WISCONSIN VETERANS AND SURVIVING SPOUSES PROPERTY TAX CREDIT

Property Tax Credit for Veterans and Surviving Spouses

The Property Tax Credit is administered by the Wisconsin Department of Revenue and Certification of Eligibility for the program is administered by the Wisconsin Department of Veterans Affairs

Eligibility

Under s. 71.07(6e)¹ the Wisconsin Veterans and Surviving Spouses Property Tax Credit program provides a refundable property tax credit for the primary residence (instate) via the state income tax form for eligible veterans as certified by the Wisconsin Department of Veterans Affairs.

Eligible Veteran means a veteran who is verified by the Wisconsin Department of Veterans Affairs as meeting all of the following conditions:

- Served on active duty under honorable conditions in the U.S. armed forces or in forces incorporated in the U.S. armed forces.
- Was a resident of Wisconsin at the time of entry into active service or had been a resident of Wisconsin for any consecutive 5-year period after entry into that service.
- Is currently a resident of Wisconsin for purposes of receiving veterans' benefits under ch. 45, Wis. Stats.

- Has either **(1)** a service-connected disability rating of 100% under 38 USC 1114 or 1134, or **(2)** a service-connected disability rating of either 60% under 38 USC 1114 or 1134 or two or more service-connected disability conditions where one condition has at least 40% schedular rating and the combined schedular rating for all conditions is at least 70%, and has an administrative adjustment added to the veterans service-connected disability, due to individual unemployability, such that the federal Department of Veterans Affairs rates the veteran 100% disabled.

Eligible unremarried surviving spouse means an unremarried surviving spouse of one of the following, as verified by the department of veterans affairs:

- An individual who served on active duty under honorable conditions in the U.S. armed forces or in forces incorporated in the U.S. armed forces; who was a resident of Wisconsin at the time of entry into active service or who had been a resident of Wisconsin for any consecutive 5-year period after entry into active duty service; and who, while a resident of Wisconsin, died while on active duty.
- The veteran had either **(1)** a service-connected disability rating of 100% under 38 USC 1114 or 1134, or **(2)** a service-connected disability rating of either 60% under 38 USC 1114 or 1134 or two or more service-connected disability conditions where one condition has at least 40% schedular rating and the combined schedular rating for all conditions is at least 70%, and has an administrative adjustment added to the veterans service-connected disability, due to individual

unemployability, such that the federal Department of Veterans Affairs rates the veteran 100% disabled.

- An individual who died in the line of duty while on active or inactive duty for training purposes as a member of the national guard or a reserve component of the U.S. armed forces and who was a resident of this state at the time of entry into that service or who had been a resident of Wisconsin for any consecutive 5-year period after entry into that service.

An Eligible spouse means the spouse of an eligible veteran who files a separate return.

New Criteria Examples (Beginning January 1, 2009 for property taxes paid in 2009)

Example 1: Veteran A has three service-connected disability conditions, with an 80% schedular rating, a 60% schedular rating, and a 40% schedular rating. The VA has awarded the veteran a combined schedular rating of 100% for the three service-connected disabilities, based on the VA schedule for rating disabilities. Veteran A meets the other eligibility requirements for the Property Tax Credit. Veteran A qualifies for the credit.

Example 2: Veteran B has three service-connected disability conditions, with a 60% schedular rating, a 30% schedular rating, and a 20% schedular rating. The VA has awarded the veteran combined schedular rating of 80% for the three service-connected disabilities. Notwithstanding the 80% combined schedular rating, Veteran B is granted an administrative adjustment due to individual unemployability and is paid the 100% compensation rate for his service-connected

disabilities. Veteran B meets the other eligibility requirements for the Property Tax Credit. **Beginning January 1, 2009**; because the underlying combined schedular rating is over 70%, Veteran B now qualifies for the credit despite being paid at 100% compensation rate for individual unemployability.

Old Criteria

(Law prior to January 1, 2009)

Eligible Veteran. An “eligible veteran” means an individual who is at least 65 years of age and who is verified by the Wisconsin Department of Veterans Affairs as meeting **all** of the following conditions:

- Served on active duty under honorable conditions in the U.S. armed forces or in forces incorporated in the U.S. armed forces.
- Was a resident of Wisconsin at the time of entry into active service.
- Is currently a resident of Wisconsin for purposes of receiving veterans benefits under ch. 45, Wis. Stats.
- Has a basic service-connected disability rating of 100% under 38 USC 1114 or 1134.

Example 1: Veteran A has three service-connected disability conditions, with an 80% schedular rating, a 60% schedular rating, and 40% schedular rating. The VA has awarded the veteran a combined schedular rating of 100% for the three service-connected disabilities, based on the VA schedule for rating disabilities. Veteran A is 65 years or older. Veteran A meets the other eligibility requirements for the Property Tax Credit. Veteran A qualifies for the credit.

Example 2: Veteran B has three service-connected disability conditions, with a 60% schedular rating, a 30% schedular rating, and

a 20% schedular rating. The VA has awarded the veteran a combined schedular rating of 80% for the three service-connected disabilities. Notwithstanding the 80% combined schedular rating, Veteran B is granted an administrative adjustment due to individual unemployability and is paid the 100% compensation rate for his service-connected disabilities. Veteran B meets the other eligibility requirements for the Property Tax Credit. However, because the underlying combined schedular rating is 80%, Veteran B does not qualify for the credit despite being paid at 100% compensation rate for individual unemployability.

Acceptable Proof of 5 Years of Residency

Note: If you entered active duty service (as defined under title 10 USC) while a resident of the state of Wisconsin, ignore this section.

Effective for taxable years beginning on or after January 1, 2009, applicants who seek certification based on being a Wisconsin resident for any consecutive 5-year period must satisfy a two-step process. **Step 1**, for any consecutive 5-year period following entry into active duty, the veteran or surviving spouse will need to provide evidence of "an

affirmative act to establish Wisconsin resident status.

Step 2 is providing additional proof of "maintaining 5 years continuous residency." Items that satisfy these requirements are outlined below and are not all inclusive. Documentation satisfying each step must be provided to process your request for certification.

Step 1 — Evidence of an Affirmative Act to Establish Wisconsin Residency Status

Examples of documents that can be submitted to prove this are:

- income tax records
- voting records
- driver's license
- resident hunting or fishing license, or,
- similar recognition of resident status by a unit of Wisconsin state, county, or municipal government.

Step 2 — Proof of 5 Years Continuous Residency

The second step in the process is proof of 5 years continuous Wisconsin residency. In addition to the items mentioned above, examples of proof that can be submitted to satisfy **Step 2** are:

- two notarized affidavits from non-family members
- employer or landlord statements on letterhead indicating period of residence at Wisconsin address.

Note: Affidavits, landlord, or employer statements must cover the 5-year period immediately subsequent to the affirmative act provided in Step 1.

WDVA may require proof of residency or verification of any other statement from any individual submitting an affidavit on your behalf;

- OR -

Similar recognition of resident status by a unit of Wisconsin state, county, or municipal government.

You may submit these forms and your award letter directly to:

Wisconsin Dept. of Veterans Affairs
30 W. Mifflin St.
P.O. Box 7843
Madison, WI 53707-7843.

Unless there has been a change in your status, you only need to request verification of your eligibility the first year you file for the Veterans and Surviving Spouses Property Tax Credit.

If you qualify, the Wisconsin Department of Veterans Affairs will then send you a certification of your eligibility.

If you are certified to be eligible by the Wisconsin Department of Veterans Affairs, attach a photocopy of your property tax bill showing the amount paid during the year and a photocopy of the certification received from the Wisconsin Department of Veterans Affairs to your Wisconsin income tax return. (Unless there has been a change in your status, you may use a copy of the same verification in succeeding years.) Even if you owe no income tax, you must still file a Wisconsin income tax return in order to receive a refund of the property tax credit.

If you owe no income taxes, then the full amount of the property taxes paid will be refunded to you. If you have an income tax liability, the full amount of the property taxes paid, minus the amount of income tax due, will be refunded to you.

If you are determined to be ineligible for certification for the tax credit, the Wisconsin Department of Veterans Affairs will inform you as to why you are unable to be certified and will provide you with your rights to appeal the determination.

Computing the Credit

The credit is equal to the property taxes paid during the year on the veteran's or unremarried surviving spouse's principal dwelling in Wisconsin. The credit is based on real property taxes, exclusive of special assessments, delinquent interest, and charges for service. Property taxes that constitute a trade or business expense may not be included.

If the principal dwelling is sold during the taxable year, the property taxes for the seller and buyer shall be the amount of the tax prorated to each in the closing agreement pertaining to the sale. If not provided for in the closing agreement, the tax shall be prorated between the seller and buyer in proportion to months of ownership. "Principal dwelling" means any dwelling and the land surrounding it that is reasonably necessary for use of the dwelling as a primary dwelling. It may include a part of a multi-dwelling or multi-purpose building and a part of the land upon which it is built that is used as the primary dwelling.

"Property taxes" includes monthly parking permit fees in respect to a principal dwelling collected under s. 66.0435(3)(c).²

The credit must be claimed within 4 years of the unextended due date of the return.
