## Milwaukee County House of Correction 2019 PREA Annual Report

The Prison Rape Elimination Act (PREA) was established in 2003 to address the problems of sexual abuse and sexual harassment in the Correctional System. PREA is a Federal Law established to address the elimination, reduction and prevention of sexual assault and rape within our Correctional System.

The Milwaukee County House of Correction has a zero tolerance policy pertaining to all sexual misconduct, including sexual abuse and sexual harassment; and stated in the PREA policy there shall be no sexual activity between staff and Inmates/detainees, or between Incarcerated/detained persons. We are working continuously to implement new policies and procedures, PREA training requirements for staff and Inmates and developing standards for the detection, prevention and reduction of sexual misconduct; and to ensure that all sexual misconduct is reported and investigated accurately and completely.

It is the policy of the Milwaukee County House of Correction to respond and thoroughly investigate every allegation of sexual misconduct reported. All cases will have an ending result of:

Substantiated allegation: This means an allegation was investigated and determined to have occurred.

Unsubstantiated allegation: This means an allegation was investigated and the investigation produced insufficient evidence to make a final determination as to whether or not the event occurred.
