

Connecting Our Generations

Join us in bringing children and elders together in our community. Milwaukee County Division on Aging is partnering with Starns Early Childhood School and Serving Older Adults to foster intergenerational relationships. The goal is to engage both young and old, bridge the gap between generations and enable elders to share their wisdom and experience to nurture the young.

What is Involved

Each month there will be a themed intergenerational activity planned. During COVID these will be virtual activities through Google Meets. Volunteers from the senior centers will lead the monthly activity. Older adults are encouraged to join us. To learn more contact Vevette Hill-Nwagbaraocha at (414) 527-0990.

Dates in 2020-2021 School Year
