**Statement from Dane County Clerk Scott McDonell and
Milwaukee County Clerk George Christenson**

Dane County Clerk Scott McDonell and Milwaukee County Clerk George Christenson issued the following statement today:

“As election officials in Wisconsin we are very glad to see that Attorney General Kaul is taking seriously the efforts to overthrow the legitimate votes of Wisconsin citizens in the 2020 Presidential election. The architects of the fake electors scheme should be brought to justice as a deterrent to any who may consider engaging in similar acts in the future. Attempting to engage in insurrection or coups are deeply un-American and should be prosecuted to the full extent of the law.”
