Subject: **Virtual Public Involvement Meeting**
Project ID 2545-13-00
West Hampton Avenue Bridge over Milwaukee River
Deck Overlay (P-40-0750)
Milwaukee County

Dear Resident of: «*Parcel Address*»

Milwaukee County Department of Transportation (MCDOT) is holding a Virtual Public Involvement Meeting for the proposed improvements at the West Hampton Avenue bridge over the Milwaukee River in the City of Glendale. As a precaution against COVID-19, MCDOT is changing the format of the Public Involvement Meeting. Rather than meeting in person, we are providing project information in this letter and are requesting public input via mail, email, or phone. This project information can also be obtained on MCDOT's website – <https://county.milwaukee.gov/EN/Department-of-Transportation/Transportation-Services/Public-Involvement-Meetings>.

The purpose of the meeting is to provide information on the proposed improvements, to obtain input that will assist the department in further development and refinement of the project, and to provide the public involvement documents for your review. A PowerPoint summary and comment sheet are attached.

The West Hampton Avenue bridge improvements are being proposed to address bridge deteriorations. Rehabilitation work will include bridge deck overlay, abutment repair, railing repair, and sidewalk repair. Construction of the project is scheduled for 2022.

We look forward to your participation in this meeting. Please forward your comments to me by **February 28, 2021**. If you have any questions about the project improvements, please contact me at andrea.weddle-henning@milwaukeecountywi.gov and (414) 257-5934, or Kurt Farrenkopf at kfarrenkopf@kapurinc.com and (414) 751-7226 to discuss this project further.

Sincerely,

Andrea J. Weddle-Henning, PE

Director of Transportation Engineering
