Milwaukee County Election Commission to Report Today's Special Election Results on its Website

The Milwaukee County Election Commission will report the results of today's Special Election for the 14th District Supervisory seat on its official [website](#). In keeping with past practice for non-countywide special elections, the Milwaukee County Courthouse will be closed except to election officials.

The polls close at 8:00 p.m. The final unofficial results of the race are expected to be posted on the Election Commission's [website](#) by 9:30 p.m.

This special election was called for by County Executive David Crowley. The only race on the ballot is a special election for County Board Supervisor, District 14.
