016, respectively. The change in member contribution is due to the increase in the employee contribution percentages of pensionable compensation to 6.5% - 8.1% in 2017 from 6.5% - 7.9% in 2016. See the Schedule of Employer and Other Contributions presented as Required Supplementary Information (RSI) immediately following the notes to the financial statements.

County contributions to OBRA totaling \$833 and \$819 are recorded in 2017 and 2016, respectively. The 2017 and 2016 contributions are \$29 and \$8 above/(below) the Funding

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 15 - Employee Retirement System and Pension Plans (cont'd)

Contribution amount, respectively. There are no member contributions for OBRA.

The 2017 contributions reflected in the Retirement System's financial statements are actuarially determined as of January 1, 2017. These amounts are included in the County's 2017 budget. The Retirement System's financial statements as of December 31, 2017 reflects the balance of unpaid 2017 contributions as a contribution receivable.

Net Pension Liability

The County's net pension liability was measured as of December 31, 2017 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2017.

The total pension liability in the January 1, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement. Significant actuarial assumptions used include (a) a rate of return on the investment of present and future assets of 8.0% (includes 3.0% inflation), compounded annually, (b) projected payroll growth increases per year, averaging 3.5% for ERS and 4.5% for OBRA compounded annually, attributed to inflation, seniority and merit, and (c) post-retirement benefit increases, per year, of 2.0% for ERS and 3.0% for OBRA.

Mortality rates for healthy pensioners are based on the sex-distinct UP-1994 Mortality Table with Projection scale AA to 2012 and then fully generational thereafter using scale AA. Active member's mortality rates are 70% of the rates applicable to healthy pensioners.

The actuarial assumptions used for ERS are based on the results of an actuarial experience study for the period January 1, 2012 through December 31, 2016. The actual assumptions used for OBRA are based on the results of an actuarial experience study for the period January 1, 2012 through December 31, 2016.

The long-term expected rate of return on pension plan investments is determined by using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of position plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of December 31, 2017 are summarized in the following table:

Asset Class	Policy	Expected Real Rate of Return
Cash and cash equivalents	0.0 %	0.0 %
Domestic common and preferred stocks	25.0 %	5.1 %
Fixed Income	18.0 %	0.8 %
Infrastructure	8.5 %	5.3 %
International common and preferred stocks	20.0 %	5.3 %
Long/Short hedge funds	8.5 %	3.1 %
Private Equity	10.0 %	8.9 %
Real Estate and REIT's	10.0 %	5.5 %
Estimated by ERS financial advisors	100.0 %	

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 15 - Employee Retirement System and Pension Plans (cont'd)

Discount rate – The discount rate used to measure the total pension liability is 8.00%. The projection of cash flows used to determine the discount rate assumes that the Retirement System's contributions will continue to follow the current funding policy. Based on those assumptions, the Retirement System's fiduciary net position is projected to be available to make all projected future benefit payments of current plan members.

Note 15 - Employee Retirement System and Pension Plans (cont'd)

Sensitivity of the Net Pension Liability to changes in the discount rate – The following presents the net pension liability of the ERS and OBRA pension plans, calculated using the discount rate of 8.00%, as well as what the ERS and OBRA's net pension liability would be if it were calculated using a discount rate that is a 1-percentage point decrease (7.00%) or a 1-percentage point increase (9.00%) than the current rate:

	1% Decrease (7.0%)	Current Discount (8.0 %)	1% Increase (9.0%)
ERS' net pension liability	\$ 804,877	\$ 584,626	\$ 397,330
OBRA's net pension liability	\$ 4,072	\$ 3,091	\$ 2,361

Pension Plan Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended December 31, 2017, the County recognizes pension expense of \$103,617 for ERS pension plan and \$1,205 for OBRA pension plan. At December 31, 2017, the County is reporting deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Pension Plan	Deferred Outflows of Resources	Deferred Inflows of Resources
ERS:		
Differences between expected and actual experience	\$ 20,676	\$ -
Net Difference between projected and actual earnings on pension plan investments	94,379	-
Total	<u>\$ 115,055</u>	<u>\$ -</u>
OBRA:		
Net Difference between projected and actual earnings on pension plan investments	\$ 70	\$ -
Total	<u>\$ 70</u>	<u>\$ -</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended December 31	ERS	OBRA	Total
2018	\$ 50,251	\$ 24	\$ 50,275
2019	36,984	24	37,008
2020	23,868	19	23,887
2021	3,952	3	3,955

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 15 - Employee Retirement System and Pension Plans (cont'd)

Payable to the Pension Plan

At December 31, 2017, the County has no outstanding payments due to the ERS or OBRA pension plans. The County has paid its pension contribution for the subsequent year and, therefore, has a deferred outflow of resources for pension contributions as of December 31, 2017 of \$53,661 for ERS and \$833 for OBRA. The current deferred outflow related to pension contributions will be recognized in the net pension liability for the year ended December 31, 2017.

TRANSIT SYSTEM PROGRAM

Plan Description and Provisions

The Transit System issues a publicly available report that includes the financial statements and required supplementary information for the Transport Employees' Pension Plan. The financial report may be obtained by writing to the Transport Employees' Pension Plan, 1942 North 17th Street, Milwaukee, Wisconsin 53205.

The Transport Employees' Pension Plan (the "Plan") is a single employer contributory defined benefit plan sponsored by Milwaukee Transit Services, Inc (the "Company"). The plan is administered by an administration board, which consists of three members representing the Company and three members representing the employees. The plan is not subject to the reporting and disclosure requirements of the Employee Retirement Income Security Act of 1974 as amended, as it is a governmental plan exempted under Section 4(b)(1) of Title I of the Act.

All regular full-time employees of the Company are eligible to participate in the plan. An employee's normal retirement date is the earlier of:

- the first day of the month coincident with, or the next following, the attainment of age sixty-two and the completion of five years of credited service, or
- the first day of any month where the sum of employee's age and credited service total 85 (eighty-five) or more years, or
- prior to January 1, 2014, the first day of the month following completion of twenty-five years of credited service, or
- after January 1, 2014 and prior to January 1, 2015, the first day of the month following completion of twenty-six years of credited service, or
- January 1, 2015 and thereafter, the first day of the month following completion of twenty-seven years of credited service.

Continuous service is equal to total years and completed months of unbroken service with the Company; absences due to temporary layoffs followed by re-employment within three years and other periods of specifically approved leaves of absence are not considered breaks in continuous service. Credited service, not to exceed thirty-five years, is equal to total years and completed months of unbroken service with the Company. Periods of leave of absence where the employee did not make the mandatory contributions, periods of absence due to unpaid sickness which accumulates in excess of thirteen days within any one calendar year, and other periods of absence are not included in credited service.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 15 - Employee Retirement System and Pension Plans (cont'd)

The amount of annual benefit to be paid in monthly installments for life is equal to the sum of:

- \$90 (ninety dollars) times year of credited service before April 1, 1966, plus
- 2.0% of the retiree's highest average salary times years of credited service after March 31, 1966 and prior to January 1, 2014, plus
- 1.8% of the retiree's highest average salary times years of credited service after December 31, 2013.

An employee's highest average salary is the greater of the annual average of the highest three calendar year earnings or the twelve month average of the last thirty-six months of earnings. The minimum annual normal retirement benefit for an employee with at least ten years of service is \$3,000 (three thousand dollars). Employees who retired prior to April 1, 2002 receive a \$35 (thirty-five dollars) per month supplemental effective upon their attainment of age 65.

Upon completion of five years of continuous service and the attainment of age fifty-seven, an employee may elect early retirement. The employee has two choices: begin collecting at age sixty-two and receive a monthly benefit for life equal to the accrued benefit or begin collecting at the early retirement date and receive the accrued benefit reduced by 7/12 of 1% for each full month by which the payment date precedes age sixty-two.

An employee who has ten years of credited service and who becomes totally and permanently disabled before normal retirement date may retire and receive a disability retirement benefit calculated as their accrued benefit on the date of disability, payable immediately. The minimum annual disability benefit is \$3,000 (three thousand dollars).

Upon termination of employment before five years of credited service, an employee will receive a lump sum equal to their own employee contributions together with 2% simple interest from the January 1st following the date on which contribution were made up to the last day of the calendar year in which the termination of service occurs.

Upon termination of employment after five or more years of credited service, an employee may elect to receive the lump sum equal to the aggregate of their contributions with 2% simple interest or to leave their contributions in the trust fund and on or after age fifty-seven receive their accrued benefit.

If a disabled employee dies while receiving a disability retirement benefit, the surviving spouse will receive a monthly benefit of 50% of the disability retirement benefit for the remainder of their lifetime.

In the event of the death of an active employee with less than ten years of credited service, their beneficiary will receive the lump sum equivalent of the employee's contributions with 2% simple interest.

In the event of the death of an active employee who has ten or more years of credited service, the surviving spouse receives a pension benefit equal to 50% of the employee's accrued benefit payable immediately or the lump sum equivalent of the employee's contributions with 2% simple interest.

In the event of the death of a retired employee who has not elected an optional benefit, the

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 15 - Employee Retirement System and Pension Plans (cont'd)

employee's beneficiary recovers a lump sum equivalent of the employee's contribution with 2% simple interest to the end of the calendar year in which retirement occurred less the pension payments the retiree received up to the date of death. In lieu of the normal form of benefit and the death benefit based on employee contributions, a retiree may elect one of three optional forms of payments.

On January 1 of each year, the retirement benefit of each retiree (excluding beneficiaries and surviving spouses) is increased by 2%.

Transit Pension Plan membership, which is open to new members, consists of the following:

	2017	2016
Retiree and beneficiaries currently receiving benefits	1,390	1,370
Vested and terminated employees not yet receiving benefits	59	59
Current employees	937	950
Total participants	<u>2,386</u>	<u>2,379</u>

Membership data above is as of January 1, 2017, the date of the actuary report used to determine the total pension liability for each year, and reasonably approximates membership data through December 31, 2017.

Summary of Significant Accounting Policies

Basis of Accounting - The financial information of the Plan has been prepared using the accrual basis of accounting in conformity with generally accepted accounting principles within the United States of America.

Investments - Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national exchange are valued at the last reported sales price. Investments that do not have an established market are reported at estimated value. Because of the inherent uncertainty of valuation, the estimated values for the limited partnerships may differ significantly from the values that would have been used had a ready market for the investments existed. Income and realized gains from investments are reinvested. Investment security transactions and the related gains and losses are recognized as of the trade date. The average cost basis is used in determining the cost of investments sold. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend is recorded on the ex-dividend date.

Income Taxes - The Plan is exempt from Federal income taxes under section 115 of the Internal Revenue Code.

Contributions Required and Contributions Made

Prior to 2012, employees covered under the plan contributed, in total, an amount equal to 15% of the actuarially determined contribution necessary to fund the plan. The Company contributed the remaining 85% of the actuarial determined contribution necessary to fund the plan. In 2012, employees contributed 25% of the actuarially determined contribution and the Company contributed the remaining 75%. Beginning in 2013, and continuing through present, employees contribute 30% of the actuarially determined contribution and the Company contributes the

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 15 - Employee Retirement System and Pension Plans (cont'd)

remaining 70%.

In 2017, the Company contributed \$15,483 which includes contributions made by the members. Member contributions are \$4,650 for the year ended December 31, 2017. See the Schedule of Employer and Other Contributions presented as Required Supplementary Information (RSI) immediately following the notes to the financial statements.

Net Pension Liability

The Transit System's net pension liability is measured as of December 31, 2017, and the total pension liability used to calculate the net pension liability is determined by an actuarial valuation as of January 1, 2017.

The total pension liability in the January 1, 2017 actuarial valuation is determined using the following actuarial assumptions, applied to all periods included in the measurement. Significant actuarial assumptions used include (a) a rate of return on the investment of present and future assets of 7.25%, net of assumed pension plan expenses of 0.35% and includes an inflation rate of 3.0%, compounded annually, (b) projected payroll growth increases averaging 3.75% per year compounded annually, attributed to inflation, seniority and merit, and (c) post-retirement benefit increases of 2.0% per year.

Mortality rates for healthy pensioners are based on the RP-2014 employees and healthy annuitants mortality table with blue collar adjustment (adjusted to remove effects of Scale MP-2014). Mortality rates for disabled pensioners are based on the RP-2014 Disabled Retiree Mortality Table (adjusted to remove effects of Scale MP-2014).

The actuarial assumptions used are based on the results of an actuarial experience study from January 1, 2006 through December 31, 2010.

The long-term expected rate of return on pension plan investments was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of position plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of December 31, 2017 are summarized in the following table:

<u>Asset Class</u>	<u>Policy</u>	<u>Expected Real Rate of Return</u>
Bank Loans	5.0 %	2.0 %
Corporate Fixed Income (Market Duration)	15.0 %	1.7 %
Domestic Equity (Large Cap)	24.0 %	4.2 %
Domestic Equity (Small Cap)	16.0 %	4.7 %
Emerging Markets Equity	2.0 %	5.5 %
Global Equity	5.0 %	5.0 %
Hedge Funds	5.0 %	4.3 %
International Equity	13.0 %	4.8 %
Private Equity	5.0 %	6.3 %
Private Real Estate	10.0 %	3.1 %
Estimated by Transit System financial advisors	<u>100.0 %</u>	

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 15 - Employee Retirement System and Pension Plans (cont'd)

Discount rate – The discount rate used to measure the total pension liability is 7.25%. The projection of cash flows used to determine the discount rate assumes that the Retirement System's contributions will continue to follow the current funding policy. Based on those assumptions, the Transit Retirement System's fiduciary net position is projected to be available to make all projected future benefit payments of current plan members.

Sensitivity of the Net Pension Liability to changes in the discount rate – The following presents the net pension liability of the Transit System Retirement Plan, calculated using the discount rate of 7.25%, as well as what the net pension liability would be if it were calculated using a discount rate that is a 1-percentage point decrease (6.25%) or a 1-percentage point increase (8.25%) than the current rate:

	1% Decrease (6.25 %)	Current Discount (7.25 %)	1% Increase (8.25 %)
Transit System's net pension liability	\$ 139,352	\$ 78,774	\$ 28,048

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 15 - Employee Retirement System and Pension Plans (cont'd)

Transit System Pension Plan Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended December 31, 2017, the Transit System recognizes pension expense of \$8,455. At December 31, 2017, the Transit System reports deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Transit System		
Differences between expected and actual experience	\$ 248	\$ 4,984
Assumption Changes	-	7,549
Net difference between projected and actual earnings on pension plan investments	10,414	-
Total	<u>\$ 10,662</u>	<u>\$ 12,533</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows

<u>Year Ended December 31</u>	<u>Transit System</u>
2018	\$ (3,436)
2019	(1,298)
2020	3,764
2021	(901)

Payable to the Pension Plan

At December 31, 2017, the Transit System has no outstanding payments to the pension plan. The Transit System has paid its pension contribution for the subsequent year and therefore has a deferred outflow of resources for pension contributions as of December 31, 2017 of \$10,610. The current deferred outflow related to pension contributions will be recognized in the net pension liability for the year ended December 31, 2017

Note 16 - Pending Governmental Accounting Standards

The County has not yet implemented the following GASB's into the CAFR presentation:

- **GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions**, will be effective for the County for the year beginning January 1, 2018. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 16 - Pending Governmental Accounting Standards (cont'd)

- **GASB Statement No. 82, *Pension Issues – An Amendment of GASB Statements No. 67, No. 68, and No. 73***, will be effective for the County for the year beginning January 1, 2018. The objective of this Statement is to address certain issues that have been raised with respect to Statements No. 67, *Financial Reporting for Pension Plans*, No. 68, *Accounting and Financial Reporting for Pensions*, and No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*. Specifically, this Statement addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee contribution requirements.
- **GASB Statement No. 83, *Certain Asset Retirement Obligations***, will be effective for the County for the year beginning January 1, 2019. This Statement addresses accounting and financial reporting for certain asset retirement obligations (AROs). An ARO is a legally enforceable liability associated with the retirement of a tangible capital asset. A government that has legal obligations to perform future asset retirement activities related to its tangible capital assets should recognize a liability based on the guidance in this Statement.
- **GASB Statement No. 84, *Fiduciary Activities***, will be effective for the County for the year beginning January 1, 2019. The objective of this Statement is to improve guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported.
- **GASB Statement No. 85, *Omnibus 2017***, will be effective for the County for the year beginning January 1, 2018. The objective of this Statement is to address practice issues that have been identified during implementation and application of certain GASB Statements. This Statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pensions and other postemployment benefits [OPEB]).
- **GASB Statement No. 86, *Certain Debt Extinguishment Issues***, will be effective for the County for the year beginning January 1, 2018. The primary objective of this Statement is to improve consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources - resources other than the proceeds of refunding debt - are placed in an irrevocable trust for the sole purpose of extinguishing debt. This Statement also improves accounting and financial reporting for prepaid insurance on debt that is extinguished and notes to financial statements for debt that is defeased in substance.

COUNTY OF MILWAUKEE, WISCONSIN

Notes to the Financial Statements As of and For the Year Ended December 31, 2017 (Amounts expressed in thousands, unless otherwise noted)

Note 16 - Pending Governmental Accounting Standards (cont'd)

- **GASB Statement No. 87, *Leases***, will be effective for the County for the year beginning January 1, 2019. The objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflow of resources or outflows of resources based on the payment provisions of the contracts. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.
- **GASB Statement No. 88, *Certain Disclosures Related to Debt, Including Direct Borrowings and Direct Placements***, will be effective for the County for the year beginning January 1, 2019. The primary objective of this Statement is to improve the information that is disclosed in notes to government financial statements related to debt, including direct borrowings and direct placements. It also clarifies which liabilities governments should include when disclosing information related to debt.
- **GASB Statement No. 89, *Accounting for Interest Cost Incurred Before the end of a Construction Period***, will be effective for the County for the year beginning January 1, 2020. The objectives of this Statement are (1) to enhance the relevance and compatibility of information about capital assets and the cost of borrowing for a reporting period and (2) to simplify accounting for interest cost incurred before the end of a construction period.

Unless otherwise stated, the County's management has not yet determined the effect these GASB statements will have on the financial statements.

REQUIRED SUPPLEMENTARY INFORMATION

- 1 - Notes to Required Supplementary Information
- 2 - Retirement Systems (Pension)
- 3 - Other Post-Employment Benefits (OPEB)

COUNTY OF MILWAUKEE, WISCONSIN

Required Supplementary Information

Notes to Required Supplementary Information

Retirement Systems (Pension)

Employee's Retirement System (ERS) - Substantially all full-time employees of the County are participants in the Employees' Retirement System of the County of Milwaukee (ERS), which is a single-employer contributory defined benefit pension plan.

The pension information is determined based on an actuarial valuation as of January 1, one year prior to the end of the fiscal year in which contributions are reported.

OBRA - All seasonal and certain temporary employees who are not enrolled in ERS are participants in the OBRA 1990 Retirement System of the County of Milwaukee (OBRA), which is a single-employer non-contributory defined benefit pension plan.

The pension information is determined based on an actuarial valuation as of January 1, one year prior to the end of the fiscal year in which contributions are reported.

Transit System - All regular full-time employees of Milwaukee Transport Services Inc., a nonprofit, non-stock corporation, are eligible to participate in the Transport Employees' Pension Plan, which is a single-employer contributory defined benefit pension plan.

The pension information is determined based on an actuarial valuation as of January 1, one year prior to the end of the fiscal year in which contributions are reported.

Other Post-Employment Benefits (OPEB)

Countywide Program - The County administers single-employer defined benefit healthcare and life insurance plans for retired employees and eligible spouses. The plan provides health and life insurance for eligible retirees and their eligible spouses through the County's self-insured health insurance plans and the County's group life insurance plan.

The OPEB information is determined based on an actuarial valuation as of January 1, one year prior to the end of the fiscal year in which contributions are reported.

Transit System Program - Milwaukee Transport Services, Inc. provides single-employer defined benefit healthcare and life insurance benefits for eligible retired employees and eligible surviving spouses. The retiree healthcare and life insurance benefits are provided pursuant to the general labor agreement between the Milwaukee Transport Services, Inc., the Amalgamated Transit Union Local 998 and the Office and Professional Employees International Union, Local 35. The same benefits are provided to non-represented employees and retirees.

The OPEB information is determined based on an actuarial valuation as of January 1, one year prior to the end of the fiscal year in which contributions are reported.

See independent auditors' reports.

COUNTY OF MILWAUKEE, WISCONSIN

Nonmajor Governmental Funds

Special Revenue Funds

The Special Revenue Funds are used to account for the proceeds of specific revenue sources that are restricted to expenditures of their designated operations. The specific purpose of each Special Revenue Fund is as follows:

Zoo - The Zoo Specimen Fund is used for the purchase of animals, the Zoo Railroad Fund is used for the repair and maintenance of the miniature passenger railroad and the Zoomobile, Zoo Library, and employee travel, and the Zoo Conservation Fund is used for various conservation projects.

Parks - Repair, restoration and enhancement of the various parks throughout Milwaukee County

Persons with Disabilities - Special projects to help free disabled persons from environmental and attitudinal barriers.

Behavioral Health Division - Mental health research, patient activities and special events, funding for youth and young adults with severe mental health needs and compensated absence payouts for retirees from the Behavioral Health Division.

Airports - Airport Passenger Facility Charge is used for the collection of Federal Aviation Administration approved passenger facility charges, which are to be used for capital projects at the Airports. In addition, a separate trust is maintained to secure a pledge by the County for repayment of certain debt of local airlines.

Administrative Services - Administered by Risk management for employee health and safety issues. Also includes a pension stabilization reserve per state statute.

Public Works - Compensated absence payouts and other post-employment benefit costs for retirees from the Fleet Maintenance and Facilities Management divisions.

Internal Service Funds

Internal Service Funds

The Internal Service Funds are used to account for the financing of goods or services provided by one department to other departments of the County, or to other governmental entities, on a cost-reimbursement basis. The specific purpose of each Internal Service Fund is listed below.

Information Management Services - This fund is used to account for electronic data processing, graphics, and telecommunication services provided to County departments.

Public Work Services - This fund is used to account for various services provided to other County departments including:

Water Utility - Maintains the water distribution system that is located on the Milwaukee County Grounds.

Risk Management - This fund accounts for risk financing, loss control and insurance-related activities for the County and its employees.

STATISTICAL SECTION (UNAUDITED)

- **Financial Trends**
- **Revenue Capacity**
- **Debt Capacity**
- **Demographic and Economic Information**
- **Operating Information**

COUNTY OF MILWAUKEE, WISCONSIN

Statistical Section

The information in this section is not covered by the Independent Auditor's report, but is presented as supplemental data for the benefit of the readers of the comprehensive annual financial report.

Financial Trends

These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the County's most significant local revenue source, the property tax.

Debt Capacity

These schedules contain information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.

Operating Information

These schedules contain service and capital asset data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.

Notes:

Accounting standards require that Net Position be reported in three components in the financial statements: net investment in capital assets, restricted and unrestricted. Net Position is considered restricted when externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

- (a) In 2016, Wisconsin Act 55 required Family Care to become organized as a non-governmental entity (IHA). Family Care separated from Milwaukee County in September 2016.
- (b) In 2015, a restatement occurred due to the implementation of GASB 68.
- (c) In 2013, Wisconsin Act 203 created the Mental Health Board. BHD surplus is now restricted. A new capital reserve was also created.
- (d) In 2012, the County began reporting the activities of its Public Works - Professional Services Divisions as part of the General Fund. Prior to 2012, it had been reported as part of the Internal Service Funds.
- (e) In 2009, the County began reporting the activities of its Fleet and Facilities Divisions as part of the General Fund. Prior to 2009, it had been reported as part of the Internal Service Funds.

Notes:

- (a) In 2017, Milwaukee County enacted a Vehicle Registration Fee for all vehicles titled in Milwaukee County.
- (b) In 2016, Wisconsin Act 55 required Family Care to become organized as a non-governmental entity (IHA). Family Care separated from Milwaukee County in September 2016.
- (c) In 2013, Wisconsin Act 203 created the Mental Health Board. BHD surplus is now restricted. A new capital reserve was also created.
- (d) In 2012, the County began reporting the activities of its Public Works - Professional Services Divisions as part of the General Fund. Prior to 2012, it had been reported as part of the Internal Service Funds.
- (e) In 2009, the County began reporting the activities of its Fleet and Facilities Divisions as part of the General Fund. Prior to 2009, it had been reported as part of the Internal Service Funds.

Notes:

- (a) In 2016, Wisconsin Act 55 required Family Care to become organized as a non-governmental entity (IHA). Family Care separated from Milwaukee County in September 2016.
- (b) In 2014, the County separated Investment Income and Rents to report Investment Income separately and Rents with Charges for Services. Prior to 2014, Investment Income and Rents were reported together.
- (c) In 2013, Wisconsin Act 203 created the Mental Health Board. BHD surplus is now restricted. A new capital reserve was also created.
- (d) In 2012, the County began reporting the activities of its Public Works - Professional Services Divisions as part of the General Fund. Prior to 2012, it had been reported as part of the Internal Service Funds.
- (e) In 2009, the County began reporting the activities of its Fleet and Facilities Divisions as part of the General Fund. Prior to 2009, it had been reported as part of the Internal Service Funds.

Note:

In November, the Certification of Apportionment of State and County Property Taxes and Charges is filed with the Wisconsin Department of Revenue. This certification provides the State's and County's levies for each of the municipalities. In accordance with State Statute 74.30, each municipality will pay the County its proportionate share, along with the State's share, of the property taxes collected by the 15th of the month following their installment schedule. During the settlement month of August, State Statute 74.29(2) requires all municipalities to pay each taxing jurisdiction their remaining uncollected portions. State Statute 74.29(1) has the County paying all real property and special taxes that remain uncollected along with special assessments and special charges as adopted by the County Board to all municipalities located in the County except the City of Milwaukee which is responsible for collecting property taxes within the boundaries of the City.

Note:

Equalized value is the State of Wisconsin's estimated value of property in a defined jurisdiction and is used to apportion County property tax levies among municipalities. Each municipality assesses their own property values which are sent to the State of Wisconsin on the Statement of Assessment form.

Note:

In November, the Certification of Apportionment of State and County Property Taxes and Charges is filed with the Wisconsin Department of Revenue. This certification provides the State's and County's levies for each of the municipalities. The Property Taxes Total Levy includes State Charitable and Penal Charges as well as Southeastern Wisconsin Regional Planning Commission (SEWPC) charges. The property tax rates are based on the Taxable Equalized Value. The property tax rates do not include State Forestry charges which are based on the Equalized Value. The Property Taxes Total Levy amount may vary slightly from the actual tax levy amount billed in December of the tax levy year.

Department Notes:

1. FTE Counts for the District Attorney include Deputy District Attorneys and Senior Assistant District Attorneys whose positions transferred to the State of Wisconsin on January 1, 1990 but chose to retain County pension benefits. The FTE counts are: 2017 - 4, 2016 - 5, 2015 - 6, 2014 - 6, 2013 - 7, 2012 - 7, 2011 - 8, 2010 - 12, 2009 - 15.8, and 2008 - 15.8.
2. The 2008 Budget transferred the Home/Home Repair Voucher Program to the Department of Health and Human Services (Housing) from the DAS - Economic Development.
3. The 2008 Budget listed the Care Management Organization (later known as the Department of Family Care) separately from the Department of Aging.
4. The 2009 Budget dissolved the DAS-Economic Development and transferred the Block Grant Program to the Department of Health and Human Services (Housing), Real Estate Service and the Development Office to the Director's Office.
5. The 2009 Budget included a major staffing change and additional positions were created for airfield safety and security as well as airfield maintenance.
6. The 2009 Budget continues the ongoing restructuring of Transportation Services by reducing positions.
7. The 2009 Budget restructured the maintenance operations in Fleet Management. Positions were transferred to the Airport or were abolished.
8. The 201 Budget abolished the mainframe functions positions in DAS-Information Management Services. These positions were outsourced to a private entity.
9. The 2010 Budget transferred Human Resources field staff to the departments in which they worked.
10. The 2010 Budget separated the Ethics Board and the Personnel Review Board.

COUNTY OF MILWAUKEE, WISCONSIN

County Employees by Function (Actual to Budgeted) For the Last Ten Years Ended December 31

Department Notes (cont'd):

11. The 2010 Budget consolidated the Office of the Sheriff and the House of Corrections; the consolidation started in 2009 when the Office of the Sheriff took over responsibility for the House of Corrections.
12. The 2010 Budget transferred the County Health Programs to the Behavioral Health Division.
13. The 2011 Budget separated the Department of Family Care from the Department on Aging.
14. The 2012 Budget transferred a funded position to Courts - Pre-Trial Services from Combined Court Related Operations.
15. The 2012 Budget created the Office of the Comptroller to comply with 2011 Wisconsin Act 62 which required a separate, independent department with an elected Comptroller. Positions were transferred from County Board - Audit Department and Dept. of Admin. Services - Fiscal Affairs.
16. The 2012 Budget reestablished the Dept. of Admin. Services - Economic Development and returned Real Estate Services and the Development Office from the Director's Office.
17. The 2012 Budget created the Department of Human Resources which was a merger of Employee Benefits and Human Resources.
18. The 2012 Budget abolished Public Works and Highways and created the Department of Transportation. A Dept. of Admin. Services - Facilities Management was created by merging the Facilities Management and Architectural, Engineering and Environmental Services from the Department of Public Works and Highways. Transportation Services merged with Airport.
19. The 2013 Budget reestablished the House of Corrections separate from the Office of the Sheriff.
20. The 2014 Budget contained several position changes to comply with 2013 Wisconsin Act 14 which provided a tax levy cap related to the structure and duties of the County Board. Positions were transferred to the newly created County Executive - Intergovernmental Relations, support positions were transferred to County Clerk, and Research Services positions were transferred to the Office of the Comptroller.
21. The 2014 Budget merged the Dept. of Labor Relations with the Dept. of Human Resources.
22. The 2014 Budget transferred all payroll positions from individual departments to the Office of the Comptroller.
23. The 2014 Budget transferred the Community Services Branch, Alcohol and Other Drug Abuse, Wraparound, and Emergency Medical Services to the Department of Health and Human Services from the Behavioral Health Division.
24. The 2014 Budget abolished positions in the Behavioral Health Division due to the closing of the Center for Independence and Development.
25. The 2015 Budget merged the General Fund divisions (Community Business Development Partners, Economic Development, Facilities Management, Fiscal Affairs, Persons with Disabilities and Procurement) of the Dept. of Admin. Services into a single agency.
26. The 2015 Budget transferred the Courthouse Security function to the Office of the Sheriff from the Dept. of Admin. Services - Fiscal Affairs.
27. The 2015 Budget merged the Civil Service Commission with the Personnel Review Board.
28. The 2015 Budget created the Department of Emergency Management. Positions were transferred out of Dept. of Admin. Services - Information Management Services (Radio), Office of the Sheriff (Communications) and the Department of Health and Human Services (EMS).
29. The 2015 Budget abolished positions in the House of Corrections.
30. The 2015 Budget returned the Community Services Branch, Alcohol and Other Drug Abuse program and Wraparound to the Behavioral Health Division from the Department of Health and Human Services.
31. The 2016 Budget included employees for the Department of Family Care. These positions were abolished in September 2016 due to the privatization of My Choice Family Care on August 31, 2016.
32. The 2017 Budget includes employees providing service to My Choice Family Care through a temporary Memorandum of Understanding.
33. The 2017 Budget created the Office on African American Affairs.
34. The 2017 Budget abolished the Election Commission and transferred the function to the County Clerk due to a change in State Statute.
35. The 2017 Budget did not eliminate positions in the Office of the Sheriff. The decrease is due to a reduction in overtime hours due to new hires and an anticipated reduction of command staff through attrition.

Notes:

- (1) Inventory shows these items under Public Safety, however, these buildings are owned and operated under Facilities Management. They are highlighted separately to maintain inventory tracking.
- (2) Facilities Management transferred from the Department of Transportation to the Department of Administrative Services in 2012. Facilities Management's 2012 balances are being shown as per the appropriate documents; however, 2008-2011 data is being presented as per previous statistical sections in Public Works. The actual inventory numbers still reside in Public Works data.
- (3) 2011 - Parks & Parkways --- increase due to updated data from Department.
- (4) 2011 - Reclass of CATC Buildings from 1 to 6 separate buildings and reclass of City Campus from 1 to 4 buildings and recognition that Gamex buildings were sold to UWM.
