

# NUMBERED NOTICE

Number: **19-03**

Date: 09/10/2019

From: Dr. M Riccardo Colella, Medical Director      Section: EMS Division

To: All EMS Providers

Subject: Transition of EMS Medical Director

Purpose: Directive

After months of planning, my tenure at OEM will come to its end on September 29, 2019. It has been my honor and privilege to serve as your EMS System Medical Director.

**Dr. Benjamin Weston has been appointed by OEM as the new Milwaukee County EMS System Medical Director, effective September 1.**

The DHS Form "F-47470 CHANGE OF EMS MEDICAL DIRECTOR" has been completed. The OEM Standards of Care Manual will be updated with the name changes whenever new policies or clinical guidelines occur and at the next annual update.

Please ensure the following effective immediately:

- Document termination of resuscitation by standing order of OLMC physician #0034 (Dr. Weston's OLMC number) on your ePCR whenever a termination of resuscitation without online medical consultation decision is made as directed by the Standards of Care Manual-Practice Guidelines for Cardiac Arrest (Adult).
- Ensure that all medication and medical equipment ordering which requires a physician license and/or DEA number utilize Dr. Weston's information—this is provided to each Department's EMS Liaison.
- Ensure that all EMS Provider Local Credentialing Agreements required by the State of Wisconsin's Department of Health Services identify Dr. Benjamin Weston as the Medical Director and that these LCA's are routed to him for signature.

Unless other operational changes occur with the Department's EMS Operational Plan, there is no need to update the Plan with this change of Medical Director; the DHS Form accomplishes this.
